<https://omegadistrict.org/programs/transportation/rtip/>

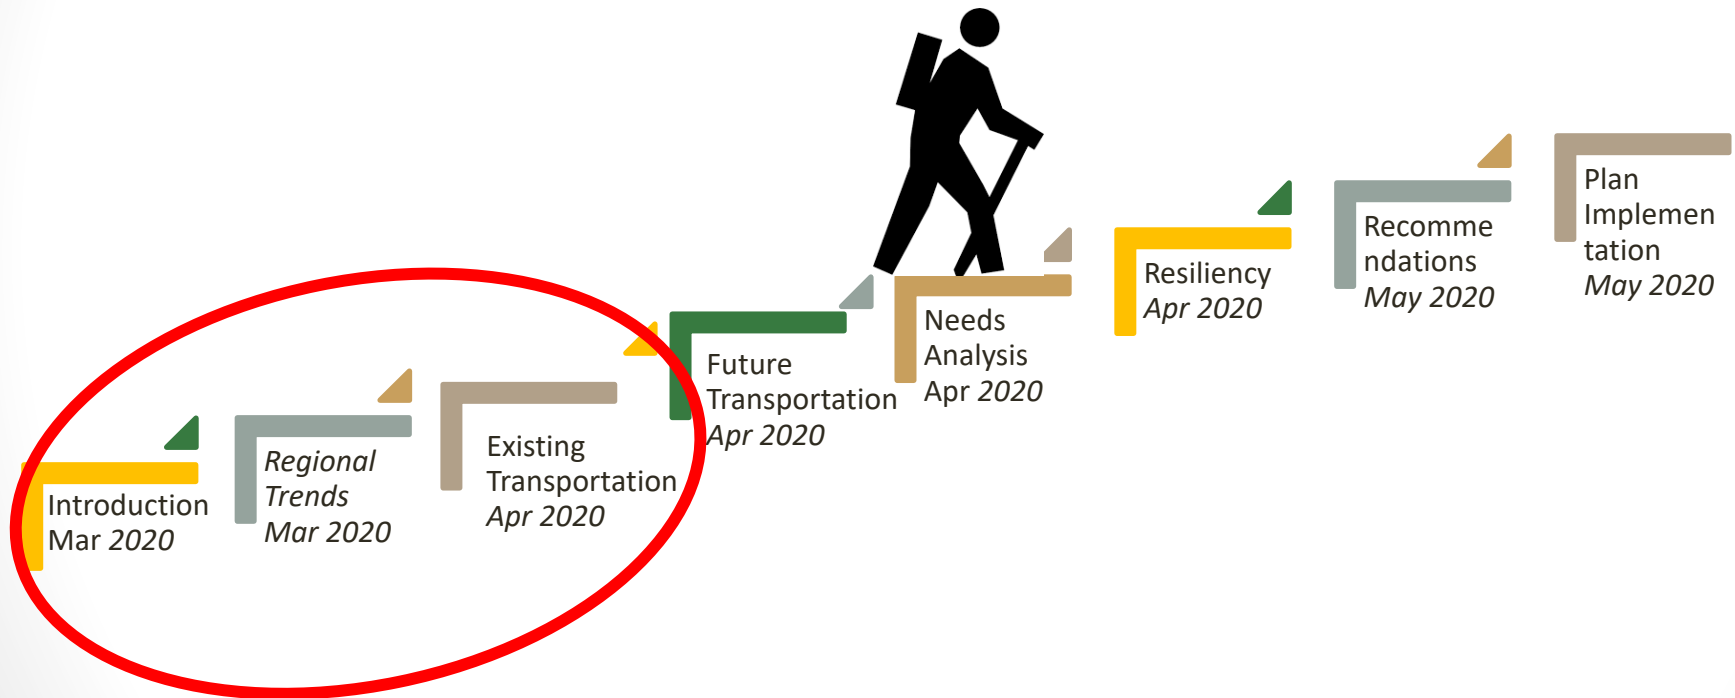

FY 2021 Work Plan Review

Key Work Activities:

- Work with a consultant to develop Regional Safety Plan
- Recalibrate Tri-County Active Transportation Plan
- Create Executive Summary of Long-Range Plan
- Develop interactive web-based maps for transportation projects

Long-Range Transportation Plan

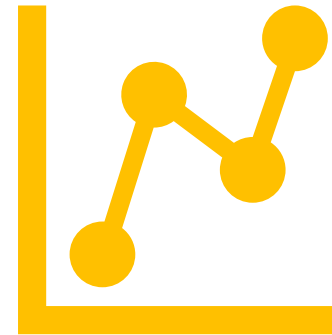

Section 1 – Plan Purpose

- Goals & Objectives
 - Preserve Regional Assets to Support Local Economies
 - Increase the Safety of Regional Infrastructure
 - Facilitate Economic & Community Development
 - Develop & Maintain Regional Resiliency

Section 2 – Regional Trends

- Tepid population growth
- Income levels increasing slowly
- Solo driving is main commuting mode
- Topography is not always our friend
 - Land for development
 - Flooding/landslide risks

Section 3 – Existing Transportation System

- Several routes with a Level of Service of D, E, or F
- Traffic volumes are in line with other rural areas
- Truck traffic is significant in areas
- Bridges are aging throughout the region
- Fixed Object = **28%** of all crashes
- Active Transportation has grown in last 5 years
- Rail and Maritime modes are becoming increasingly important in the region

Consultant-led Projects

- Approximately \$28,000 will be available
- Options for RFQ
 - Fund one project completely, partially fund another
 - Fund both projects partially

Consultant-led Projects

- Potential Projects:
- Traffic Impact/Safety Study on Tusky Valley Road (CR 106)
 - Submitted by Tuscarawas County Engineer's Office
 - District is consolidating onto one campus
 - Total Project Cost \$15,000
- Hazard Identification – Trees in ROW
 - Submitted by Holmes County Engineer's Office
 - Trees in ROW were identified as a hazard in countywide safety action plan
 - Total Project Cost: \$49,000
