# OHIO MID-EASTERN GOVERNMENTS ASSOCIATION Regional Transportation Improvement Program (RTIP) SFY 2024 – 2027

## 1 - Introduction

### RTPO Overview

The Ohio Mid-Eastern Governments Association (OMEGA) is organized as a Council of Governments pursuant to Section 167 of the Ohio Revised Code and is designated by the Appalachian Regional Commission as a Local Development District and by the US Department of Commerce, Economic Development Administration, as an Economic Development District.

OMEGA's mission is to "provide a pathway to enhance community and economic growth in our region." OMEGA is organized as a collaborative body of member governments that serves as a facilitator between state and federal government agencies and local entities to provide opportunities in economic and community development through networking, education, planning, research, and allocation of resources.

On January 27, 2016, Governor John Kasich, pursuant to United States Code, Title 23, Section 135 (m), officially designated OMEGA as an Ohio Regional Transportation Planning Organization (RTPO). The OMEGA RTPO includes Carroll, Columbiana, Coshocton, Guernsey, Harrison, Holmes, Muskingum, and Tuscarawas Counties. Transportation planning activities for Jefferson and Belmont counties are handled by the Metropolitan Planning Organizations (MPOs) of Brooke-Hancock-Jefferson Metropolitan Planning Commission (BHJ) and the Belomar Regional Council, respectively.

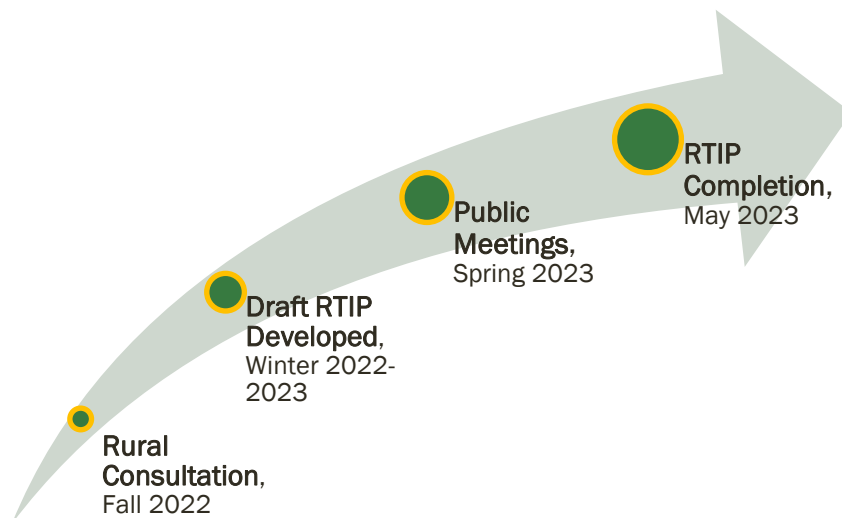

A regional voice and planning organization is needed to address the major transportation needs that will facilitate economic and community development, address safety and congestion issues, and improve the quality of life for the region. In June 2020, OMEGA completed a comprehensive Regional Transportation Plan for the region. This plan focused on the transportation assets of the region, goals and objectives, and recommendations for meeting the transportation needs of the region. This plan addressed all modes of transportation: roads, bridges, bicycle/pedestrian, air, rail, waterways, and ports. Following the development of this plan, OMEGA focused on participation in local, regional, and state-wide transportation planning activities; providing technical assistance (traffic counts, transportation grant writing, GIS mapping, implementation of RTPO Capital Allocation Program, safety analyses, and transportation database management); and working with communities in the region to advance transportation projects.

## RTIP Overview

The RTIP is a comprehensive and financially constrained listing of regional transportation projects and services that are scheduled for some phase of implementation within the four-year Statewide Transportation Improvement Program (STIP) period. The projects identified in the RTIP were selected through a continuing, cooperative, planning effort between OMEGA, the State of Ohio, and local entities, and are in alignment with the goals of the current OMEGA transportation plan, the 2020-2045 Regional Transportation & Development Plan. The projects have funding commitments from a variety of federal, state, and local sources. The program of projects maintains a balance of local and regional needs and includes projects from all modes of transportation including highways, public transportation or transit, bicycles, and pedestrians.

The development of the RTIP is the responsibility of OMEGA, which is the designated RTPO for Carroll, Columbiana, Coshocton, Guernsey, Harrison, Holmes, Muskingum, and Tuscarawas counties. The RTIP is developed on a biennial basis in conjunction with the development of the Statewide Transportation Improvement Program. OMEGA coordinates with Ohio Department of Transportation (ODOT) and the neighboring MPOs and RTPOs (for projects that overlap boundaries) to provide a comprehensive RTIP document that is made available for public comment during the STIP/RTIP Public Involvement Period. Public comments are addressed and coordinated within the RTIP. Once the RTIP is adopted by the OMEGA Executive Board, it is then submitted for consideration to ODOT for inclusion by reference in Ohio's STIP.

OMEGA is also including a list of projects that have been identified by its stakeholders as priority projects that will meet the transportation needs of the region. These projects are currently unfunded but should funding become available can be reasonably expected to begin construction between 2024 and 2027. Several projects previously identified by OMEGA stakeholders have now been funded and are included on the state's list of transportation projects.

### Consistency with the Long-Range Transportation Plan

OMEGA completed its long-range transportation plan (LRTP) titled 2020-2045 Regional Transportation & Development Plan in 2020. These long-range plans are federally required to cover a minimum 20-year time horizon and must analyze all transportation needs over that time, including roadway, bridge, transit, and non-motorized modes of travel.

The goals, objectives and/or strategies stated in the long-range transportation plan establish OMEGA’s overall approach to the prioritization of transportation projects and investments. These goals and their descriptions are included below in **Table 1-1**.

OMEGA LRTP Goals & Objectives		
Goal	Objective	Description
1	Preserve Regional Assets to Support Local Economies	The preservation of regional assets is vital to the long-term viability of the region. With a resurgent economy in the region, these assets will play an ever-increasingly important role in facilitating the movement of goods, people, services, and resources safely and efficiently.
2	Increase the Safety of Regional Infrastructure	Safety is an integral part of all networks that serve the OMEGA region. Transportation safety endeavors will be aligned with ODOT’s new and existing efforts to make the regional network safer for all users.
3	Facilitate Economic & Community Development	Facilitating economic and community development is the bedrock of OMEGA’s existence as an LDD and EDD. With the addition of the RTPO, these efforts will utilize tools in creating opportunities for new businesses to move into the region or to allow existing businesses to expand.
4	Develop & Maintain Regional Resiliency	Resiliency is fundamental for the continued growth and success of the OMEGA region. OMEGA will work with communities to incorporate resiliency in economic, community, and transportation planning projects. To mitigate adverse impacts, OMEGA will help communities plan for and/or mitigate economic downturns, extreme weather events, and other factors that impact the region

**Table 1-1**

### Glossary of Terms and Acronyms

A glossary of terms and acronyms is available in **Appendix D**.

## 2 - Performance Based Planning & Programming

### Introduction to Transportation Performance Management

FHWA and FTA have developed a series of performance measures that every state must monitor to determine how effectively their transportation investments are advancing the national performance goals. A list of the national goal areas and associated performance measures is shown below. Statewide transportation targets have been established for each of these performance metrics. The targets were established by a coordinated effort between ODOT, MPOs, and RTPOs.

As an RTPO, OMEGA was not required to adopt or set benchmarks for these performance measures, and instead chose to support statewide efforts. Therefore, in March 2023, the OMEGA Executive Board, upon the recommendation of the Transportation Advisory Committee, adopted a resolution supporting the statewide targets for Transportation Performance Management.

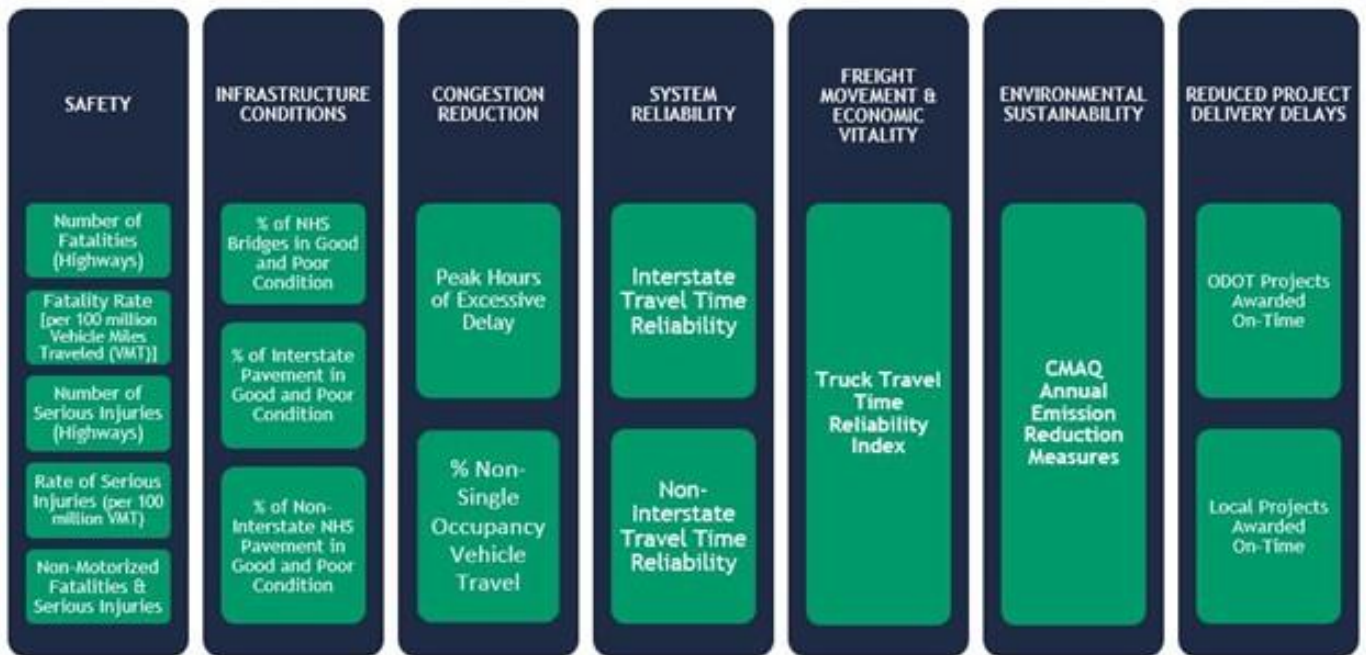

Figure 2-1 – National Transportation Goal Areas & Performance Measures *Source: ODOT*

Please refer to [ODOT's Transportation System Performance Report](#) for more information.

### OMEGA's Federal Transportation Performance Measures

The following is a list of the federally required transportation measures applicable to the OMEGA region (see 23 CFR 490). OMEGA works with ODOT and other local transportation partners to ensure regional transportation projects are selected to effectively address transportation performance measures.

## PM 1: Safety Performance Measures

Federal Rule 23 CFR 490.207 requires states to establish five safety performance measures and set targets for those measures to demonstrate fatal and serious injury reductions on all public roads. The figure below shows the safety performance measures, baselines, and targets. These statewide performance measures are evaluated on a 5-year rolling average and based on 2020 performance. OMEGA, as an agency, has chosen to support the statewide target.

- Number of Fatalities (highways)
  - Baseline: 1,152.2
  - Target: <1,106 (2% annual reduction)
- Fatality Rate (per 100 million vehicle miles traveled (VMT))
  - Baseline: 1.015
  - Target: < 0.97
- Number of Serious Injuries (highways)
  - Baseline: 8,863.4
  - Target: < 7,744
- Rate of Serious Injuries (per 100 million VMT)
  - Baseline: 7.06
  - Target: < 6.78
- Non-Motorized Fatalities & Serious Injuries
  - Baseline: 840.4
  - Target: < 808

The table below shows the total projects and amount of money that is being invested to improve the safety of the OMEGA transportation system.

Total Safety Projects	Total Safety \$ (Millions)	Projects with HSIP \$	HSIP \$ (Millions)
478	\$29.9 M	10	\$6.9 M

Table 2-1 – Safety Projects in OMEGA Region

## PM 2: Infrastructure Condition Measures

23 CFR 490.307 and 23 CFR 490.407 establish performance measures to evaluate the condition of Ohio’s National Highway System (NHS) pavements and bridges. A bridge is defined by the federal government as a structure including supports erected over a depression or an obstruction, such as water, highway, or railway, and having a track or passageway for carrying traffic or other moving loads, and having an opening measured along the center of the roadway of more than 20 feet between under copings of abutments or spring lines of arches, or extreme ends of openings for multiple boxes; it includes multiple pipes, where the clear distance between openings is less than half of the smaller contiguous opening (23 CFR 650.305). The table below shows these performance measures along with their baselines, 2-year targets, and 4-year targets.

Road Type	Number of Projects	Lane Miles Improved	Construction \$ (Millions)
Interstate	8	204	\$56.0 M
Non-Interstate NHS	16	226	\$97.6 M

Projects that have construction contract funds assigned to specifically to improving pavement condition of interstate or Non-Interstate NHS segments.

**Table 2-2 – ODOT Infrastructure Condition (Pavement) Measures**

Number of Projects	Bridges Improved	Construction \$ (Millions)
9	17	\$10.2 M

Projects that have construction contract funds assigned to specifically improve bridges on the NHS system.

**Table 2-3 – ODOT Infrastructure Condition (Bridge) Measures**

**PM 3: Travel Time Reliability<sup>1</sup>**

23 CFR 490.507 and 23 CFR 490.607 established the performance measures for the Level of Travel Time Reliability on Ohio’s NHS system. The table below shows these performance measures along with their baselines, 2-year targets, and 4-year targets.

Road Type	Number of Projects	Construction \$ (Millions) <sup>2</sup>
Interstate	0	N/A
Non-Interstate NHS	0	N/A

<sup>1</sup> Projects that have one of the following primary project purposes (Bridge Expansion, Intersection Expansion, Interchange Expansion, New Roadway, Add Through Lane(s), Rail Grade Separation, Transport System Mgmt. and Ops) or Projects that have funding with one of the following federal improvement codes (New Construction, Reconstruction -Added Capacity, Bridge - New Construction, Bridge Replacement - Added Capacity, Rail/ Highway Crossing).

<sup>2</sup> Total project cost for projects meeting criteria 1a above or sum of funding with federal improvement code listed in 1b above.

**Table 2-4 – ODOT Travel Time Reliability Performance Measures**

*\*Congestion and air quality measures are not applicable to the OMEGA region.*

**Transit Asset Management (TAM)**

ODOT has set the following performance targets and measures for facilities, equipment, and revenue vehicles.

Total Non-SOV Projects	Total Non-SOV \$ (Millions)	Non-SOV Projects with CMAQ \$	Non-SOV CMAQ \$ (Millions)
16	\$18.2 M	0	\$. M

**Table 2-5 – Projects Improving Non-Single Occupancy Vehicle (SOV) Travel (Transit)**

### Transit Safety Performance:

- Total # of Safety Events: 15
- Safety Event Rate per Vehicle Revenue Miles: <.01%
- Total # of Fatalities = 0
- Total # of Injuries = 0
- System Reliability = 98.6%

## 3 - Air Quality Conformity

According to the US EPA's "Green Book", there are no counties within the OMEGA RTPO with a designated status of "Non-Attainment" or "Maintenance" areas for one of the criteria pollutants. Therefore, an air quality conformity analysis is not required.

## 4 - Environmental Justice Analysis

Environmental Justice (EJ) requirements were established by Executive Order 12898, "Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations". EJ requires all federally funded agencies, including OMEGA, to identify and address disproportionately high and adverse human health or environmental effects of their actions on minority and low-income populations, to the greatest extent practicable and permitted by law. Agencies must also develop strategies to address any disproportionate and adverse impacts that are brought to light.

There are three fundamental environmental justice principles:

1. Avoid, minimize, or mitigate disproportionately high and adverse human health and environmental effects, including social and economic effects, on minority populations and low-income populations.
2. Ensure the full and fair participation of all potentially affected communities in the transportation decision-making process.
3. Prevent denial of, reduction in, or significant delay in the receipt of benefits by minority and low-income populations.

OMEGA utilizes a four-step process for the analysis in our Transportation Improvement Program. This process is applied to all transportation related projects in OMEGA's RTIP, including those on roads, bridges, pedestrian and bicycle infrastructure, and public transit.

OMEGA has adopted the following strategies to integrate EJ into the agency's transportation planning activities:

- Public Outreach & Engagement
- Development of the Regional Demographic Profile
- Consideration of Environmental Effects
- Technical Analysis of Planned and Programmed Projects

For additional information, please refer to OMEGA's current [Title VI/Public Participation Plan](#), also found in **Appendices B & C**. OMEGA has a preliminary Environmental Justice policy contained within the Title VI/Public Participation Plan, but will develop a full policy in SFY 2024.

### Public Outreach & Inclusion

To ensure that the OMEGA region’s transportation disadvantaged populations have a voice in the planning process, OMEGA conducts the following outreach activities to engage the region’s minority and low-income populations:

- County-specific public involvement meetings
- OMEGA’s Transportation Advisory Committee meetings
- Livestreamed public meetings via Facebook Live and YouTube Live.
  - Recordings/videos are close captioned for the hearing impaired.
  - Comments left on any social media platform are captured throughout the public participation period and responded to.
- Documents and meeting presentations can be made available in languages other than English upon request.

### Environmental Justice Analysis

The following analysis demonstrates the anticipated impact of the projects programmed within the SFY 2024-2027 RTIP on the OMEGA region’s minority and low-income populations.

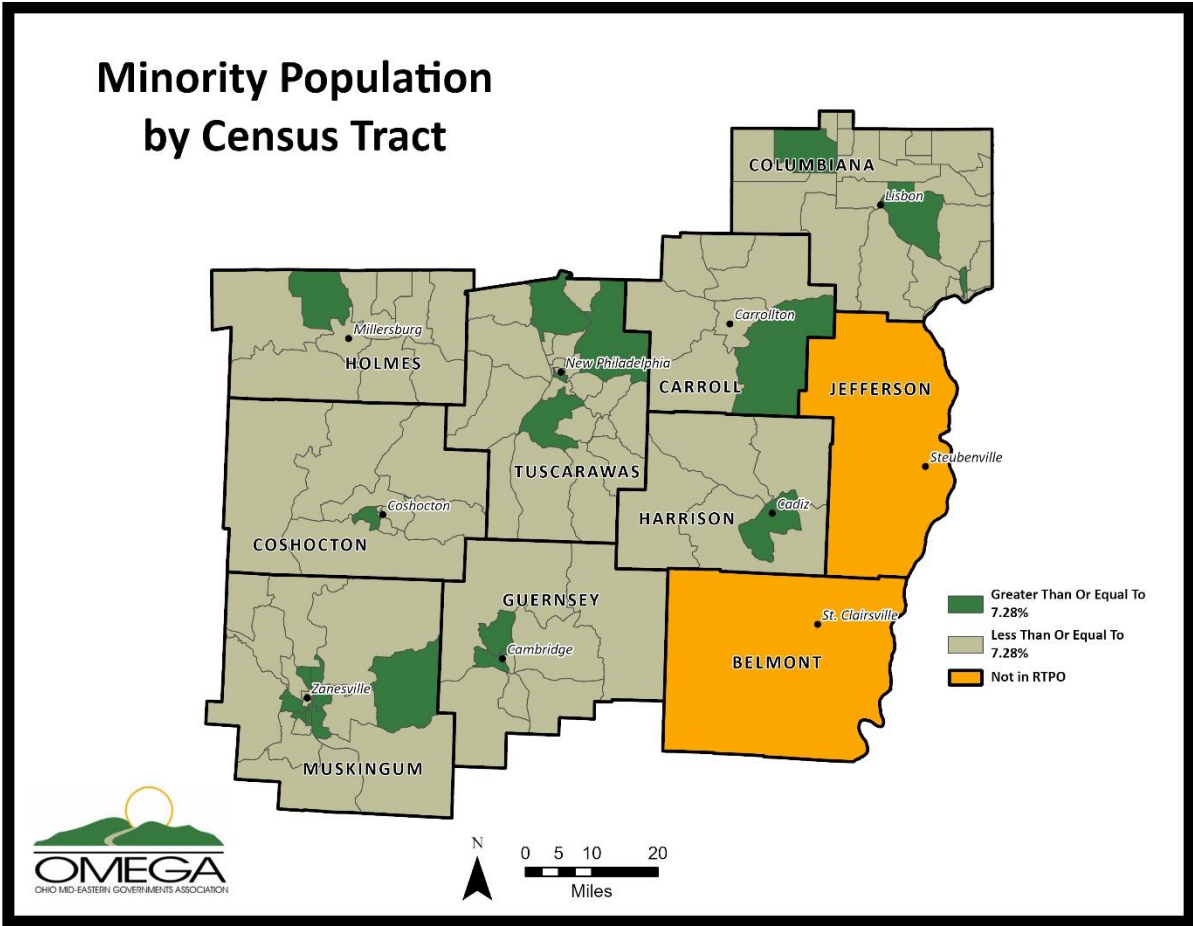

County	Median Household Income	Average % Minority Population
Belmont*	\$51,310	8.2%
Carroll	\$54,212	4.3%
Columbiana	\$49,070	8.5%
Coshocton	\$47,690	4.6%
Guernsey	\$46,715	6.5%
Harrison	\$49,352	4.7%
Holmes	\$69,898	2.8%
Jefferson*	\$45,859	10.7%
Muskingum	\$47,811	10.4%
Tuscarawas	\$54,844	6.9%

\*counties not in RTPO

**Table 4-1**

Based on data from the American Community Survey 5-Year Estimates 2016 - 2020 (ACS), OMEGA focused on two population groups: minority and low-income residents to complete the Environmental Justice assessment. The profile summarizes the data for both population groups by U.S. Census Tract. The U.S. Census Bureau defines a census tract as "a geographic region defined for the purpose of taking a census." Usually these coincide with the limits of cities, towns, and other administrative areas within a county. To be consistent with other planning activities, all ten OMEGA counties were used to analyze minority populations and income levels. There are 156 census tracts in the ten-county OMEGA region.

Although minorities and persons in poverty live throughout the OMEGA region, many are concentrated in specific locations and neighborhoods in or near municipal areas. A person is counted as a member of a minority group if he or she claimed any of the following: Black, American Indian or Alaskan Native, Asian, Native Hawaiian or Other Pacific Islander, or Hispanic. Based on data from the 2016 - 2020 ACS, minorities comprise 7.28% of the average population within OMEGA census tracts. Therefore, any census tract with a percentage above 7.28% was considered to have a regionally significant concentration of minority populations, see **Figure 4-1**.

**Figure 4-1**

A similar approach was taken to establish regionally significant concentrations of populations with low income. Based on data used in the 2016 - 2020 ACS the average Median Household Income (MHI) within OMEGA census tracts was \$50,959. Therefore, any census tract with an MHI below \$50,959 was considered to have a regionally significant concentration of low-income residents, see **Figure 4-2**.

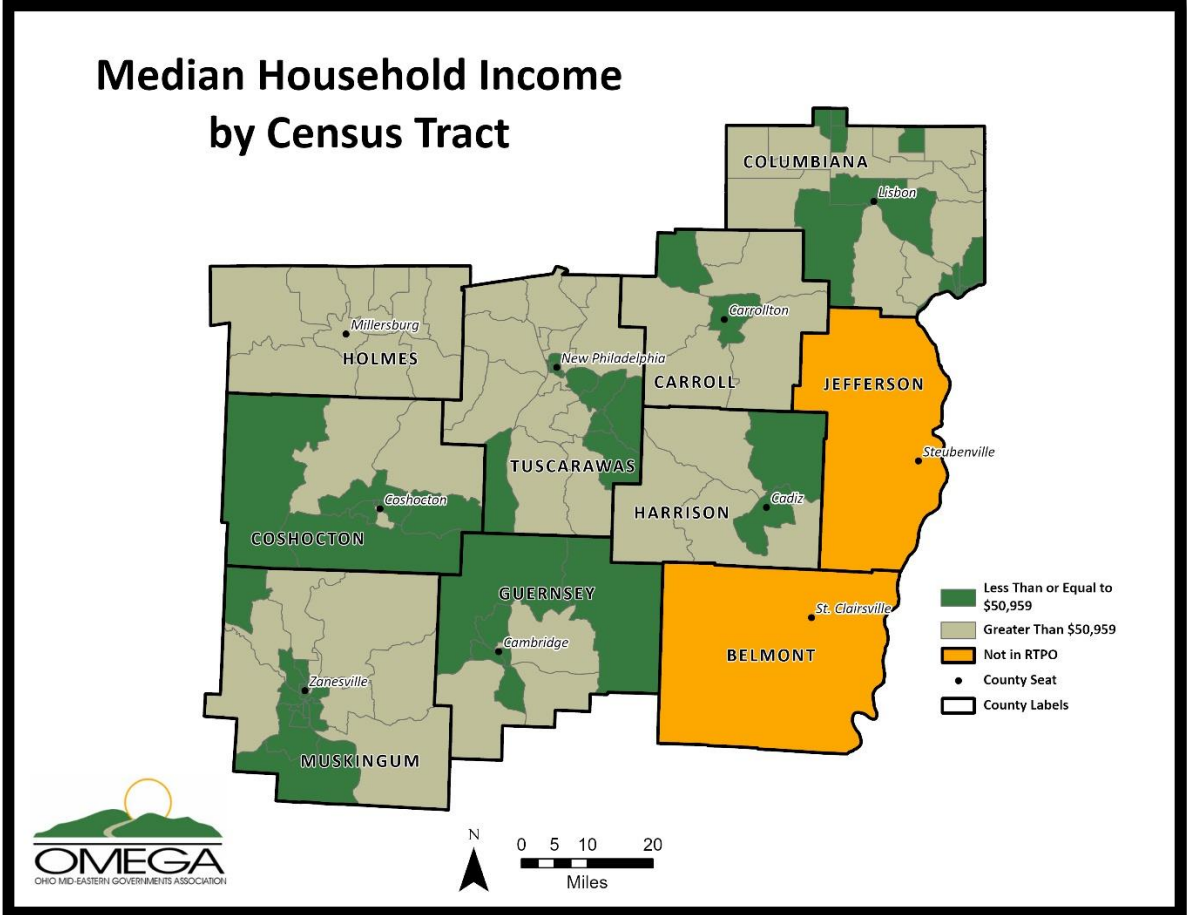

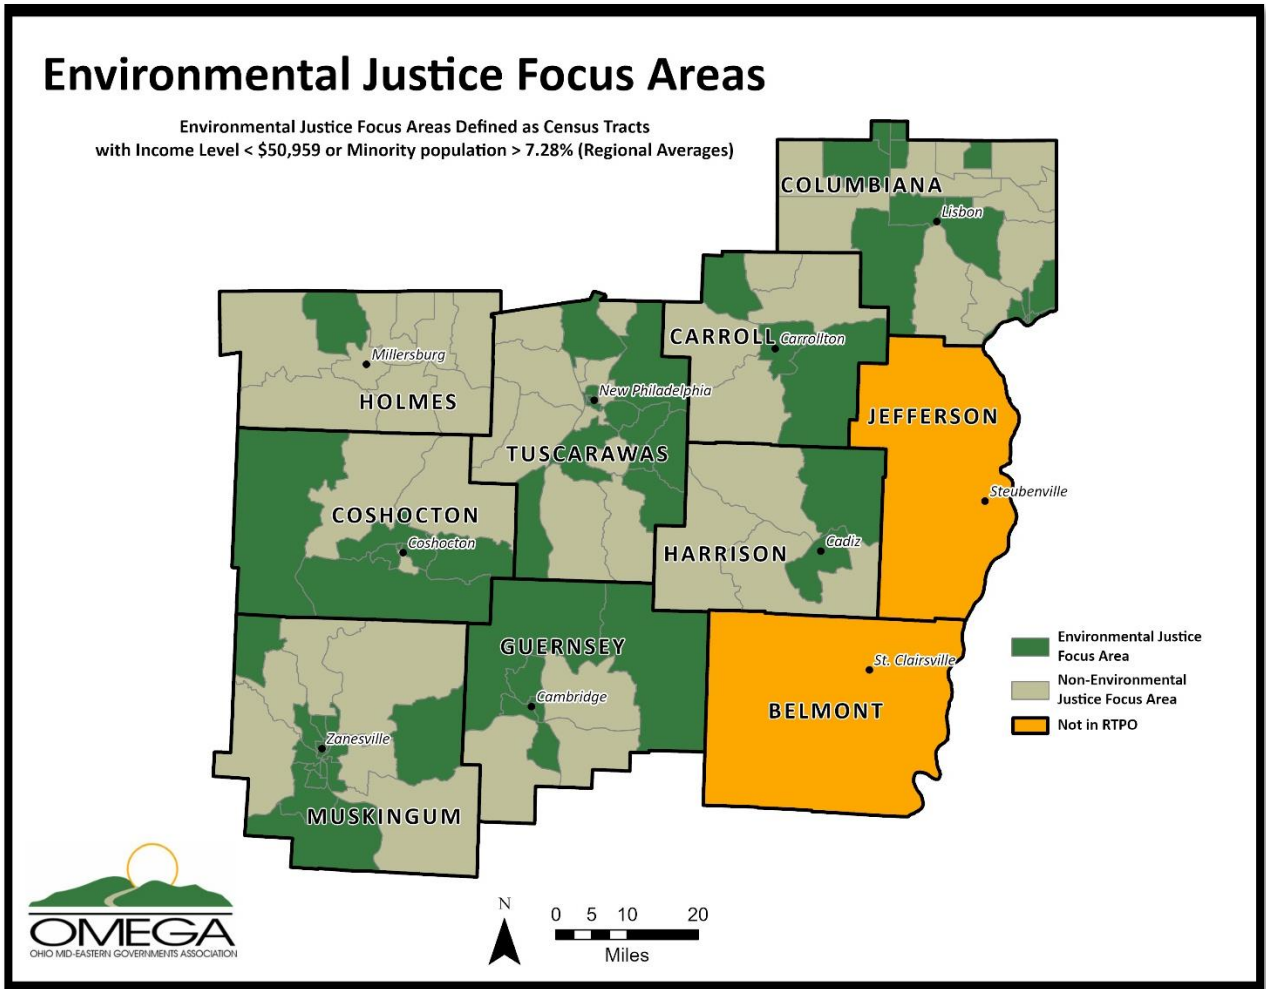

Figure 4-2

Finally, GIS analysis was used to determine which census tracts had either higher-than-average minority or higher-than-average low-income populations. These tracts were then identified as Environmental Justice populations within the OMEGA region. Ninety-two census tracts in the OMEGA region were considered to have either higher-than-average minority or higher-than-average low-income populations. This represents 59% of the 156 census tracts within the OMEGA region, see **Figure 4-3**. Of the 92 tracts, 36 of them fell into both categories.

**Figure 4-3**

### Environmental Effects

To comply with Executive Order 12898, a list of project control variables was established to qualitatively evaluate the environmental effects of projects that are in minority or low-income areas. The variables considered were:

- Safety
- Local Economy
- Congestion
- Residents
- Aesthetics
- Accessibility
- Natural Environment

### Analysis of Environmental Effects on OMEGA Projects

During the project review process, a project’s location was mapped to identify if the project would affect an Environmental Justice population. Projects not located within an Environmental Justice population were exempt from further analysis and marked as “N/A.” Projects that were located within an Environmental Justice population area were then subject to further review by the control variables listed above.

Projects contained within Environmental Justice areas were not found to have adverse effects to the local populations, as these projects were not creating/expanding capacity and generally were found to be beneficial to the area due to increased safety, enhanced aesthetics, and/or connectivity for non-motorized users of the transportation system. As shown in **Figure 4-4**, projects were overlaid on an Environmental Justice map prior to analysis.

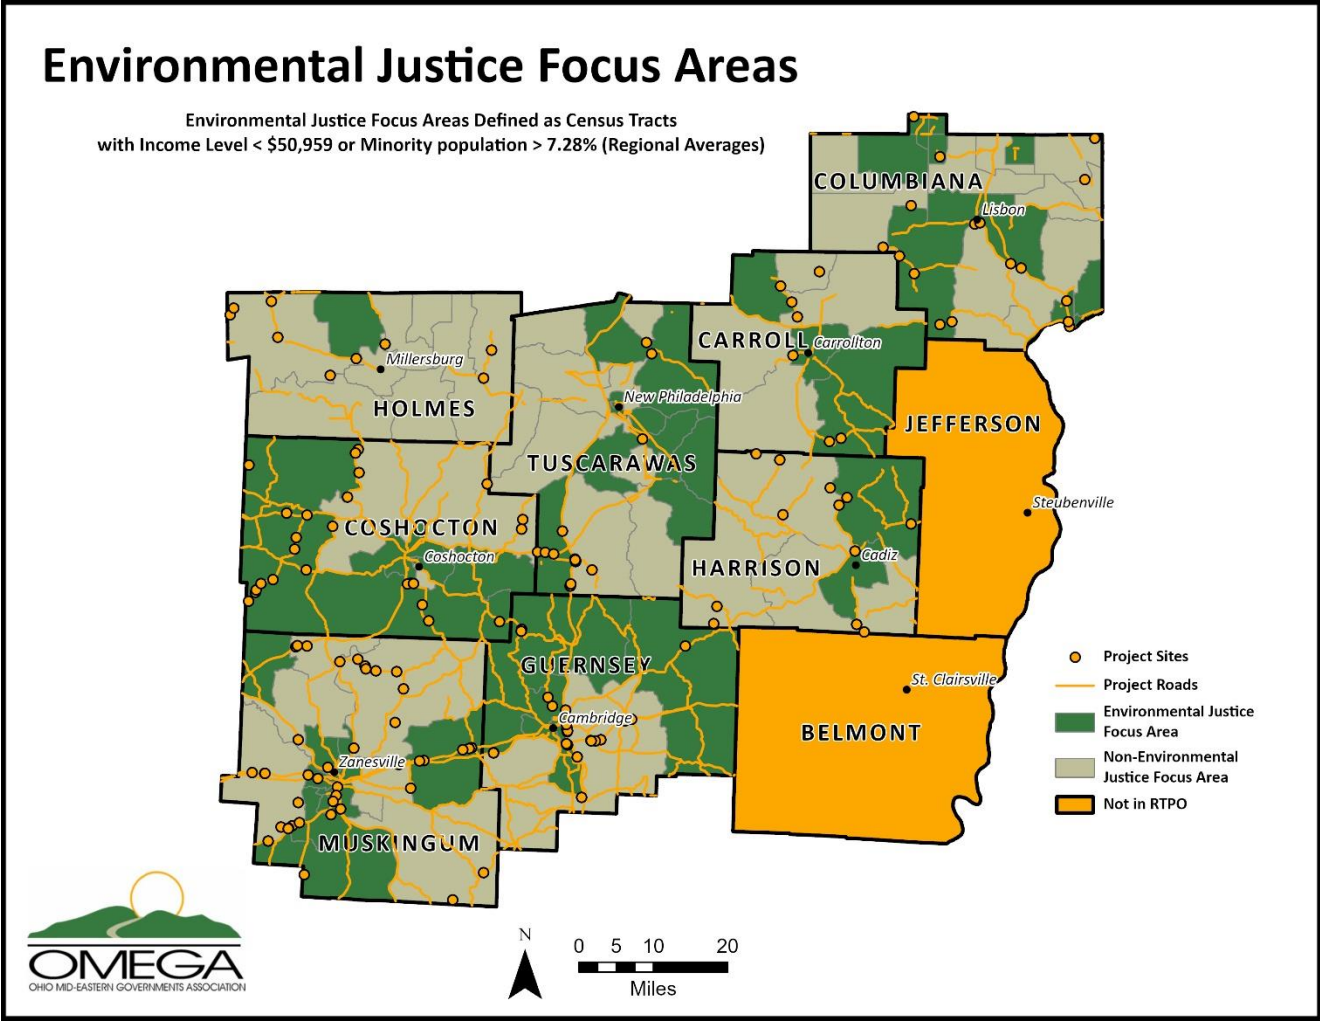

Figure 4-4

## 5 - Title VI & ADA Compliance

### Title VI

OMEGA acknowledges the importance of ensuring that everyone has the opportunity to be involved in the region's transportation planning process, regardless of their background or abilities. Title VI of the Civil Rights Act of 1964 states that "No person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance". As a recipient of federal funding and as required by Title VI, OMEGA has adopted the following non-discrimination policy:

*OMEGA does not tolerate discrimination in any of its programs, services, or activities, and will not discriminate against anyone on the basis of race, color, national origin, gender, age, disability, religion, income, sexual orientation, gender identity, or family status.*

Any person who believes that he or she has been excluded from participation in or has been denied the benefits or services of any program administered by OMEGA, on the basis of race, color, national origin, gender, age, disability or income status may file a complaint of discrimination under Title VI, other non-discrimination statutes, and executive orders. A complaint may be filed directly with OMEGA, the Ohio Department of Transportation, the Federal Highway Administration (FHWA) or the Federal Transit Administration (FTA). Please contact Jeannette Wierzbicki, P.E. at 740-439-4471, ext. 204 or [jeannettew@omegadistrict.org](mailto:jeannettew@omegadistrict.org) to file a complaint or if you have any questions. You may also refer to the OMEGA Title VI Plan at [www.omegadistrict.org](http://www.omegadistrict.org) for additional information and any related forms and procedures.

Throughout the SFY 2024 – 2027 planning process, OMEGA engaged in a number of outreach measures to ensure that the various Title VI communities had the opportunity to participate in the transportation planning process. These outreach measures included:

- Document translation service, upon request;
- ADA-accessible meeting locations for all meetings;
- Closed captioning on video-based public presentation;
- Video-based public presentation put on LinkedIn, Facebook, and YouTube, as well as OMEGA website for viewing at any time throughout public participation window;
- Printed copies of maps, presentations, or other documents upon request;
- Meetings published using social and traditional media and sent to local organizations within EJ areas.

OMEGA embraces diversity and inclusivity and provides an environment of non-discrimination. The SFY 2024 – 2027 RTIP planning process was conducted with these important considerations in mind and is compliant with all Title VI regulations and requirements.

## ADA

The Americans with Disabilities Act (ADA) prohibits discrimination based on disability and requires all public agencies to provide safe, equal access to their programs, activities, and facilities. OMEGA values the input of all the region's residents into the transportation planning process, and took the following measures to ensure that everyone, regardless of their abilities, could access and engage in the SFY 2024 – 2027 RTIP planning process:

- Holding meetings at ADA-compliant facilities
- Availability of ADA compliant parking and transit facilities
- Available accommodations for the visually or hearing impaired.

OMEGA carefully considered the needs of all of our region's residents throughout the SFY 2024 – 2027 RTIP planning process, meeting or exceeding all ADA requirements. A full copy of OMEGA's Title VI Policy is available in **Appendix B**.

## 6 - Public Involvement

A key component of the RTIP development process is to facilitate a proactive public involvement review and comment process associated with the program. OMEGA coordinated the public involvement process with ODOT and followed the public involvement polices adopted by OMEGA. The public involvement schedule of activities was also concurrent with ODOT's STIP public involvement schedule. OMEGA led Rural Consultation meetings in conjunction with ODOT Districts 5 and 11 in October 2022. Rural Consultation meetings were targeted to local elected officials and allowed for upcoming projects to be discussed with ODOT. One meeting was held in Muskingum County for Coshocton, Guernsey, and Muskingum Counties (District 5) and one meeting was held in Tuscarawas County for Carroll, Columbiana, Harrison, Holmes, and Tuscarawas Counties (District 11). In and person and virtual options were available. Both meetings were live streamed and then posted to YouTube.

Public meetings were conducted utilizing a variety of methods. To augment in-person public meetings, OMEGA staff also conducted a livestreamed public meeting that was live on the OMEGA YouTube channel and on the OMEGA Facebook page simultaneously. Videos were made available on all social media platforms and on the OMEGA website. In addition to these public meetings, a copy of the RTIP was provided to OMEGA's Executive Board and members and to the Transportation Advisory Committee. Comments received from members of these boards and committees, as well as the public, are summarized in **Appendix F**.

In accordance with OMEGA's Public Participation Plan, the public comment period was open for 45 days following release of the plan. Responses to comments were issued within 15 days upon receipt. Significant comments received during public involvement necessitate written responses. The RTIP thoroughly documented the public involvement schedule, process, and outcomes. Copies of the public notices, meeting agendas, presentations, attendance lists, public comments and responses are documented in **Appendix F**.

Date	Time	Location	Organizations Involved	Counties
10/11/22	1:30pm – 3:30 pm	ODOT District 11 Offices, 2201 Reiser Avenue SE, New Philadelphia, Ohio	OMEGA, ODOT, Local Jurisdictions	Carroll, Columbiana, Harrison, Homes, & Tuscarawas
10/13/22	1:00pm – 3:00pm	John McIntire Library 220 North 5th Street, Zanesville, OH 43701	OMEGA, ODOT, Local Jurisdictions	Coshocton, Guernsey, & Muskingum

Figure 6-1 – Public Involvement Schedule

## 7 – Previous RTIP Accomplishments

The primary goal of the OMEGA Regional Transportation Plan is the preservation and maintenance of the existing transportation systems. The OMEGA RTPO works with ODOT Central Office, ODOT Districts 5 & 11, and local governments to facilitate the successful funding and completion of projects within the region. With the new RTPO Capital Allocation, OMEGA is now able to contribute financially towards projects and will report outcomes in successive RTIP cycles.

In the OMEGA RTPO, there are 10,442 Centerline Miles of roads, 83% of these roads are classified as local roads and 17% are on the federal aid system. I-70 & I-77 are the two Interstates which connect the region to the major metropolitan areas in Ohio and adjacent systems and carry heavy passenger and freight traffic. US 36, US 250, and US 30 are statewide primary corridors that connect metropolitan areas within the region and Ohio and handle predominately statewide freight and passenger travel. In the OMEGA RTPO region, as of September 30, 2019, there are 3,370 bridges that have a span greater than 10 feet, 62.8% of which are local bridges. Approximately 6.7% of local bridges have a poor-to-failed general appraisal rating of 4 or less. Twelve bridges in the OMEGA RTPO are also closed to traffic. By 2040, 31.1% of the local bridges will be over 90 years old and nearing the end of their useful life.

The OMEGA RTPO currently has six transit agencies that provide service for Carroll, Columbiana, Coshocton, Guernsey, Harrison, Muskingum, and Tuscarawas Counties. Holmes County is not currently served by any public transit agency. The main goals for the regional coordinated plan implementation are to increase ridership, broaden service availability, and increase service efficiency for all transportation service providers and transit agencies in the region.

Safety is also a major issue within the OMEGA RTPO region. Between 2017 and 2021, 47,619 crashes occurred resulting in 282 fatalities and 10,819 injuries. This indicates a plateau in the number and severity of crashes on an annual basis. The leading type of crash in the OMEGA region is fixed object or roadway departures accounting for 27.6% of all crashes followed by rear end crashes which accounted for 17.9% of crashes. With the hilly, windy, narrow routes of the rural roads in the region, roadway departures as the leading cause of crashes are expected.

Congestion as indicated by Level of Service and Volume to Capacity Ratio is occurring within the region primarily along I-70 in Muskingum and Guernsey Counties, SR 60 (Maple Avenue) in Zanesville, I-77 in northern Tuscarawas County and sections of SR 39 and US 62 in eastern Holmes County. By 2040, sections of I-70 in the region are projected to exceed capacity.

### Carried Forward Projects

Projects listed below were funded through the RTPO Capital Allocation, with funding obligated within State Fiscal Years 2024-2027.

PID	Project	Type of Work	Phase	Obligated FY
117785	COL EL Riverfront Trail Phase 1	ENV	ENV PE	2024
115429	Mohican Valley Trail, Phase 1	CO	Const.	2024

## 8 - Projects

The following sections provide information on the lists of projects that have a phase to be implemented within the SFY 2024-2027 period. Outlined below are projects that are compiled by the State of Ohio's Department of Transportation. There is also a review of transit projects in the OMEGA region. For rural areas, transit projects are included in the Statewide Line-Item List and are not individually identified. OMEGA will amend the Regional Transportation Improvement Plan as needed to incorporate newly funded projects with phases between SFY 2024-2027.

### Project Overview

Funding for projects comes from federal, state, and local sources. Transportation funding is authorized by the US Congress, the Ohio General Assembly, county commissioners, and municipal councils. For State Fiscal Years 2024-2027, a total of **\$502,081,655** is programmed to be spent on transportation projects throughout the OMEGA RTPO region. **Figure 8-1** shows the amount of funding forecast to be spent, per program and governmental level. Federal funds total 66.6% of all scheduled funding. The State of Ohio is contributing 26.6%, with local sources and labor constituting 6.3%. The RTPO Allocation, which began in State Fiscal Year 2022, contributed less than 0.5%.

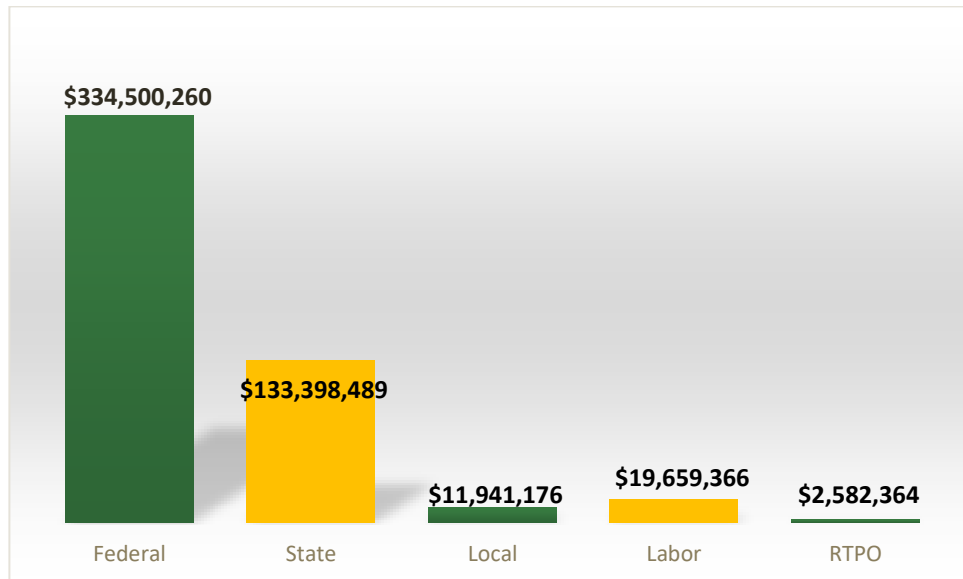

Figure 8-1

**Figure 8-2** displays the percentage of programmed funding and **Figure 8-3** shows approximate funding totals each county will receive for projects programmed for State Fiscal Years 2024-2027. These range from \$15.5 million in Coshocton County to \$85.8 million in Tuscarawas County. Higher totals in Tuscarawas and Harrison counties are attributable to Interstate (or other freeway) and bridge projects. The totals shown do not include district-wide programmed projects within the county.

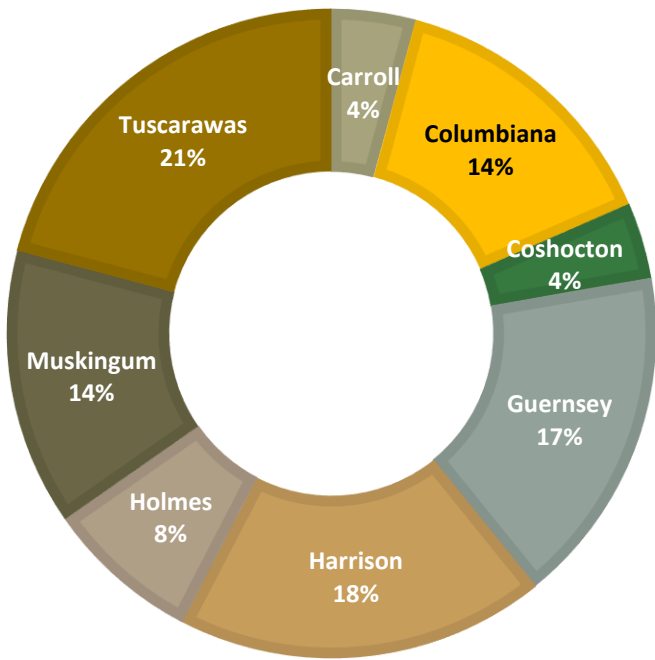

Figure 8-2

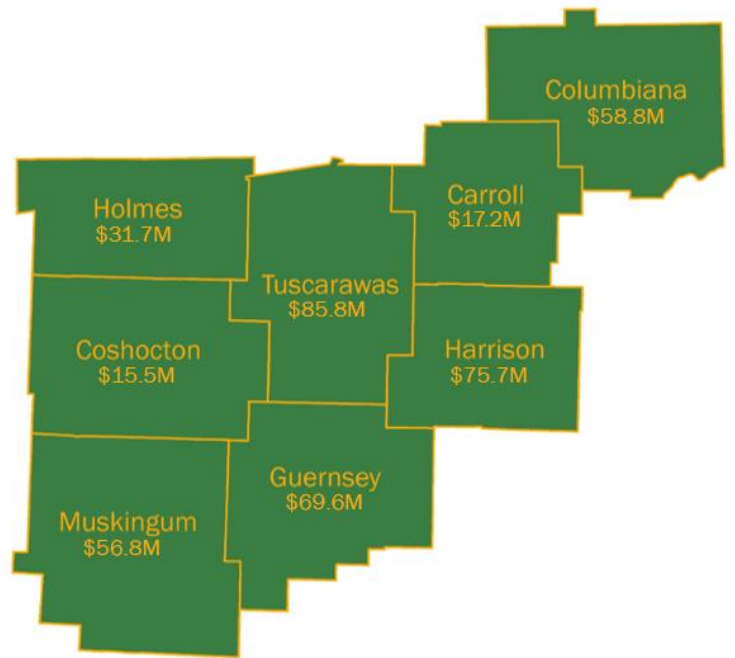

Figure 8-3

All these projects also align closely with the goals and objectives of OMEGA’s Regional Transportation Plan. OMEGA’s highest priority is the preservation and maintenance of existing transportation systems. As illustrated in **Figure 8-4**, approximately 87% of the funding for transportation projects over the next four years is for preservation and maintenance.

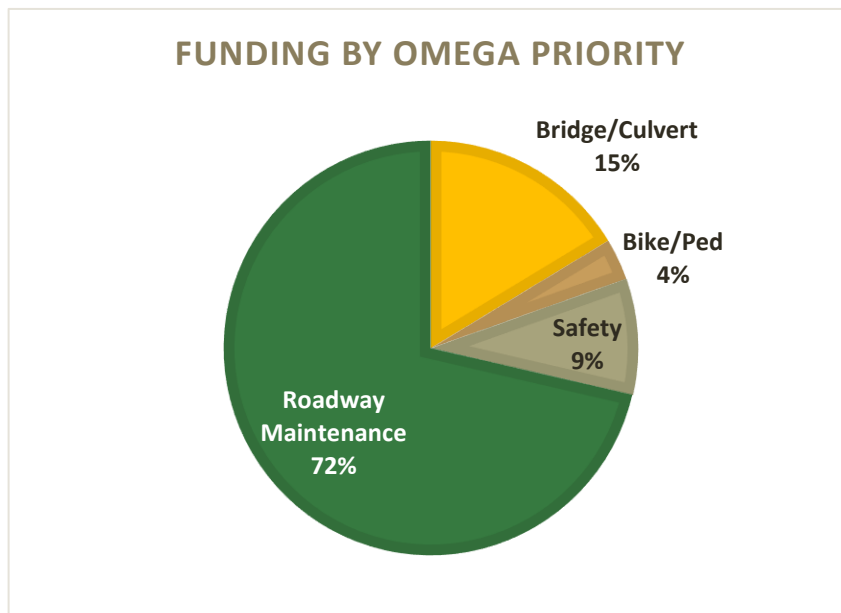

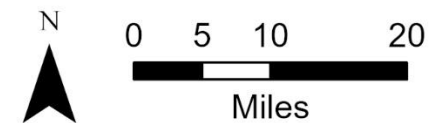

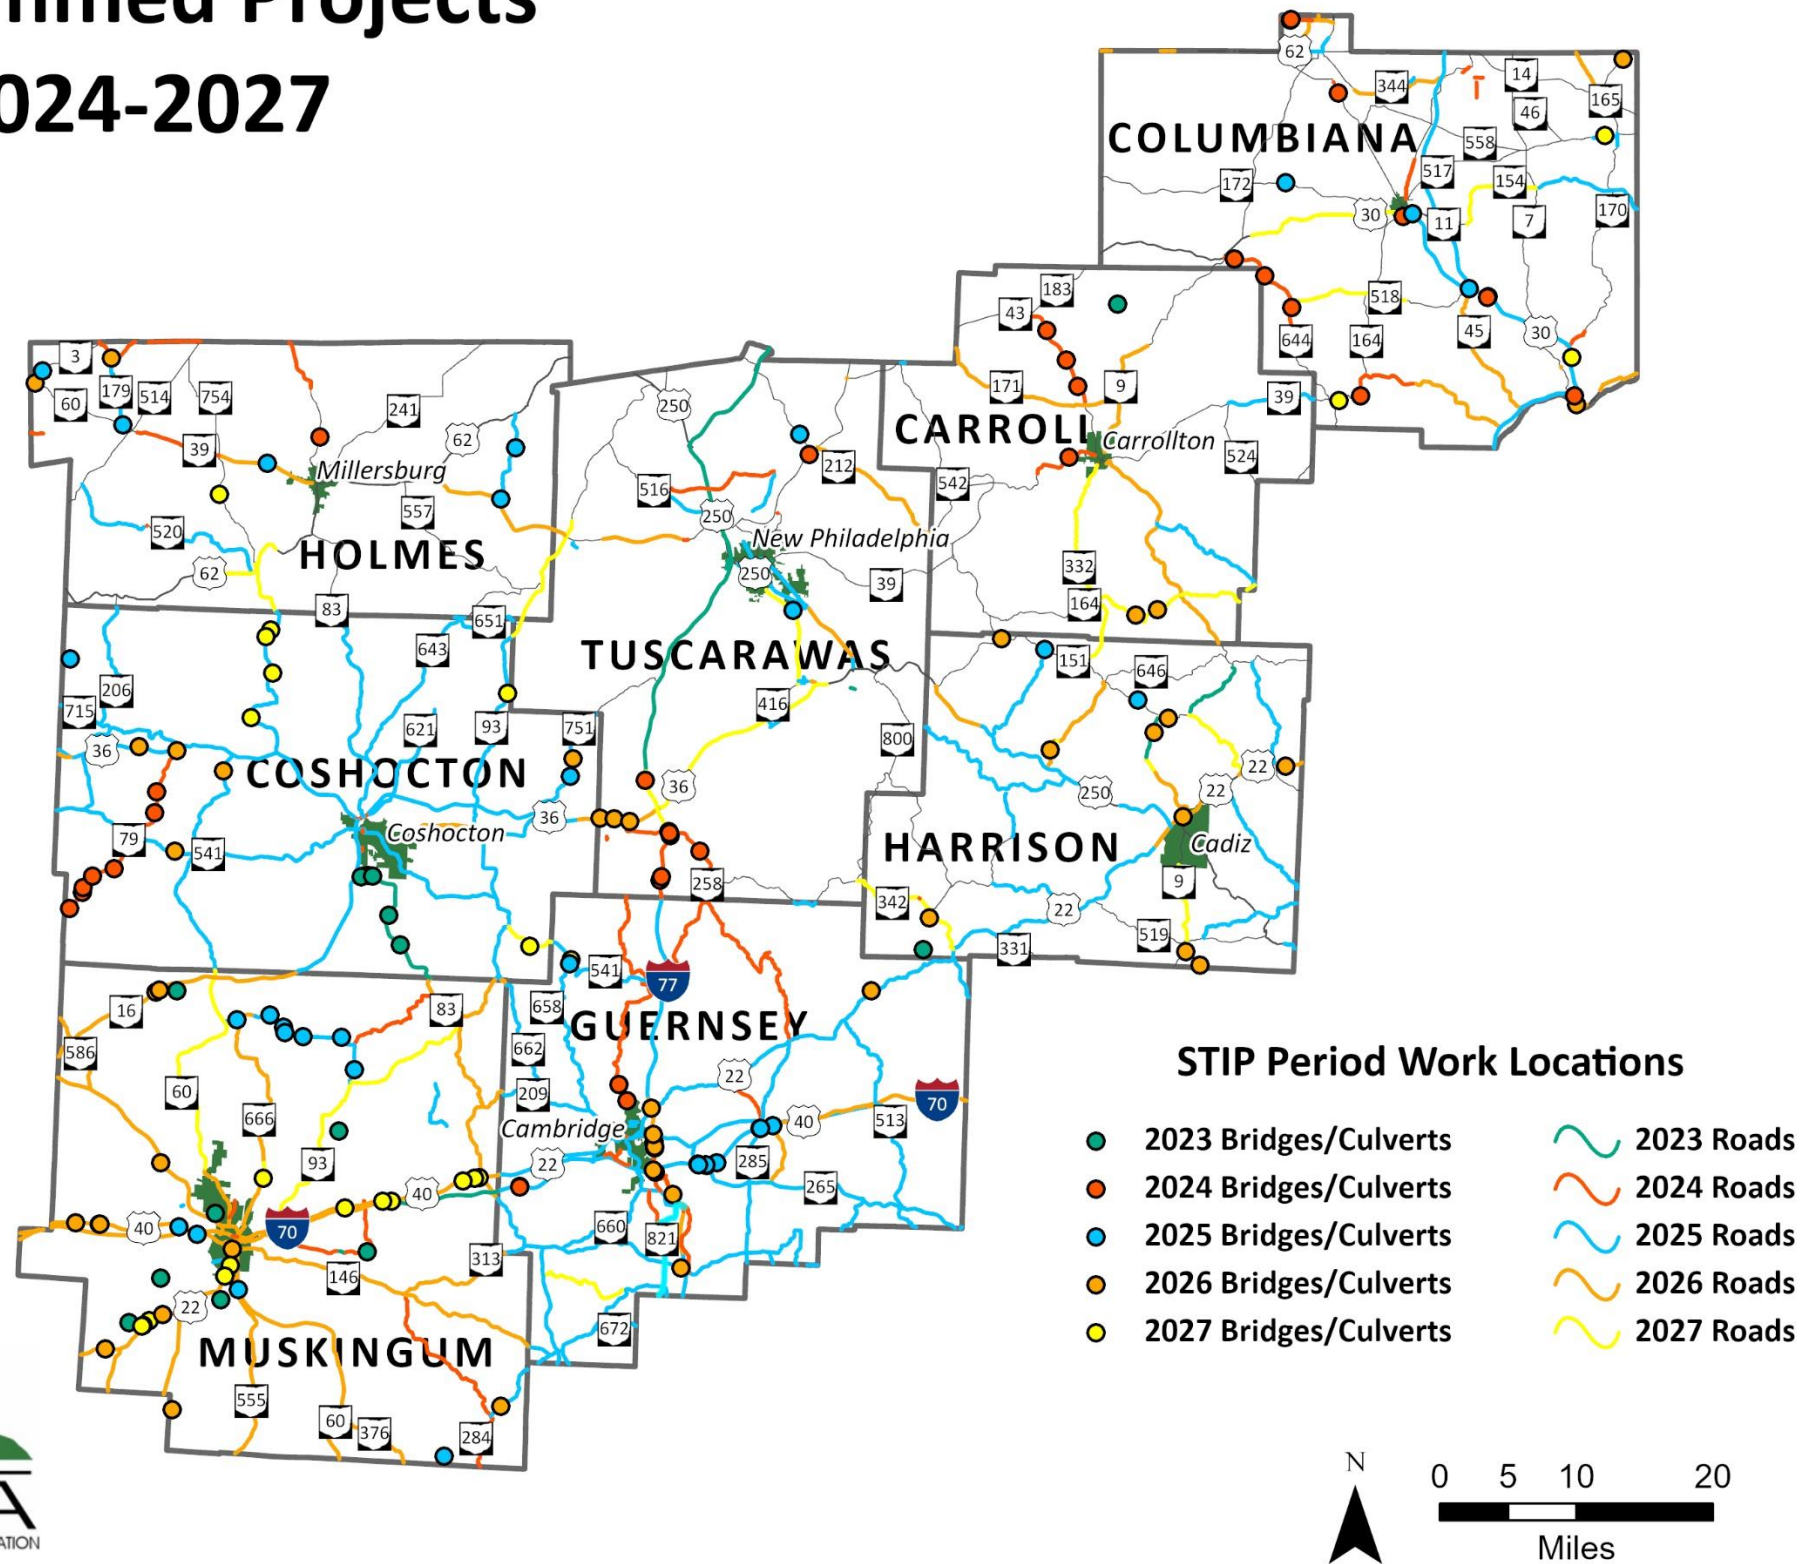

Figure 8-4

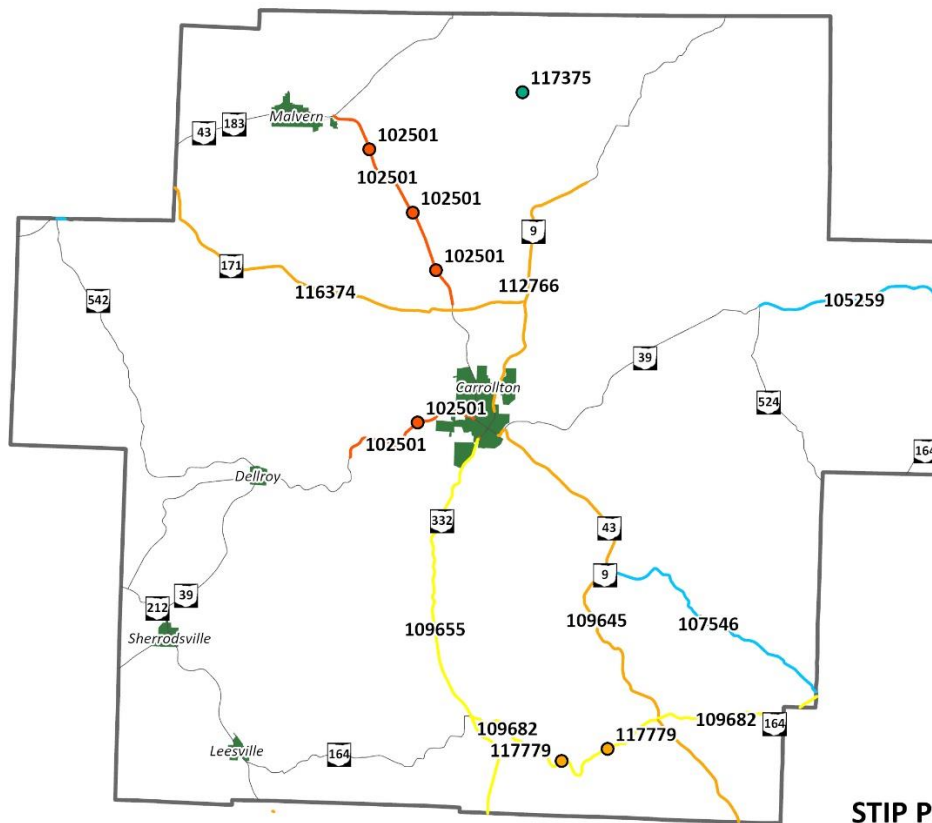

## 8.1 –Grouped Project Lists

Projects not considered to be of appropriate scale for individual identification in a given program year may be grouped by category or program. These projects are grouped and identified in the STIP and TIPs as Grouped Projects. The projects utilizing Grouped Projects are non-controversial in nature, have an air-quality status of exempt, and have a negligible environmental impact. Additionally, these projects are not regionally significant, non-capacity adding, and consistent with state, regional, and/or local long-range transportation plans. **Appendix E1** includes the Grouped Projects List which provides a definition of each Grouped Project and the Project Report which identifies the currently programmed projects utilizing Grouped Project funding in the STIP period. The Grouped Project Report is a fluid document and is for informational purposes only. Title 23 Chapter 1 Subchapter E Part 450 Subpart B §450.218 (j) may be referenced for the provision of grouped projects in the STIP/RTIP as named by ODOT. Maps showing the locations of these projects are on the pages which follow. For more information about these projects, please see **Appendix E1** and search for a specific project using the County and the Project Identification Number (PID) shown on these maps. For example: PID: 113832 is for a Bridge Replacement on Guernsey County Road 33 north of TR 6329 with an estimated total cost of \$722,294 and is scheduled for construction in 2024. SFY 2023 Projects were included as carryover projects.

Several projects on the Grouped Project list were either explicitly recommended in OMEGA’s Regional Transportation Plan, funded through the RTP Capital Allocation, or funding applications were completed and aligned with the regional goals set by the plan. These projects include:

COUNTY	PID	DESCRIPTION
Carroll	115242	Carrollton SRTS – Sidewalk Connection to Village
Columbiana	117785	COL EL Riverfront Trail Phase 1
Coshocton	117099	TAP – Multi-Use Path along CR 621
Coshocton	115919	CR 12 New Bedford Buggy Lane
Guernsey	117347	Cambridge SRTS – Clairmont Avenue Sidewalks
Harrison	115397	TAP – SR 9 Sidewalks north of downtown Cadiz
Holmes	111413	TAP – Millersburg South Washington Street Sidewalks
Holmes	115429	Mohican Valley Trail, Phase 1
Tuscarawas	115257	ODNR RTP/COTF & TAP – Kent State Multi-Use Trail to Downtown New Philadelphia
Tuscarawas	111280	Towpath Trail Extension I
Tuscarawas	115349	Newcomerstown SRTS – Miskimen Drive Sidewalks
Tuscarawas	114260	CR 62 Bridge Replacement

**Table 8-2 – OMEGA-Assisted Projects**

## 8.2 – Rural Transit Overview

The ODOT’s Office of Transit administers the state and federal funding for many programs that use a variety of funding sources: federal, state, and local. The FTA is the major source of federal funding to pay for rural and small urban transit system’s operating and capital expenses. ODOT Office of Transit receives an annual apportionment of federal assistance for capital and operating expenses and sets aside funds from these apportionments for planning expenses. ODOT then allocates the remaining funds based on a transit system’s budget history and the use of a performance measure formula to distribute to sub-recipients.

The Enhanced Mobility for Seniors and Individuals with Disabilities (5310) is a specialized transportation program available as authorized by FTA, 49 USC Section 5310. This program is intended to enhance mobility for seniors and persons with disabilities by providing FTA funds for programs in small urbanized and rural areas. These programs serve the special needs of transit-dependent populations beyond traditional public transportation services and Americans with Disabilities Act (ADA) complementary paratransit services. Funds are available each Federal Fiscal Year and are distributed through a competitive application process. The program provides 80% of the cost of capital projects; the remaining 20% must be provided by local funding, which may be derived from other federal (non-U.S. DOT) transportation sources or the Federal Lands Highway Program. This program also allows for operations and capitalized maintenance for 5310-acquired vehicle that can be used for up to 50% of the total cost. For eligibility criteria and application information may be found on the ODOT Office of Transit webpage:

<http://www.dot.state.oh.us/Divisions/Planning/Transit/Pages/Specialized.aspx>.

The Rural Transit Program (5311) is authorized by the Federal Transit Administration, 49 USC Section 5311. The program consists of Federal and State funds which are used to assist with operating and capital expenses in the provision of general public transportation services in rural areas. Section 5311 funds can be used for up to 50% of the net project cost of operating expenses

and up to 80% of the cost of capital projects. State General Revenue funds, through the Ohio Public Transportation Grant Program, are also available to provide up to 30% local match of eligible operating costs and up to 10% of the local share costs of capital projects. The application and the proposal process for the 5311 program can be found on the ODOT Office of Transit webpage:

<http://www.dot.state.oh.us/Divisions/Planning/Transit/Pages/Rural.aspx>.

The Bus & Bus Facilities (5339) Program is a federal discretionary grant to improve the State of Good Repair of transit agencies using grant money to purchase and maintain bus and facility infrastructure. For additional information on the 5339 program, please contact Alexander Ewers in the ODOT Office of Transit at [alexander.ewers@dot.ohio.gov](mailto:alexander.ewers@dot.ohio.gov) or (614) 728-5629.

The 5310, 5311, and 5339 programs are included in the TIP and Ohio’s STIP by the Grouped Project List, which can be found in **Appendix E2**. As these programs are annual distributions, only estimated statewide yearly program costs are provided<sup>1</sup>.

<sup>1</sup> ODOT Office of Transit

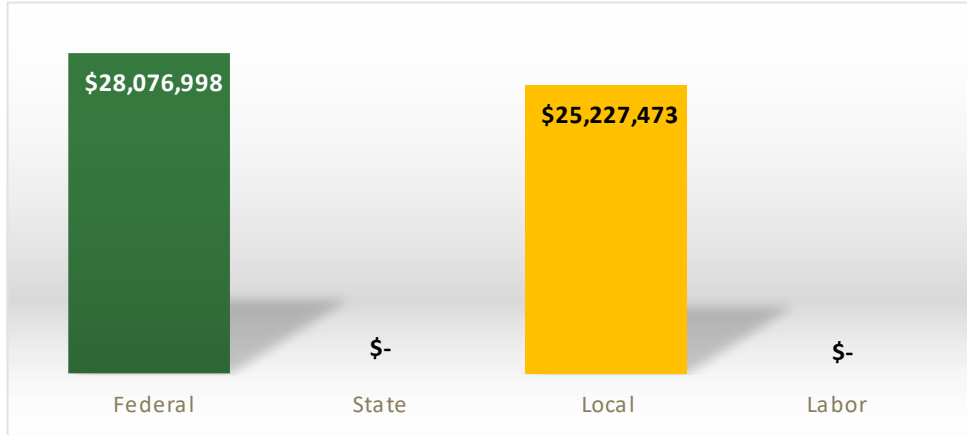

Figure 8-6 – Transit Funding by Cost Share

## 9 – Fiscal Constraint Analysis

For a project to be included in the TIP and STIP per federal regulations, reasonable fiscal constraint must be maintained. Fiscal constraint is maintained by keeping estimated transportation improvements within reasonably anticipated budgets. As OMEGA has limited sub-allocated funding with the RTPO Capital Allocation funding, the ODOT STIP addresses fiscal constraint for the majority of the OMEGA program. The RTPO Allocation total for FY 2024 below include a \$293,080 carryover from FY 2023 and projections are estimated based on a continuation of prior authorized amounts.

OMEGA	2024	2025	2026	2027	Total
	Estimate	Estimate	Estimate	Estimate	Estimate
<b>Federal Funds by Program</b>					
Debt Service	\$ -	\$ -	\$ -	\$ -	\$ -

<b>Total Other</b>	<b>\$ 36,386,101</b>	<b>\$ 56,342,016</b>	<b>\$ 45,991,996</b>	<b>\$ 28,861,282</b>	<b>\$ 167,581,395</b>
<b>Total</b>	<b>\$ 100,179,623</b>	<b>\$ 144,753,900</b>	<b>\$ 171,498,890</b>	<b>\$ 85,649,242</b>	<b>\$ 502,081,655</b>

*Note: Estimates include all projects that have a portion of work within the OMEGA region.*

**Table 9-1**

In summary, \$472,930,100 in projects are currently programmed in the OMEGA region as follows:

<b>Grouped Projects:</b>	<b>\$412,876,041</b>
<b>District Projects:</b>	<b>\$ 88,717,367</b>
<b>Total:</b>	<b>\$502,081,655</b>

All projects identified in the maps within **Chapter 8** and detailed in **Appendix E1 & E2** are fiscally constrained as shown in **Table 9-1**, which shows \$502,081,655 in funding resources.

# 10 –Approval Resolution

## RESOLUTION NO. 2023-03

### **A RESOLUTION ADOPTING THE REGIONAL TRANSPORTATION IMPROVEMENT PLAN FOR 2024 TO 2027.**

**WHEREAS**, the Ohio Mid-Eastern Governments Association (OMEGA) is designated as the Regional Transportation Planning Organization (RTPO) for Carroll, Columbiana, Coshocton, Guernsey, Harrison, Holmes, Muskingum, and Tuscarawas Counties; and

**WHEREAS**, the OMEGA Executive Board serves as the policy and decision-making body through which local governments conduct the OMEGA RTPO transportation planning process; and

**WHEREAS**, federal and state directives provide for RTPOs to develop a Regional Transportation Improvement Program (RTIP), in cooperation with state and local officials; regional and local transit operators; port officials; grant recipients under sections of Title 49, U.S.C., and other affected transportation and regional planning and implementing agencies; and

**WHEREAS** the OMEGA RTPO SFY 2024 - 2027 RTIP records the transportation improvement projects, their scopes of work, funding sources, and funding amount, that will be implemented in the OMEGA RTPO region over the next four years; and

**WHEREAS**, the projects recorded in the OMEGA RTPO 2024 - 2027 RTIP are consistent with the OMEGA RTPO Regional Transportation Plan; and

**WHEREAS**, the OMEGA RTPO SFY 2024-2027 RTIP is fiscally constrained; and

**WHEREAS**, the Transportation Advisory Committee recommended that the Executive Board approve the SFY 2024-2027 RTIP; and

**WHEREAS**, the OMEGA SFY 2024-2027 RTIP was developed and reviewed consistent with OMEGA's Public Participation Policy and has been reviewed and accepted by the Transportation Advisory Committee and has been coordinated with regional and local transit operators and local community officials; and

### **NOW THEREFORE BE IT RESOLVED BY THE EXECUTIVE BOARD OF OMEGA:**

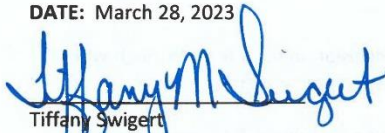

- Section 1:** The Executive Board adopts the OMEGA SFY 2024 – 2027 RTIP.
- Section 2:** The Executive Board affirms that the public had adequate opportunity to comment on the OMEGA SFY 2024 - 2027 RTIP.
- Section 3:** The Executive Board approves submission of the OMEGA 2024 – 2027 RTIP to the Ohio Department of Transportation, for inclusion in the Ohio 2024 – 2027 Statewide Transportation Improvement Program.

**Section 4:** The Rural Consultation Procedures will be followed to address all changes to the OMEGA SFY 2024 -2027 RTIP.

**Section 5:** If applicable, any final comments regarding the plan that are received from ODOT, board members, and/or general public will be addressed upon their receipt by OMEGA.

**Section 6:** If any of these comments result in substantive changes to the OMEGA SFY 2024 - 2027 RTIP, then such changes will be brought forth to the Executive Board for approval.

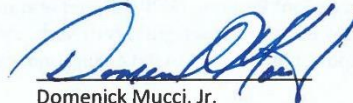

**DATE:** March 28, 2023

  
Tiffany Swigert

**EXHIBIT E: RESOLUTION OF APPROVAL**

## 1.0 OVERVIEW

The Ohio Mid-Eastern Governments Association (OMEGA) is organized as a Council of Governments pursuant to Section 167 of the Ohio Revised Code and is designated by the Appalachian Regional Commission as a Local Development District and by the US Department of Commerce, Economic Development Administration, as an Economic Development District. OMEGA is a collaborative body of member governments that serves as a facilitator between state and federal government agencies and local entities to provide opportunities in economic and community development through networking, education, planning, research, and allocation of resources. OMEGA's mission is to provide a pathway to enhance community and economic growth in the region and has been incorporated for over fifty years.

The OMEGA district includes ten counties in eastern Appalachian Ohio: Belmont, Carroll, Columbiana, Coshocton, Guernsey, Harrison, Holmes, Muskingum, and Tuscarawas Counties. On January 27, 2016, Governor John Kasich, pursuant to United States Code, Title 23, Section 135 (m), officially designated OMEGA as an Ohio Regional Transportation Planning Organization (RTPO). Belmont and Jefferson Counties are not included in the OMEGA RTPO as transportation planning activities are covered by metropolitan planning organizations, Belomar Regional Council and the Brooke-Hancock-Jefferson Metropolitan Planning Commission, respectively. The other eight counties are included in the RTPO.

In addition to the ten counties previously listed, twelve cities are also direct members of OMEGA. In accordance with our bylaws, each member appoints persons to the Executive Board and membership. The specific number of appointments is based upon population. A complete list of Executive Board Members and Members are included in Exhibit A.

OMEGA has ten staff members to include one community development specialist who works part-time. An organizational chart is also provided in Exhibit A.

OMEGA has also established the following transportation subcommittees:

- Transportation Advisory Committee (TAC)
- Citizen's Advisory Board (CAB)

Membership in these subcommittees is provided by position as defined in either OMEGA's bylaws or as approved by the Executive Board. The CAB has been inactive since the completion of the long-range regional transportation plan in 2015 and will be re-established during the first quarter of 2020. As part of the OMEGA's Regional Coordinated Transportation Pilot Program, OMEGA has also formed the Regional Coordinated Council (RCC) which includes representatives from the transportation service providers and human service agencies throughout the ten-county region. Participation in these committees or groups is voluntary. All meetings of these groups as well as the OMEGA Executive Board and Membership meetings are open to the public. Current membership in these committees is also provided in Exhibit A. Membership on the TAC includes one African-American and membership on the RCC includes seven African-Americans and two Asian-Indians.

## 2.0 PURPOSE

The Ohio Department of Transportation (ODOT) requires all recipients of federal planning funds to adopt a Title VI program plan. The purpose of this plan is to demonstrate that OMEGA has the policies and procedures in place to demonstrate compliance with federal non-discrimination regulations. OMEGA receives funding from the Federal Highway Administration and Federal Transit Administration through ODOT for transportation planning. OMEGA has prepared this Title VI plan to ensure compliance with Title VI of the Civil Rights Act of 1964 and additional authorities and citations.

OMEGA does not tolerate discrimination in any of its programs, services, or activities, and will not discriminate against anyone on the basis of race, color, national origin, gender, age, disability, religion, income, sexual orientation, gender identity, or family status.

Title VI of the Civil Rights Act of 1964 prohibits discrimination on the basis of race, color, or national origin in programs and activities receiving Federal financial assistance. Specifically, Title VI provides that "no person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance" (42 U.S.C. Section 2000d).

The Civil Rights Restoration Act of 1987 clarified the intent of Title VI to include all programs and activities of Federal-aid recipients, sub-recipients, and contractors whether those programs and activities are federally funded or not.

During the Obama Administration, the Federal Transit Administration (“FTA”) placed renewed emphasis on Title VI issues, including providing meaningful access to persons with Limited English Proficiency (“LEP”).

Additional authorities and citations include:

- Title VI of the Civil Rights Act of 1964 (42 USC 2000d et seq)
- Section 162 (a) of the Federal Aid Highway Act of 1973
- Age Discrimination Act of 1975
- Section 504 of the Rehabilitation Act of 1973
- Americans with Disabilities Act of 1990
- Civil Rights Restoration Act of 1987
- 23 CFR Part 200
- USDOT Order 1050.2
- Executive Order 12898 – Federal actions to Address Environmental Justice in Minority Populations and Low-income Populations (1994)
- Executive Order 13166 – Improving Access to Services for People with Limited English Proficiency (2000)
- U.S. DOT regulation, 49 CFR part 21, “Nondiscrimination in Federally-Assisted Programs of the Department of Transportation— Effectuation of Title VI of the Civil Rights Act of 1964” (June 18, 1970, unless otherwise noted);

Of particular interest is Executive Order 12898 which was intended to ensure that minority and low-income individuals receive equitable benefit from federally funded programs that they do not suffer disproportionately from any environmental burdens caused by those programs, and that they have the opportunity for meaningful input into the process.

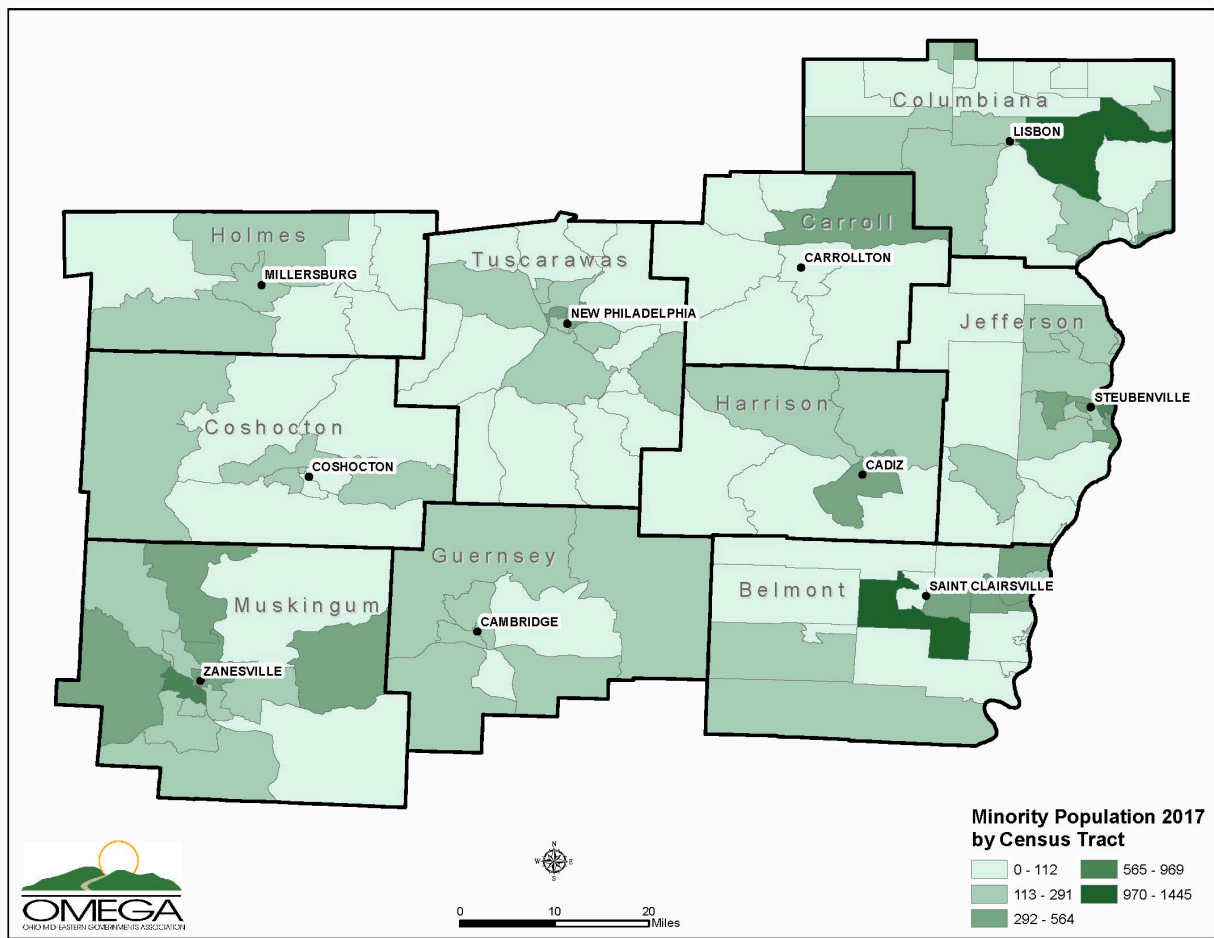

To ensure that OMEGA complies with these regulations, the Title VI plan includes the following:

- Demographic Profile of Planning Area
- Environmental Justice Areas
- Limited English Proficiency
- Public Involvement Process
- Title VI Complaint Procedures

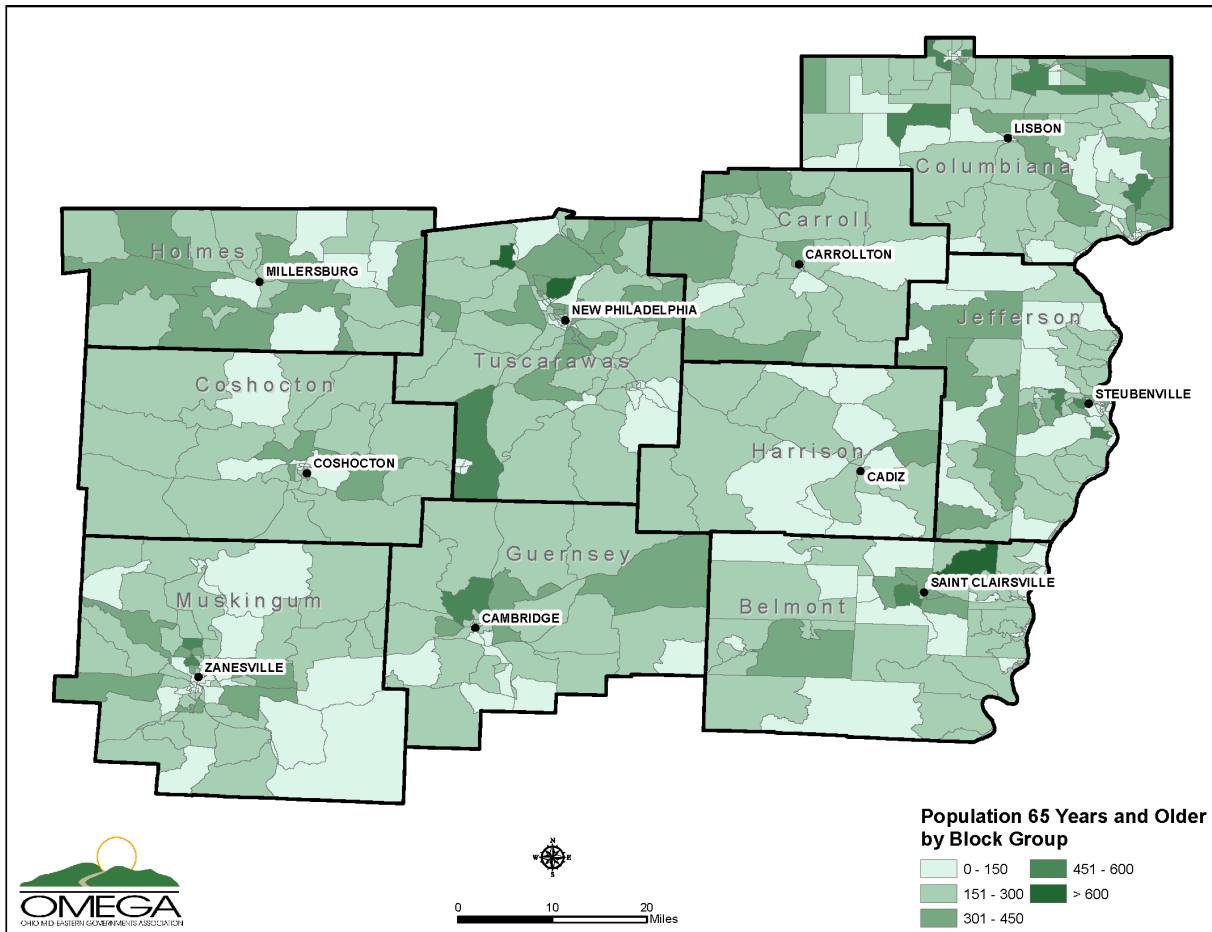

### 3.0 DEMOGRAPHICS

According to the 2013-2017 American Community Survey, the estimated population of the OMEGA region is 582,332 which is approximately 1% lower than the 2010 census population of the region. Approximately 94% of the OMEGA region is white, 2.5% black, 1.7% two or more races, 1.35% Hispanic/Latino, and less than 0.5% for all other races combined. Figure 1 shows the distribution of the minority population in the OMEGA region.

**Figure 1: Minority Population**

Approximately 18% of the population is age 65 or older and this age cohort is projected to be one of the fastest growing in the region. As part of the Regional Coordinated Transportation Plan, OMEGA has worked closely with transportation service providers, human service agencies, and the senior community to develop strategies to improve transportation and mobility services in the region.

**Figure 2: Population 65 Years and Older**

The average median household income for the OMEGA region based upon 2013 to 2017 ACS data is \$45,761 which is 87.3% of the state of Ohio’s MHI (\$52,407) and only 79.4% of the nation’s MHI (\$57,652). Holmes County has the highest MHI in the region at \$58,728 and Guernsey County has the lowest MHI in the region at \$42,744.

## 4.0 ENVIRONMENTAL JUSTICE

Based on data from the American Community Survey (ACS) 5-Year Estimates 2013 - 2017, OMEGA focused on two population groups: minority and low-income residents to complete the Environmental Justice assessment. The profile summarizes the data for both population groups by U.S. Census Tract.

Although minority and persons in poverty live throughout the OMEGA region, many are concentrated in specific locations and neighborhoods in or near municipal areas. A person is counted as a member of a minority group if he or she claimed any of the following: Black, American Indian or Alaskan Native, Asian, Native Hawaiian or Other Pacific Islander, or Hispanic. Based on data from the 2013 - 2017 ACS, minorities comprise 5.12% of the population within the OMEGA region. Therefore, any census tract with a percentage above 5.12% was considered to have a regionally significant concentration of minority populations, see Figure 1.

A similar approach was taken to establish regionally significant concentrations of populations with low income. Based on the 2013 – 2017 ACS data, the average MHI within OMEGA region is \$45,761. Therefore, any census tract with a median household income below \$45,761 was considered to have a regionally significant concentration of low-income residents, see Figure 3.

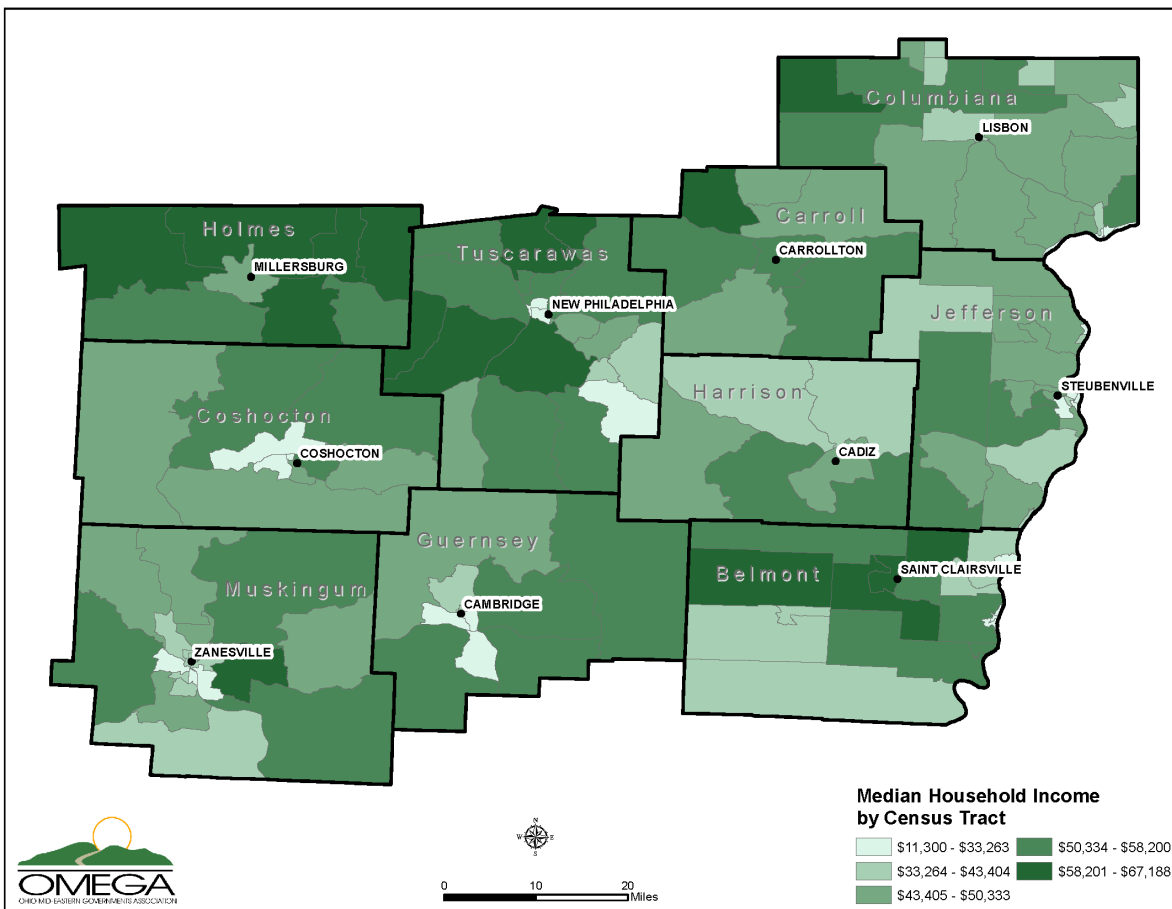

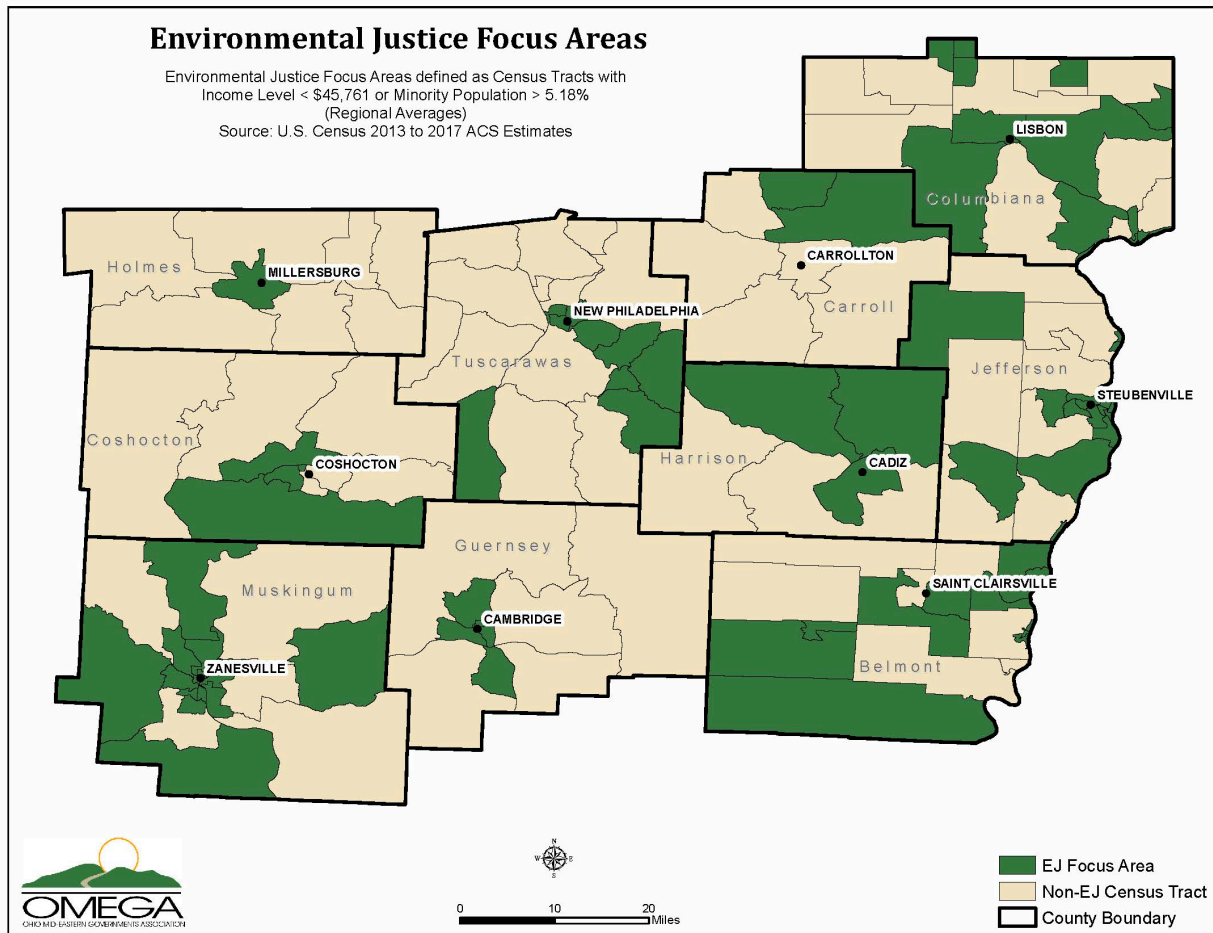

Figure 3: Median Household Income

Finally, GIS techniques were used to determine which census tracts had either higher-than-average minority or higher-than-average low-income populations. These tracts were then identified as Environmental Justice focus areas within the OMEGA region as shown in Figure 4.

**Figure 4: Environmental Justice Focus Areas**

## 5.0 LIMITED ENGLISH PROFICIENCY

OMEGA takes reasonable steps to ensure that persons of Limited English Proficiency (LEP) have meaningful access to OMEGA’s transportation programs, services, and information. To comply with federal LEP requirements, OMEGA uses the Federal Highway Administration’s (FHWA’s) four factor analysis to determine what steps should be taken to provide meaningful access to LEP populations. These four factors are:

1. The number or proportion of LEP person eligible to be served, or likely to be encountered by the program.
2. The frequency with which LEP individuals encounter the program, activity, or service.
3. The nature and importance of the program, activity, or service provided by the program to people’s lives.
4. The resources available to the agency and the cost of the alternatives.

Limited English Proficiency data from the American Community Survey 2013 to 2017 for the OMEGA region is summarized in Table 1. As shown in Table 1, 2.6% of the OMEGA region speaks English less than very well. Except for Coshocton, Holmes, and Tuscarawas Counties, the percent of persons who speak English less than very well is less than 1% and less than 700 persons in each of the other seven counties in the OMEGA region. As shown in Figure 5, the highest concentrations of persons who speak English less than very well are in eastern and northern Holmes County, northeastern Coshocton County, and northwestern Tuscarawas County. In these three counties, 11,662 people (7.2% of the tri-county population age 5 or older) speak English less than very well. The predominant language as designated by the census for this tri-county is “Other Indo-European”. Since a high concentration of Amish reside in this tri-county region, this may be indicative of the language known as Pennsylvania Dutch. As indicated by the Regional Planning Director of Holmes County that name may be deceptive as it is slang from the German word, Deutsch, which means German and is colloquially known as Pennsylvania Dutch. OMEGA will work closely with the leaders in the local Amish community to make sure that appropriate translations are provided of written transportation documents and will work with the community to provide a translator during public outreach events if needed.

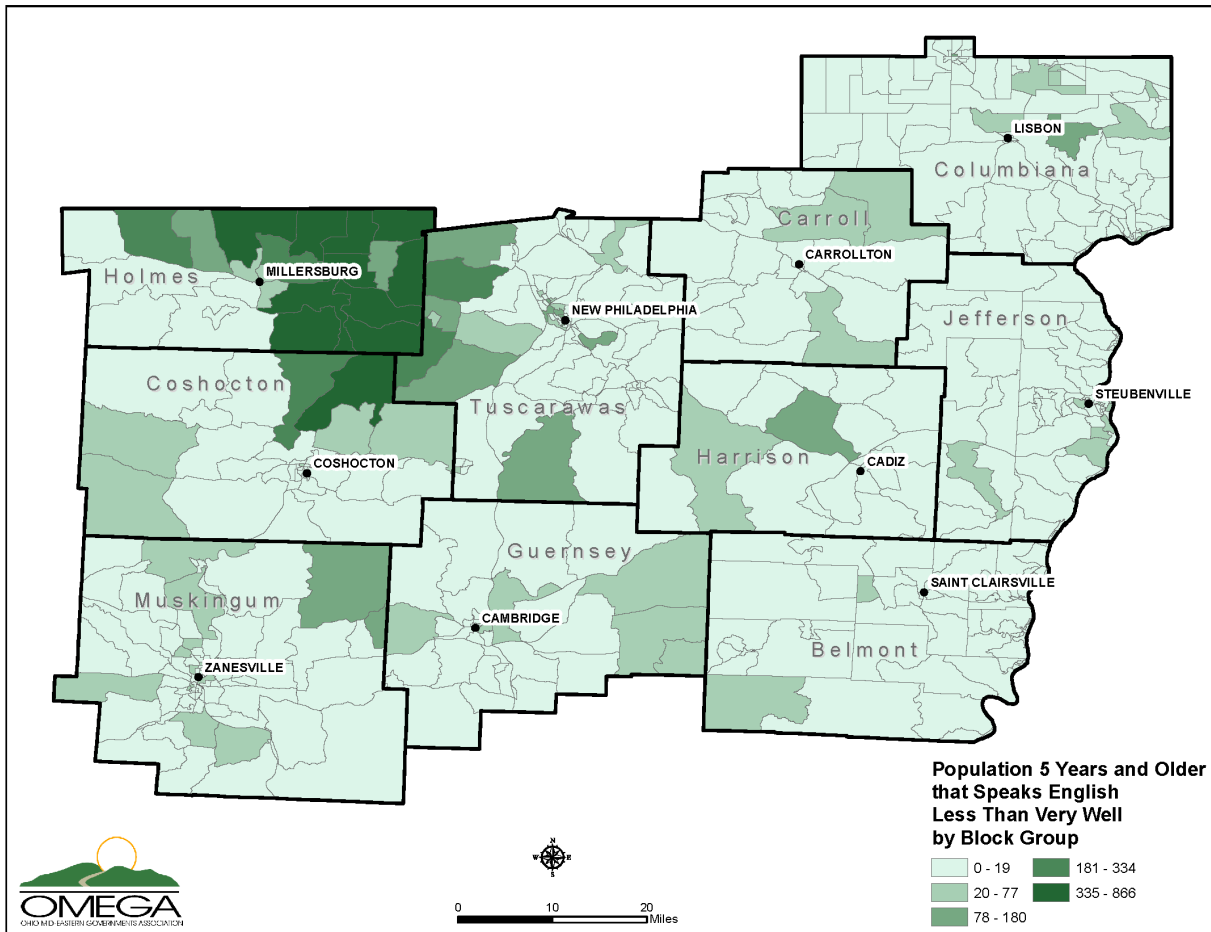

**Table 1: Limited English Proficiency**

County	Population ≥ 5 Years	Speak English Less than Very Well		Language other than English			
		Number	Percent	Spanish	Other Indo- European	Asian & Pacific Island	Other
Belmont	65,440	181	0.3%	55	54	72	0
Carroll	26,507	242	0.9%	29	189	14	10
Columbiana	99,052	593	0.6%	270	103	29	191
Coshocton	34,328	1,285	3.7%	86	1,137	61	1
Guernsey	37,046	336	0.9%	62	234	40	0
Harrison	14,633	209	1.4%	29	164	16	0
Holmes	39,998	8,158	20.4%	24	8,100	34	0
Jefferson	63,994	412	0.6%	87	207	90	28
Muskingum	80,695	694	0.9%	99	221	245	129
Tuscarawas	86,831	2,219	2.6%	969	1,196	16	38
<b>Total</b>	<b>548,524</b>	<b>14,329</b>	<b>2.6%</b>	<b>1,710</b>	<b>11,605</b>	<b>617</b>	<b>397</b>

ACS Data 2013-2017

As shown in Table 1, Spanish is the third most spoken language in the OMEGA region, with the highest percent of Spanish speaking individuals in Tuscarawas County. OMEGA will make reasonable accommodation to ensure appropriate translation services will be provided when needed.

Transportation planning documents, meeting notices, and other information related to the services provided by OMEGA are available on OMEGA’s website, [www.omegadistrict.org](http://www.omegadistrict.org). Our website includes a Google-based translation plugin so that a person with limited English proficiency will be able to translate these webpages and documents. OMEGA will also provide a translator at public meetings when warranted.

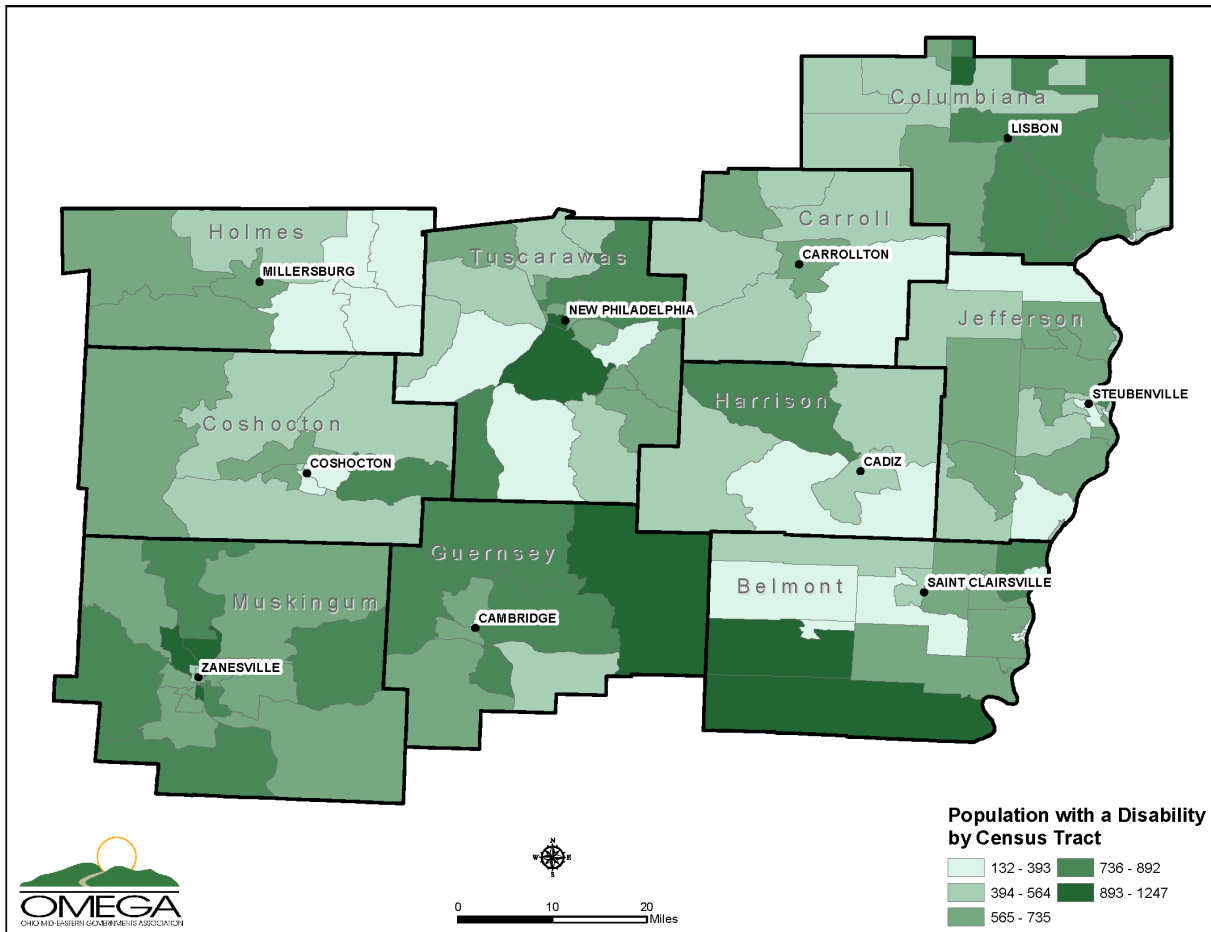

**Figure 5: Limited English Proficiency**

## 6.0 AMERICANS WITH DISABILITY ACT (ADA)

OMEGA provides access to our facility, programs, and services in compliance with the Americans with Disability Act. OMEGA rents office space from the Guernsey County Commissioners which is accessible. All board meetings and other public meetings are conducted at locations that are also accessible. As documented in OMEGA’s public participation plan, accessibility is one of the items that is checked and verified prior to selecting a venue for a public meeting. Upon request, OMEGA will also make reasonable accommodation for the hearing impaired by providing sign language assistance, or specially printed materials for the visually impaired.

Approximately 15.5% of the population in the OMEGA district is disabled. Figure 6 shows the distribution of the disabled persons throughout the region. As part of the Regional Coordinated Transportation Plan, OMEGA has worked closely with transportation service providers, human service agencies, and the disabled community to develop strategies to improve transportation and mobility services in the region.

**Figure 6: Individuals with Disabilities**

## 7.0 PUBLIC PARTICIPATION

In 2013, OMEGA developed a Public Participation Plan to ensure public involvement in the transportation planning process especially as related to the transportation planning services provided by OMEGA, the long range transportation plan, the Regional Transportation Improvement Plan, coordination with state-wide transportation planning activities, and any other special transportation studies that may be conducted by OMEGA. OMEGA has subsequently updated the Public Participation Plan (see Exhibit B). The Public Participation Plan has been developed to comply with the federal regulations 23 USC 450.210 and 450.316.

## 8.0 TITLE VI COMPLAINT PROCEDURES

To date, OMEGA has not received any Title VI complaints. To address complaints, OMEGA has adopted the following procedure.

- A. Any individual, group of individuals, or entity that believes they have been subjected to discrimination prohibited by Title VI nondiscrimination provisions may file a written complaint with the OMEGA Executive Director using the form in Exhibit C. A formal complaint must be filed within 180 calendar days of the alleged occurrence. However, the complainant has the right to also file a complaint with state division of Equal Opportunity and with the appropriate federal agency.
- B. Upon receipt of the complaint, OMEGA will first determine if the complaint is within OMEGA's jurisdiction, acceptability of the complaint, and need for additional information. OMEGA will also acknowledge receipt of the complaint by notifying the complainant by e-mail or letter.
- C. If the complaint is determined to be within OMEGA's jurisdiction, then OMEGA will log the complaint and assign or designate a staff person to investigate the merit of the complaint.
- D. The OMEGA investigator will prepare an investigative report for the OMEGA Executive Director's review.
- E. The investigative report and its findings shall be sent to OMEGA's legal counsel for review.
- F. The OMEGA investigator will review any comments or recommendations from OMEGA's legal counsel. The investigator will discuss the report and recommendations with the Executive Director. The report will be modified as needed.
- G. The OMEGA investigative report and a copy of the complaint will be forwarded to the appropriate oversight agency (for example, the Ohio Department of Transportation Division of Equal Opportunity (DoEO) and FHWA and/or FTA), providing the federally funded assistance.
- H. FHWA is responsible for making the final determination in coordination with DoEO regarding Title VI complaints.
- I. Once complaint determination becomes final, the parties will be properly notified of the resolution of the complaint, including recommendations to remedy any discriminatory practice – if such practice is identified, and any appeal rights.

For more information regarding the OMEGA Title VI complaint process, please contact:

Jeannette M. Wierzbicki, P.E.  
OMEGA Executive Director  
326 Highland Avenue, Suite B  
Cambridge, OH 43725  
(740) 439-4471, ext. 204  
jeannettew@omegadistrict.org

A copy of this procedure and complaint form are available on OMEGA's website,  
[www.omegadistrict.org](http://www.omegadistrict.org).

Currently Ms. Wierzbicki is the Title VI Coordinator for OMEGA; however, that may change as additional staff receive training.

## 1 - INTRODUCTION

The Ohio Mid-Eastern Governments Association (OMEGA) is organized as a Council of Governments pursuant to Section 167 of the Ohio Revised Code and is designated by the Appalachian Regional Commission (ARC) as a Local Development District and by the US Department of Commerce, Economic Development Administration (EDA), as an Economic Development District. OMEGA is a collaborative body of member governments that serves as a facilitator between state and federal government agencies and local entities to provide opportunities in economic and community development through networking, education, planning, research, and allocation of resources. OMEGA's mission is to provide a pathway to enhance community and economic growth in the region.

On January 27, 2016, Governor John Kasich, pursuant to United States Code, Title 23, Section 135 (m), officially designated OMEGA as an Ohio Regional Transportation Planning Organization (RTPO), through the Ohio Department of Transportation (ODOT). The OMEGA RTPO includes Carroll, Columbiana, Coshocton, Guernsey, Harrison, Holmes, Muskingum, and Tuscarawas counties.

For consistency and transparency throughout the organization, OMEGA staff will adhere to the Public Participation Plan for all public outreach activities, regardless of funding source.

OMEGA's Public Participation Plan includes:

- **Goals and Objectives**
- **Strategies and Tools**
- **Program Evaluation**

This plan is designed to educate the public on the process and issues involved in transportation planning, community and economic development planning, and grant writing/administration. This plan will also outline the associated activities and mandated federal public participation requirements prior to approval of any project receiving federal funding, in whole or in part.

The Public Participation Plan will recognize participants interested in or affected by the activities linked to plans and programs. This is achieved through direct mailings to interested parties, as well as utilizing indirect contact with the public through universal methods such as advertisements and notices in newspapers, press releases and other mass media associated activities, and to the maximum extent possible, in electronic format.

The Public Participation Plan outlines the methods that will be used by OMEGA to solicit Public Participation and to inform and educate the public regarding the purpose and development and implementation of planning documents and grant applications. Information disseminated must be clear, concise, and represent a solid foundation that allows for the public to provide their input on recommendations that will result from the planning process conducted by OMEGA.

To enhance this effort, OMEGA proposes to expand various visualization techniques to be more “user friendly” for those participants not traditionally involved in developing/reviewing the transportation planning process, enabling complex concepts to be easily understood.

A key component of this Public Participation Plan is the identification and engagement of stakeholders. Stakeholders are individuals and/or groups who have a direct interest, involvement, or are generally affected by projects, programs, or plans. Identifying “interested parties” outside of the formal organizational structure of OMEGA is necessary to obtain adequate public input. Stakeholders commonly include but are not limited to:

- Elected Officials
- People who live in project area
- Businesses in project area
- Civic and community associations
- Environmental or special interest groups
- State and local agencies responsible for land use management, natural resources, conservation, economic development, community planning, and historic preservation groups as appropriate

## 2 - GOALS AND OBJECTIVES

OMEGA is committed to developing a proactive public involvement process which provides complete information, timely public notice, full public access to key decisions, and supports early and continuing involvement of the public in developing of planning documents and grant applications.

Specific goals and objectives include:

- Provide maximum opportunity for public involvement in consultation with all interested parties who participate in the planning process.
- Consult with representatives from state and local agencies, and public officials responsible for land use management, natural resources, environmental protection, conservation, and historic preservation.
- Guide and facilitate meaningful discussion throughout the planning process, as well as confirm that stakeholders, interest groups, and the general public may comment on the development of all planning documents.
- Provide a fully engaged public forum between those decision-making entities from state and local agencies, public officials, and citizens concerning transportation or community development planning issues and the participation process.
- Provide reasonable opportunities for public input and for interested parties to comment on the content of all planning documents.
- Bring a diverse cross-section of the public into the public policy decision making process.

- Maintain meaningful public participation from the early stages of the planning process.
- Utilize combinations of public participation and visualization techniques to meet the needs of the general public.
- Reach out to traditionally underserved communities, including low income, the elderly, persons with disabilities, and minority populations to ensure environmental justice issues are addressed.
- Educate public on transportation and community development needs and planning.
- Comply with Title VI requirements.

In order to achieve the goals and objectives outlined above, several core components are included in the participation process including:

- Confirm that stakeholders, interest groups, and the general public have the opportunity to comment on community and economic development and transportation plans and programs.
- Involve key stakeholders early and throughout the planning process.
- Personalize public participation meetings and activities to obtain productive input.
- Expand visualization techniques to present transportation and community and economic development plans and programs.
- When practical, publish transportation plans and programs in electronic format, such as on the agency web site.
- Develop relationships with local media.
- Review meeting locations prior to event for compliance with Title VI and provide reasonable accommodations to meet these requirements.

### 3 - STRATEGIES AND TOOLS

Effective public participation is a key component to the success of OMEGA’s transportation, economic, and community development planning process. Various techniques are needed to engage the public in the decision-making process. As appropriate, new techniques will be incorporated as they become available and are shown to be effective.

To meet the goals and objectives listed in Section 2, OMEGA will implement the following:

- Form a Citizens Advisory Board
- Maintain OMEGA’s website with transportation, economic, and community development planning elements
- Expand media interactions
- Develop public outreach program
- Develop formal public review program
- Conduct Regular Meetings

These tools will be adjusted as needed, based upon effectiveness of public engagement.

### *3.1 Citizens Advisory Board*

OMEGA's Executive Board which also serves as the Policy Advisory Board has formally adopted a resolution to establish a Citizens Advisory Board (see Appendix A). The purpose of the Citizens Advisory Board is to provide assurance that the general public is represented in the development of the Regional Transportation Plan and is aware of the activities of the RTPO. The Citizens Advisory Board will consider methods and techniques of maximizing and insuring citizen representation and participation in the planning, deliberations, and activities of the RTPO. Membership in the Citizens Advisory Board is open to all private citizens in the RTPO.

This Board will meet semi-annually with the initial meeting of the reconvened board to be held during the fourth quarter of 2019. Based upon the wide geographic coverage of the OMEGA's region, in-person meetings will be held in Tuscarawas County which is centrally located for the region. All meetings will be open to the public and will be formally announced in the local newspapers which serve planning area. Pertinent information related to the development of the transportation plan and community and economic development plans will be provided at these meetings. OMEGA will encourage involvement through promotion of opportunities for the general public to become active in the process.

### *3.2 Website*

OMEGA will maintain the existing website, [www.omegadistrict.org](http://www.omegadistrict.org), to include transportation and community and economic development components. These components will include meeting notices, meeting minutes, maps, data, recommended projects, etc. In addition, the general public will be able to post comments and discuss transportation planning issues. OMEGA will respond to questions and concerns. OMEGA will maintain email listservs that will include members of the Executive Board, Transportation Advisory Committee, Citizens Advisory Board, Membership, and other members of the public who request to join.

### *3.3 Media*

OMEGA will actively engage the news media throughout the development of major planning activities, such as the Long-Range Transportation Plan. News releases announcing the date, time, and location for meetings of the Citizens Advisory Board, the Transportation Advisory Committee, and the Executive Board will be provided no fewer than three days prior to the meeting with reminders. All these meetings will be open to the public. Media releases will also be provided as major components of the planning process are completed.

### *3.4 Public Outreach*

OMEGA will proactively engage the general public through a combination of all or a combination of the following:

- Community Events/Town Hall Meetings
- Press Releases
- Electronic communications
- Direct Mailings
- Public opinion surveys
- Consideration of Public Comments

### *3.5 Community Events*

OMEGA will provide the general public with the opportunity to review, comment, and provide feedback on all planning documents, reports, and activities by setting up displays at public events, such as county fairs, festivals, and other local events. OMEGA will also set up displays and provide information on the planning process at public locations such as libraries, malls, and other places that are open to the general public.

### *3.6 Press Releases*

OMEGA will distribute press releases to the local newspapers, radio stations, and television stations that cover the planning area. The purpose of these news releases will be to keep the public informed of the transportation planning progress including major milestones, solicitation of public comment, meeting notices, and other pertinent updates.

### *3.7 Direct Mailings*

Where appropriate, OMEGA will also send direct mailings to impacted organizations and individuals who may not have access to computers or other media outlets. Such direct mailings may be limited to those identified by other organizations, such as transportation service providers or other agencies. These direct mailings will also be limited to key milestones of planning document development.

### *3.8 Public Opinion Surveys*

OMEGA may develop and distribute public opinion surveys to solicit more project specific information via the organization website, social media, and during community events.

### *3.9 Formal Public Review*

OMEGA will make all planning documents available for public review. Electronic copies of the draft and final versions will be placed on the organization website. OMEGA will send out press releases to all local newspapers and media outlets. Printed copies may be requested for those unable to access an electronic copy. Printed copies will also be available at the OMEGA office. Upon request, OMEGA will provide alternative data formats for individuals who are visually impaired or who are not proficient in English.

### *3.10 Meetings*

In addition to the semi-annual Citizens Advisory Board meetings, the Transportation Advisory Committee meets quarterly, and the Executive Board meets at least seven times each year. Email notifications are sent to committee members and a press release to the local media is issued at least ten days prior to the meeting. These meetings are also open to the public.

Additional public outreach meetings may be scheduled during the development of planning documents and grant applications. These meetings will be advertised at least 72 hours prior to the meeting in all applicable newspapers/media outlets. All meeting locations will be ADA-compliant to ensure all members of the public may access the meeting.

### *3.11 Consideration of Public Comments*

Public comments from the various sources will be organized and analyzed, where appropriate, so that the suggestions may be considered by OMEGA staff and decision makers. Summaries will be prepared and disseminated to the Citizens Advisory Board, the Transportation Advisory Committee, and the Executive Board as appropriate. OMEGA will respond to comments received and to those who participated in order to demonstrate the results of their involvement. This will be done via direct mailings or e-mail.

## **4 - PROGRAM EVALUATION**

At the end of each fiscal year, OMEGA will review the Public Participation Plan to assess the effectiveness of the program and to adjust the strategies and tools as needed to more fully engage the public in this process.

**EXHIBIT C**  
**COMPLAINT FORM**

## TITLE VI COMPLAINT FORM

### Title VI Complaint Procedure:

- A. Any individual, group of individuals, or entity that believes they have been subjected to discrimination prohibited by Title VI nondiscrimination provisions may file a written complaint with the **Ohio Mid-Eastern Governments Association (OMEGA)** Executive Director. A formal complaint must be filed within 180 calendar days of the alleged occurrence. However, the complainant has the right to also file a complaint with state division of Equal Opportunity and with the appropriate federal agency.
- B. Upon receipt of the complaint, **OMEGA** will determine **OMEGA** jurisdiction, acceptability of the complaint, and need for additional information. **OMEGA** will also acknowledge receipt of the complaint by notifying the complainant.
- C. If the complaint is determined to be within **OMEGA** jurisdiction, then **OMEGA** will log the complaint and assign or designate a staff person to investigate the merit of the complaint.
- D. **OMEGA** investigator will prepare an investigative report for **OMEGA** Executive Director's review.
- E. The investigative report and its findings shall be sent to **OMEGA** legal counsel for review.
- F. **OMEGA** investigator will review any comments or recommendations from **OMEGA's** legal counsel. The investigator will discuss the report and recommendations with the Executive Director. The report will be modified as needed.
- G. **OMEGA** investigative report and a copy of the complaint will be forwarded to the appropriate oversight agency (for example, the Ohio Department of Transportation Division of Equal Opportunity (DoEO) and FHWA), providing the federally funded assistance.
- H. FHWA is responsible for making the final determination in coordination with DoEO regarding Title VI complaints.
- I. Once complaint determination becomes final, the parties will be properly notified of the resolution of the complaint, including recommendations to remedy any discriminatory practice – if such practice is identified, and any appeal rights.

For more information regarding the **OMEGA** Title VI complaint process, please contact:

**Jeannette Wierzbicki, P.E.**

**EXHIBIT D**

**TITLE VI AND NON-DISCRIMINATION ASSURANCES**

## The United States Department of Transportation (USDOT)

### Standard Title VI/Non-Discrimination Assurances

#### DOT Order No. 1050.2A

The Ohio Mid-Eastern Governments Association (herein referred to as the "Recipient"), **HEREBY AGREES THAT**, as a condition to receiving any Federal financial assistance from the U.S. Department of Transportation (DOT), through Federal Highway Administration and Federal Transit Administration, is subject to and will comply with the following:

#### Statutory/Regulatory Authorities

- Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d *et seq.*, 78 stat. 252), (prohibits discrimination on the basis of race, color, national origin);
- 49 C.F.R. Part 21 (entitled *Non-discrimination In Federally-Assisted Programs Of The Department Of Transportation—Effectuation Of Title VI Of The Civil Rights Act Of 1964*);
- 28 C.F.R. section 50.3 (U.S. Department of Justice Guidelines for Enforcement of Title VI of the Civil Rights Act of 1964);

*Modal Operating Administration may include additional Statutory/Regulatory Authorities here.*

The preceding statutory and regulatory cites hereinafter are referred to as the "Acts" and "Regulations," respectively.

#### General Assurances

In accordance with the Acts, the Regulations, and other pertinent directives, circulars, policy, memoranda, and/or guidance, the Recipient hereby gives assurance that it will promptly take any measures necessary to ensure that:

*"No person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity," for which the Recipient receives Federal financial assistance from DOT, including the Federal Highway Administration and Federal Transit Administration.*

The Civil Rights Restoration Act of 1987 clarified the original intent of Congress, with respect to Title VI and other Non-discrimination requirements (The Age Discrimination Act of 1975, and Section 504 of the Rehabilitation Act of 1973), by restoring the broad, institutional-wide scope and coverage of these non-discrimination statutes and requirements to include all programs and activities of the Recipient, so long as any portion of the program is Federally assisted.

*Modal Operating Administration may include additional General Assurances in this section, or reference an addendum here.*

#### Specific Assurances

More specifically, and without limiting the above general Assurance, the Recipient agrees with and gives the following Assurances with respect to its Federally assisted Highway Planning and Construction and Enhanced Mobility of Seniors and Individuals with Disabilities:

1. The Recipient agrees that each "activity," "facility," or "program," as defined in §§ 21.23 (b) and 21.23 (e) of 49 C.F.R. § 21 will be (with regard to an "activity") facilitated, or will be (with regard to a

“facility”) operated, or will be (with regard to a “program”) conducted in compliance with all requirements imposed by, or pursuant to the Acts and the Regulations.

2. The Recipient will insert the following notification in all solicitations for bids, Requests For Proposals for work, or material subject to the Acts and the Regulations made in connection with all (Highway Planning and Construction and Enhanced Mobility of Seniors and Individuals with Disabilities and, in adapted form, in all proposals for negotiated agreements regardless of funding source

*“The Ohio Mid-Eastern Governments Association, in accordance with the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252, 42 U.S.C. §§ 2000d to 2000d-4) and the Regulations, hereby notifies all bidders that it will affirmatively ensure that any contract entered into pursuant to this advertisement, disadvantaged business enterprises will be afforded full and fair opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, or national origin in consideration for an award.”*

3. The Recipient will insert the clauses of Appendix A and E of this Assurance in every contract or agreement subject to the Acts and the Regulations.
4. The Recipient will insert the clauses of Appendix B of this Assurance, as a covenant running with the land, in any deed from the United States effecting or recording a transfer of real property, structures, use, or improvements thereon or interest therein to a Recipient.
5. That where the Recipient receives Federal financial assistance to construct a facility, or part of a facility, the Assurance will extend to the entire facility and facilities operated in connection therewith.
6. That where the Recipient receives Federal financial assistance in the form, or for the acquisition of real property or an interest in real property, the Assurance will extend to rights to space on, over, or under such property.
7. That the Recipient will include the clauses set forth in Appendix C and Appendix D of this Assurance, as a covenant running with the land, in any future deeds, leases, licenses, permits, or similar instruments entered into by the Recipient with other parties:
  - a. for the subsequent transfer of real property acquired or improved under the applicable activity, project, or program; and
  - b. for the construction or use of, or access to, space on, over, or under real property acquired or improved under the applicable activity, project, or program.
8. That this Assurance obligates the Recipient for the period during which Federal financial assistance is extended to the program, except where the Federal financial assistance is to provide, or is in the form of, personal property, or real property, or interest therein, or structures or improvements thereon, in which case the Assurance obligates the Recipient, or any transferee for the longer of the following periods:
  - a. the period during which the property is used for a purpose for which the Federal financial assistance is extended, or for another purpose involving the provision of similar services or benefits; or
  - b. the period during which the Recipient retains ownership or possession of the property.
9. The Recipient will provide for such methods of administration for the program as are found by the Secretary of Transportation or the official to whom he/she delegates specific authority to give reasonable guarantee that it, other recipients, sub-recipients, sub-grantees, contractors, subcontractors, consultants, transferees, successors in interest, and other participants of Federal financial assistance

under such program will comply with all requirements imposed or pursuant to the Acts, the Regulations, and this Assurance.

10. The Recipient agrees that the United States has a right to seek judicial enforcement with regard to any matter arising under the Acts, the Regulations, and this Assurance.

*Modal Operating Administration may include additional Specific Assurances in this section.*

By signing this ASSURANCE, *Ohio Mid-Eastern Governments Association* also agrees to comply (and require any sub-recipients, sub-grantees, contractors, successors, transferees, and/or assignees to comply) with all applicable provisions governing the *Ohio Mid-Eastern Governments Association* access to records, accounts, documents, information, facilities, and staff. You also recognize that you must comply with any program or compliance reviews, and/or complaint investigations conducted by the *Ohio Mid-Eastern Governments Association*. You must keep records, reports, and submit the material for review upon request to *Ohio Mid-Eastern Governments Association*, or its designee in a timely, complete, and accurate way. Additionally, you must comply with all other reporting, data collection, and evaluation requirements, as prescribed by law or detailed in program guidance.

*Ohio Mid-Eastern Governments Association* gives this ASSURANCE in consideration of and for obtaining any Federal grants, loans, contracts, agreements, property, and/or discounts, or other Federal-aid and Federal financial assistance extended after the date hereof to the recipients by the U.S. Department of Transportation under the *Highway Planning and Construction and Enhanced Mobility of Seniors and Individuals with Disabilities*. This ASSURANCE is binding on *Ohio*, other recipients, sub-recipients, sub-grantees, contractors, subcontractors and their subcontractors', transferees, successors in interest, and any other participants in the *Highway Planning and Construction and Enhanced Mobility of Seniors and Individuals with Disabilities*. The person(s) signing below is authorized to sign this ASSURANCE on behalf of the Recipient.

**Ohio Mid-Eastern Governments Association**

## APPENDIX A

During the performance of this contract, the contractor, for itself, its assignees, and successors in interest (hereinafter referred to as the "contractor") agrees as follows:

1. **Compliance with Regulations:** The contractor (hereinafter includes consultants) will comply with the Acts and the Regulations relative to Non-discrimination in Federally-assisted programs of the U.S. Department of Transportation, *Federal Highway Administration and Federal Transit Administration*, as they may be amended from time to time, which are herein incorporated by reference and made a part of this contract.
2. **Non-discrimination:** The contractor, with regard to the work performed by it during the contract, will not discriminate on the grounds of race, color, or national origin in the selection and retention of subcontractors, including procurements of materials and leases of equipment. The contractor will not participate directly or indirectly in the discrimination prohibited by the Acts and the Regulations, including employment practices when the contract covers any activity, project, or program set forth in Appendix B of 49 CFR Part 21.
3. **Solicitations for Subcontracts, Including Procurements of Materials and Equipment:** In all solicitations, either by competitive bidding, or negotiation made by the contractor for work to be performed under a subcontract, including procurements of materials, or leases of equipment, each potential subcontractor or supplier will be notified by the contractor of the contractor's obligations under this contract and the Acts and the Regulations relative to Non-discrimination on the grounds of race, color, or national origin.
4. **Information and Reports:** The contractor will provide all information and reports required by the Acts, the Regulations, and directives issued pursuant thereto and will permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the Recipient or the *Title of Modal Operating Administration* to be pertinent to ascertain compliance with such Acts, Regulations, and instructions. Where any information required of a contractor is in the exclusive possession of another who fails or refuses to furnish the information, the contractor will so certify to the Recipient or the *(Title of Modal Operating Administration)*, as appropriate, and will set forth what efforts it has made to obtain the information.
5. **Sanctions for Noncompliance:** In the event of a contractor's noncompliance with the Non-discrimination provisions of this contract, the Recipient will impose such contract sanctions as it or the *(Title of Modal Operating Administration)* may determine to be appropriate, including, but not limited to:
  - a. withholding payments to the contractor under the contract until the contractor complies; and/or
  - b. cancelling, terminating, or suspending a contract, in whole or in part.
6. **Incorporation of Provisions:** The contractor will include the provisions of paragraphs one through six in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Acts, the Regulations and directives issued pursuant thereto. The contractor will take action with respect to any subcontract or procurement as the Recipient or the *(Title of Modal Operating Administration)* may direct as a means of enforcing such provisions including sanctions for noncompliance. Provided, that if the contractor becomes involved in, or is threatened with litigation by a subcontractor, or supplier because of such direction, the contractor may request the Recipient to enter into any litigation to protect the interests of the Recipient. In addition, the contractor may request the United States to enter into the litigation to protect the interests of the United States.

## APPENDIX B NOT APPLICABLE

### CLAUSES FOR DEEDS TRANSFERRING UNITED STATES PROPERTY

The following clauses will be included in deeds effecting or recording the transfer of real property, structures, or improvements thereon, or granting interest therein from the United States pursuant to the provisions of Assurance 4:

NOW, THEREFORE, the U.S. Department of Transportation as authorized by law and upon the condition that the (Title of Recipient) will accept title to the lands and maintain the project constructed thereon in accordance with (Name of Appropriate Legislative Authority), the Regulations for the Administration of (Name of Appropriate Program), and the policies and procedures prescribed by the (Federal Highway Administration and Federal Transit Administration) of the U.S. Department of Transportation in accordance and in compliance with all requirements imposed by Title 49, Code of Federal Regulations, U.S. Department of Transportation, Subtitle A, Office of the Secretary, Part 21, Non-discrimination in Federally-assisted programs of the U.S. Department of Transportation pertaining to and effectuating the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252; 42 U.S.C. § 2000d to 2000d-4), does hereby remise, release, quitclaim and convey unto the (Title of Recipient) all the right, title and interest of the U.S. Department of Transportation in and to said lands described in Exhibit A attached hereto and made a part hereof.

#### (HABENDUM CLAUSE)

TO HAVE AND TO HOLD said lands and interests therein unto (Title of Recipient) and its successors forever, subject, however, to the covenants, conditions, restrictions and reservations herein contained as follows, which will remain in effect for the period during which the real property or structures are used for a purpose for which Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits and will be binding on the (Title of Recipient), its successors and assigns.

The (Title of Recipient), in consideration of the conveyance of said lands and interests in lands, does hereby covenant and agree as a covenant running with the land for itself, its successors and assigns, that (1) no person will on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination with regard to any facility located wholly or in part on, over, or under such lands hereby conveyed [,] [and]\* (2) that the (Title of Recipient) will use the lands and interests in lands and interests in lands so conveyed, in compliance with all requirements imposed by or pursuant to Title 49, Code of Federal Regulations, U.S. Department of Transportation, Subtitle A, Office of the Secretary, Part 21, Non-discrimination in Federally-assisted programs of the U.S. Department of Transportation, Effectuation of Title VI of the Civil Rights Act of 1964, and as said Regulations and Acts may be amended[, and (3) that in the event of breach of any of the above-mentioned non-discrimination conditions, the Department will have a right to enter or re-enter said lands and facilities on said land, and that above described land and facilities will thereon revert to and vest in and become the absolute property of the U.S. Department of Transportation and its assigns as such interest existed prior to this instruction].\*

(\*Reverter clause and related language to be used only when it is determined that such a clause is necessary in order to make clear the purpose of Title VI.)

## APPENDIX C NOT APPLICABLE

### CLAUSES FOR TRANSFER OF REAL PROPERTY ACQUIRED OR IMPROVED UNDER THE ACTIVITY, FACILITY, OR PROGRAM

The following clauses will be included in deeds, licenses, leases, permits, or similar instruments entered into by the (Title of Recipient) pursuant to the provisions of Assurance 7(a):

- A. The (grantee, lessee, permittee, etc. as appropriate) for himself/herself, his/her heirs, personal representatives, successors in interest, and assigns, as a part of the consideration hereof, does hereby covenant and agree [in the case of deeds and leases add “as a covenant running with the land”] that:
  1. In the event facilities are constructed, maintained, or otherwise operated on the property described in this (deed, license, lease, permit, etc.) for a purpose for which a U.S. Department of Transportation activity, facility, or program is extended or for another purpose involving the provision of similar services or benefits, the (grantee, licensee, lessee, permittee, etc.) will maintain and operate such facilities and services in compliance with all requirements imposed by the Acts and Regulations (as may be amended) such that no person on the grounds of race, color, or national origin, will be excluded from participation in, denied the benefits of, or be otherwise subjected to discrimination in the use of said facilities.
- B. With respect to licenses, leases, permits, etc., in the event of breach of any of the above Non-discrimination covenants, (Title of Recipient) will have the right to terminate the (lease, license, permit, etc.) and to enter, re-enter, and repossess said lands and facilities thereon, and hold the same as if the (lease, license, permit, etc.) had never been made or issued.\*
- C. With respect to a deed, in the event of breach of any of the above Non-discrimination covenants, the (Title of Recipient) will have the right to enter or re-enter the lands and facilities thereon, and the above described lands and facilities will there upon revert to and vest in and become the absolute property of the (Title of Recipient) and its assigns.\*

(\*Reverter clause and related language to be used only when it is determined that such a clause is necessary to make clear the purpose of Title VI.)

**APPENDIX D NOT APPLICABLE**

**CLAUSES FOR CONSTRUCTION/USE/ACCESS TO REAL PROPERTY ACQUIRED  
UNDER THE ACTIVITY, FACILITY OR PROGRAM:**

The following clauses will be included in deeds, licenses, permits, or similar instruments/agreements entered into by (Title of Recipient) pursuant to the provisions of Assurance 7(b):

- A. The (grantee, licensee, permittee, etc., as appropriate) for himself/herself, his/her heirs, personal representatives, successors in interest, and assigns, as a part of the consideration hereof, does hereby covenant and agree (in the case of deeds and leases add, "as a covenant running with the land") that (1) no person on the ground of race, color, or national origin, will be excluded from participation in, denied the benefits of, or be otherwise subjected to discrimination in the use of said facilities, (2) that in the construction of any improvements on, over, or under such land, and the furnishing of services thereon, no person on the ground of race, color, or national origin, will be excluded from participation in, denied the benefits of, or otherwise be subjected to discrimination, (3) that the (grantee, licensee, lessee, permittee, etc.) will use the premises in compliance with all other requirements imposed by or pursuant to the Acts and Regulations, as amended, set forth in this Assurance.
- B. With respect to (licenses, leases, permits, etc.), in the event of breach of any of the above Non-discrimination covenants, (Title of Recipient) will have the right to terminate the (license, permit, etc., as appropriate) and to enter or re-enter and repossess said land and the facilities thereon, and hold the same as if said (license, permit, etc., as appropriate) had never been made or issued.\*
- C. With respect to deeds, in the event of breach of any of the above Non-discrimination covenants, (Title of Recipient) will there upon revert to and vest in and become the absolute property of (Title of Recipient) and its assigns.\*

(\*Reverter clause and related language to be used only when it is determined that such a clause is necessary to make clear the purpose of Title VI.)

## APPENDIX E

During the performance of this contract, the contractor, for itself, its assignees, and successors in interest (hereinafter referred to as the “contractor”) agrees to comply with the following non-discrimination statutes and authorities; including but not limited to:

### **Pertinent Non-Discrimination Authorities:**

- Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d *et seq.*, 78 stat. 252), (prohibits discrimination on the basis of race, color, national origin); and 49 CFR Part 21.
- The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, (42 U.S.C. § 4601), (prohibits unfair treatment of persons displaced or whose property has been acquired because of Federal or Federal-aid programs and projects);
- Federal-Aid Highway Act of 1973, (23 U.S.C. § 324 *et seq.*), (prohibits discrimination on the basis of sex);
- Section 504 of the Rehabilitation Act of 1973, (29 U.S.C. § 794 *et seq.*), as amended, (prohibits discrimination on the basis of disability); and 49 CFR Part 27;
- The Age Discrimination Act of 1975, as amended, (42 U.S.C. § 6101 *et seq.*), (prohibits discrimination on the basis of age);
- Airport and Airway Improvement Act of 1982, (49 USC § 471, Section 47123), as amended, (prohibits discrimination based on race, creed, color, national origin, or sex);
- The Civil Rights Restoration Act of 1987, (PL 100-209), (Broadened the scope, coverage and applicability of Title VI of the Civil Rights Act of 1964, The Age Discrimination Act of 1975 and Section 504 of the Rehabilitation Act of 1973, by expanding the definition of the terms “programs or activities” to include all of the programs or activities of the Federal-aid recipients, sub-recipients and contractors, whether such programs or activities are Federally funded or not);
- Titles II and III of the Americans with Disabilities Act, which prohibit discrimination on the basis of disability in the operation of public entities, public and private transportation systems, places of public accommodation, and certain testing entities (42 U.S.C. §§ 12131 – 12189) as implemented by Department of Transportation regulations at 49 C.F.R. parts 37 and 38;
- The Federal Aviation Administration’s Non-discrimination statute (49 U.S.C. § 47123) (prohibits discrimination on the basis of race, color, national origin, and sex);
- Executive Order 12898, Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations, which ensures discrimination against minority populations by discouraging programs, policies, and activities with disproportionately high and adverse human health or environmental effects on minority and low-income populations;
- Executive Order 13166, Improving Access to Services for Persons with Limited English Proficiency, and resulting agency guidance, national origin discrimination includes discrimination because of limited English proficiency (LEP). To ensure compliance with Title VI, you must take reasonable steps to ensure that LEP persons have meaningful access to your programs (70 Fed. Reg. at 74087 to 74100);
- Title IX of the Education Amendments of 1972, as amended, which prohibits you from discriminating because of sex in education programs or activities (20 U.S.C. 1681 *et seq.*).

**EXHIBIT E**  
**RESOLUTION**

**RESOLUTION NO. 2019-06**

**A RESOLUTION ACCEPTING AND APPROVING THE TITLE VI PLAN AND PUBLIC PARTICIPATION PLAN.**

**WHEREAS**, the Ohio Mid-Eastern Governments Association receives funding from the Federal Highway Administration and Federal Transit Administration for transportation planning and enhanced mobility for seniors and individuals with disabilities; and

**WHEREAS**, federal regulations require that these activities are being conducted in accordance with the following applicable requirements:

- a. Age Discrimination Act (Amended) 29 USC 6101, 1975
- b. American with Disabilities Act 29 USC Chapter 21, 1990
- c. Executive Order 12898, Environmental Justice in Minority and Low-Income Populations, 1994
- d. Executive Order 13166, Services for Persons with Limited English Proficiency, 2000
- e. Federal Highway Act of 1973, 23 CFR 200
- f. FTA Circular 4702.1B, 2012 Title VI Guidelines for Transit Projects
- g. OAC 123:1-49-02, Equal Opportunity Division, Ohio Department of Administrative Services, 2014
- h. ORC 4112.02, Establishes Ohio's unlawful discriminatory practices, 2001
- i. Section 504 of the Rehabilitation Act 29 USC 701, 1973
- j. Standard DOT Title VI Assurances, 2014
- k. Title VI Programs and Procedures, 23 CFR Part 200, 1964
- l. 49 CFR Part 21, 1970 Application of Title VI to federally funded transportation projects
- m. 49 CFR 5332, 1994 Prohibits discrimination in public transportation

**WHEREAS**, OMEGA has developed a Title VI Plan and Public Participation Plan to comply with these requirements.

**NOW, THEREFORE, BE IT RESOLVED THAT THE EXECUTIVE BOARD OF THE OHIO MID-EASTERN GOVERNMENTS ASSOCIATION:**

**SECTION 1:** Approves the Title VI Plan and Public Participation Plan; and

**SECTION 2:** Certifies that the transportation planning process complies with the requirements as set forth above.

**APPENDIX D – Glossary of Definitions, Abbreviations,  
& Funding Types**

## DEFINITIONS, ABBREVIATIONS, & FUNDING TYPES

The following definitions and abbreviations are used throughout the project listings to describe various characteristics of the project, including location, type, funding, phase, etc.

### ABBREVIATIONS

Abbreviation	Description
Map No.	Number identifying project on map.
PID No.	The Project Identification Number assigned to a project by ODOT.
Co-Rte-Section	The official project title assigned by ODOT consisting of a three-letter county
Length Location and Termini	Contains the name of the city, township, or village in which the project begins. Termini are described in terms of prominent intersecting streets or county lines.
Type of Work	A brief description of the type of work to be performed.
FY	State Fiscal Year (FY 2018 begins on July 1, 2017).
Total Cost (000's)	Total cost of all project phases in current dollars and rounded off to the nearest thousands.
Project Sponsor	Contains the name of the city, township, or village in which the project begins. Termini are described in terms of prominent intersecting streets or county lines. Total cost of all project phases in current dollars and rounded off to the nearest thousands. The unit of government or agency that initiated the project, implementation responsibility and assigned local share.
Phase	P – Preliminary Engineering R – Right-of-Way Purchase C – Construction

### FUNDING TYPES

<b>BR</b>	Bridge Replacement/Rehabilitation	<b>NHS</b>	National Highway System
<b>CMAQ</b>	Congestion Mitigation/Air Quality	<b>NPS</b>	National Park System
<b>DISC</b>	Discretionary Funding/High Priority	<b>OTC</b>	Ohio Turnpike Commission
<b>HSIP</b>	Highway Safety Improvement Program	<b>SRTS</b>	Safe Routes to School
<b>IM</b>	Interstate Maintenance	<b>STP</b>	Surface Transportation Block Grant Program
<b>LOCAL</b>	Local Funding	<b>STATE</b>	State/ODOT Funding
<b>NHPP</b>	National Highway Performance Program	<b>TAP</b>	Transportation Alternatives Program

(740) 622-2135 FAX: (740) 623-6512

*Frederick T. Wachtel, P.E., P.S.*

March 15, 2023

To: Kevin Buettner, OMEGA

From: Frederick T. Wachtel, P.E., P.S.  
Coshocton County Engineer

Re: Additional Road Improvement Projects for The Regional Transportation Improvement Program

The Coshocton County Transportation Improvement District would like to add the projects listed below to the RTIP.

### **2024**

CR 126 from CR 12 to the Holmes County Line

- Rehabilitate 4 miles of road to serve several Amish businesses in the vicinity
- \$1 million

### **2024**

CR 275 from SR 83 to CR 271 and CR 271 from CR 275 to the entrance of the Three Rivers Energy Ethanol Plant

- Resurface CR 275, 0.75 miles, \$170,000
- Rehabilitate CR 271, 1.30 miles, \$260,000

### **2025**

New Access Roads to the Conesville Industrial Park, Franklin Township

- New Access from through the Village of Conesville from SR 16 to CR 273, 0.52 miles, \$300,000
- Resurface CR 273 from the Muskingum River Bridge to CR 271, 1.50 miles, \$300,000
- Pave and dedicate the existing haul road from CR 271 to SR 83, 1.10 miles, \$250,000

Rural Consultation & Public Involvement  
Documentation

# Rural Consultation

**REGIONAL TRANSPORTATION IMPROVEMENT PLAN**

**October 11, 2022**

# AGENDA

1. Introductions
2. OMEGA Overview
3. Regional Transportation Improvement Plan Overview
4. Comments

# OMEGA: Who Are We?

- Local Development District
- Council of Governments
- Ten County Governments

**Belmont\***

Carroll

Columbiana

Coshocton

Guernsey

Harrison

Holmes

**Jefferson\***

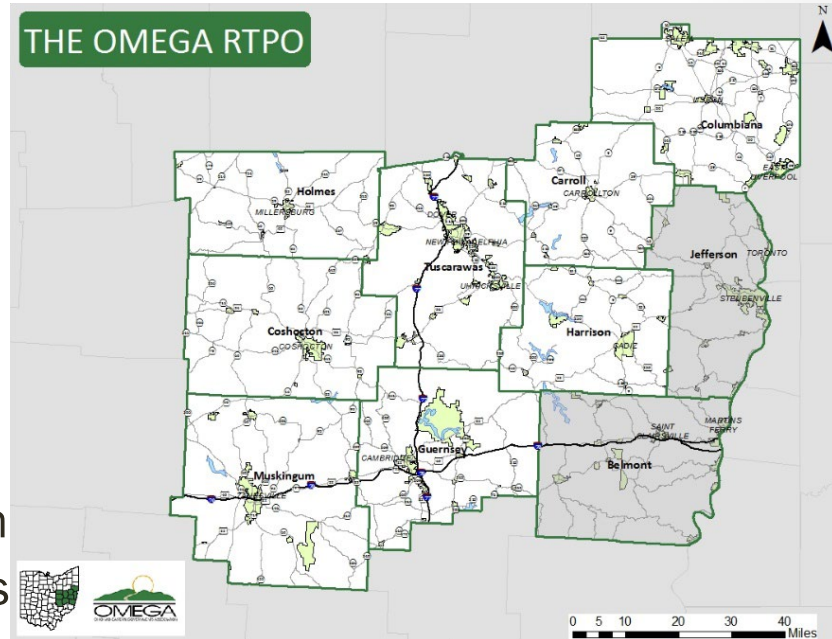

Muskingum

Tuscarawas

- Twelve City Governments

Cambridge, Coshocton, Dover, East Liverpool, Martins Ferry, New Philadelphia, St. Clairsville, Salem, Steubenville, Toronto, Uhrichsville, and Zanesville

\*Not Included in RTPo

# OMEGA's Services

- **Mission:**     *Provide a pathway to enhance community and economic growth in our region.*
- Provide Planning Assistance to Local Governments
- Provide Funding Administrative Services
- Administer ARC/GOA Program
- Administer Revolving Loan Fund Program
- Administer Comprehensive Economic Development Strategy
- Promote Collaboration
- Serve as District Liaison for the District 14 Natural Resource Advisory Council (Clean Ohio)
- **REGIONAL TRANSPORTATION PLANNING ORGANIZATION**

*Connecting Communities to Resources*

# RTPO SERVICES

- Short Range Planning
  - Active Transportation Plans / School Travel Plans
  - Regional Safety Planning
  - Participation in Statewide Planning
- Regional Transportation Planning
  - GIS Database for Local Agencies
  - Regional Transportation Plan
  - Regional Coordinated Human Services/Public Transit Plan
  - US 30 Corridor
  - Columbus to Pittsburgh Corridor
- Technical Services
  - Road Safety Audits, Curve Speed Studies, Crash Analysis
  - Grant Writing, Traffic Counts, Workshops

# Current RTP0 Goals

- Preserve Regional Assets
- Increase the Safety of Regional Infrastructure
- Facilitate Economic and Community Development
- Develop and Maintain Resiliency

# What is the RTIP/STIP?

## What is the STIP?

The Statewide Transportation Improvement Program, or STIP, is Ohio's four-year transportation planning document that serves two main purposes. First, it presents the transportation program for Ohio which includes both federally and state funded projects scheduled within the four-year period. Second, it serves as the reference document required by the Federal Highway Administration (FHWA) and the Federal Transit Administration (FTA) for use in approving federal funds for transportation projects in Ohio.

<http://www.dot.state.oh.us/Divisions/Planning/STIP/Pages/default.aspx>

# Rural Consultation

- Covers State Fiscal Years 2024-2027
- ODOT-programmed project maps will be available on the OMEGA website
- Opportunity to comment on ODOT-programmed projects
- Include Locally-Initiated Transportation Projects

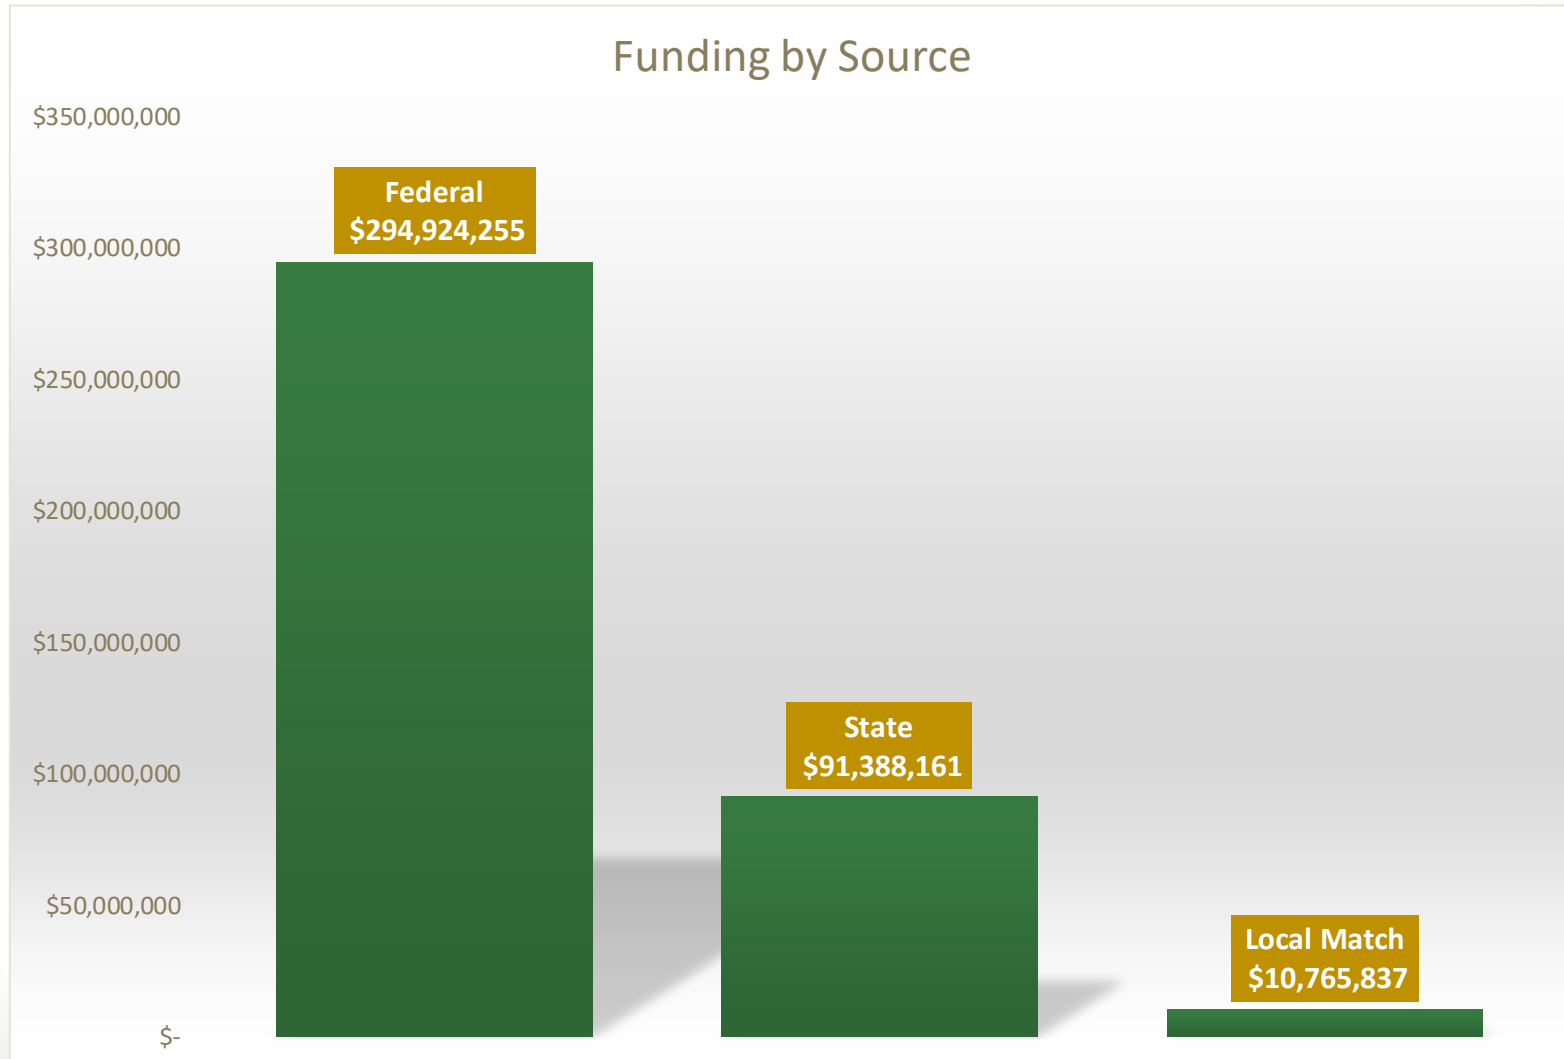

# RTIP Process

# RTIP Development Timeline

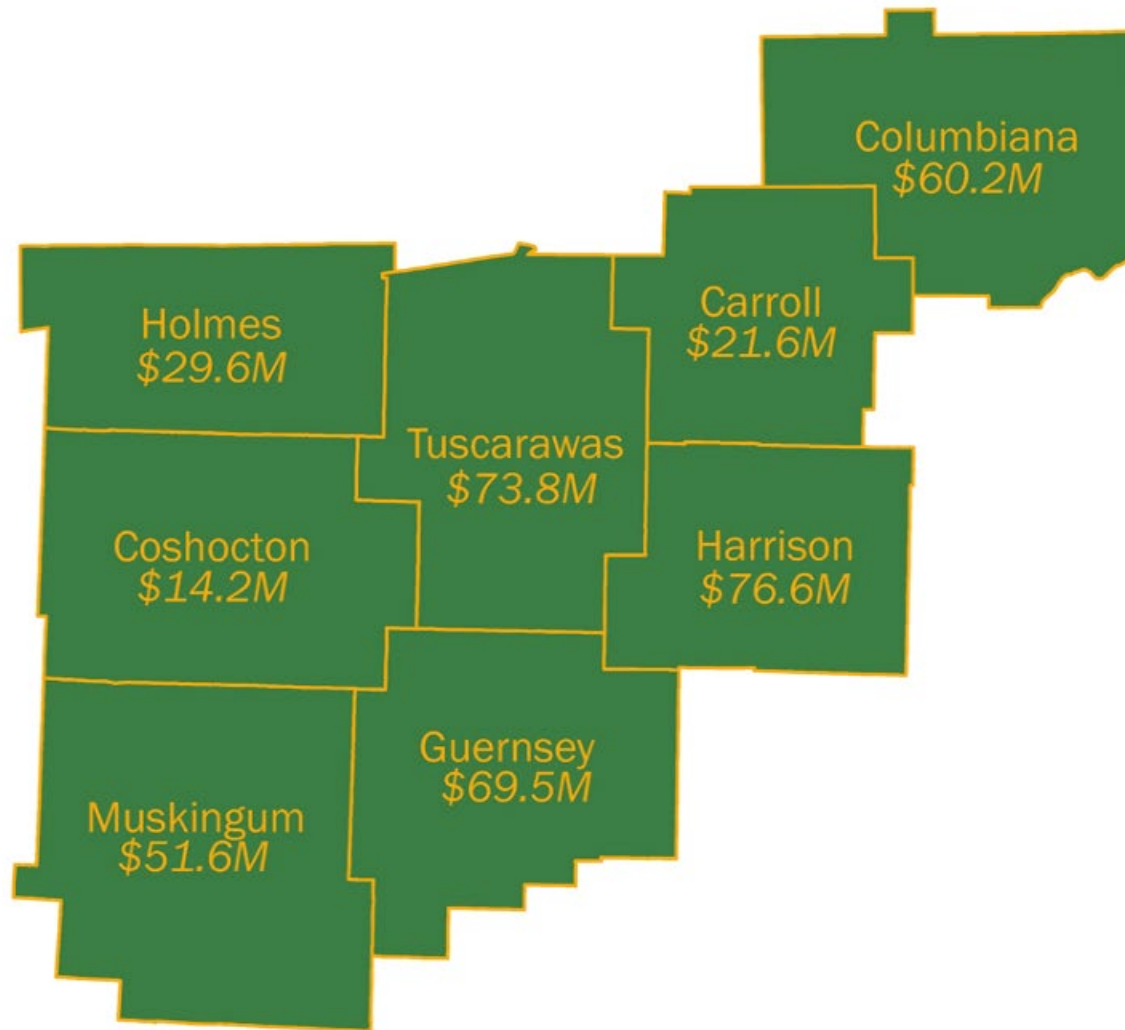

- ❖ February 1, 2023 – Draft RTIP due to ODOT
- ❖ March 3, 2023 – Draft STIP available for comment by ODOT
- ❖ March 9, 2023 – Revised draft RTIP due to ODOT
- ❖ March 10-April 10, 2023 –Public Involvement Period
- ❖ May 1, 2023 – Final RTIP due to ODOT

## ODOT plans I-77 resurfacing, bridge replacements in Tuscarawas County

**[Jon Baker](#)**

The Times-Reporter

Published 5:44 a.m. ET March 23, 2023

---

### Key Points

The Ohio Department of Transportation will be spending \$21.4 million on road projects in Tuscarawas County in 2023.

Projects will include resurfacing I-77 and replacing bridges in Dover and near Tuscarawas.

ODOT is also asking motorists to drive safely in construction zones.

---

**NEW PHILADELPHIA** – Motorists can expect some delays in the coming months as the Ohio Department of Transportation spends \$21.4 million to upgrade roads and bridges in Tuscarawas County.

Across the state, ODOT is investing a record \$2.5 billion in more than 1,000 projects during this year's construction season.

**Major project:** Accident-plagued intersection in Dover Township to be rebuilt

“There is no better place to be than right here in Ohio, and these new projects will help us keep our infrastructure in a good state of repair,” Gov. Mike DeWine said in a prepared statement. “Everyone in our state benefits from safe roads, and I am looking forward to seeing the end results of this year’s roadway improvement projects.”

ODOT noted that about 95 cents of every dollar is being spent on existing roads and bridges, as opposed to building new ones.

The state agency also warned motorists to pay attention when driving through work zones. There were 4,628 work zone-related crashes in Ohio last year, with 23 deaths, according to the Ohio State Highway Patrol.

Last year, 133 ODOT crews (workers, vehicles, and equipment) were struck while working along Ohio roadways, the state agency said.

"All of these projects, whether it's our construction projects or our maintenance projects, are to continue to maintain the roads and make them safe for folks to drive," said Lauren Borell, public information officer for ODOT District 11. "It's just so important for everybody to pay attention, not only to keep yourself safe as a driver but of course those that are out there working."

## **What are the ODOT projects in Tuscarawas County?**

The major projects this year in Tuscarawas County are:

\$8.9 million to resurface Interstate 77 from New Philadelphia to Strasburg.

\$2.7 million to resurface state Route 39 from New Philadelphia to the Carroll County line and state Route 212 from Bolivar to state Route 800 near Zoarville.

\$1.3 million to replace a bridge on state Route 416 just north of the village of Tuscarawas.

\$1.1 million to resurface various roads in New Philadelphia, including County Road 21, 16th Street SW, Mill Avenue, Seventh Street SW, Ray Avenue and Wabash Avenue.

\$945,000 to repair a landslide on I-77 near Newcomerstown by a drilled shaft retaining wall.

\$838,000 to replace the 20th Street Bridge in Dover. This will result in a road closure.

\$777,000 to construct about four miles of the Ohio & Erie Canal Towpath Trail from state Route 416 (Seven Mile Drive) to the Route 212/Route 800 intersection.

\$664,000 to reconstruct the Dover Zoar Road/Schneiders Crossing Road intersection to improve visibility at the intersection. This will result in a road closure.

\$609,000 to remove a bridge on state Route 800 south of Dennison. This will require a 45-day road closure.

\$515,000 to add a right turn lane on Walnut Street to Southern Gateway Drive in Gnadenhutten.

\$630,000 to resurface Trenton Avenue in Uhrichsville between Herrick Street and the bridge just east of Newport Avenue.

## **ODOT projects in Harrison and Carroll counties**

ODOT will be spending \$11.9 million on projects in Harrison County. Those projects include:

\$5.9 million to replace the state Route 151 bridge over the railroad tracks in Bowerston. The road will be closed for 185 days beginning Tuesday. The Route 151/Route 212 intersection will remain open.

\$827,000 to replace a bridge on U.S. Route 250 at the west end of Tappan Lake. The road will remain open, but motorists can expect delays.

\$808,000 to repair a slide on state Route 258 between Stillwater and Westchester, just north of Mays School Road. This will require a road closure.

In Carroll County, ODOT is investing \$7.3 million in road projects, including:

\$1.8 million to resurface Route 212 from Bowerston to Sherrodsville and from Route 39 to state Route 542.

\$1.1 million to replace a bridge on Route 542 over Atwood Lake near Dellroy. This project has already begun.

# Road work ahead: ODOT construction projects coming to Wayne, Ashland & Holmes in 2023

**Bryce Buyakie**

The Daily Record

Published 5:40 a.m. ET March 16, 2023

---

## Key Points

The Ohio Department of Transportation released its 2023 construction guide for Ohio.

Of the three counties, most of the ODOT projects are being done in Holmes County this year.

This list does not include local government road projects

---

Despite the recent snowfall and temperature drop, construction crews are prepping for a booming construction season. The first orange cones have already fallen upon local roadways.

**Construction industry:** Wooster's family-run Bogner Construction still thriving as fourth generation takes over

The Ohio Department of Transportation released its 2023 construction guide for Holmes County in District 11 and Wayne and Ashland counties in District 3.

Here's what you need to know for your 2023 commute.

## Holmes County ODOT construction projects

A slew of projects are slated for Holmes County this year ranging from bridge replacements to resurfacing and new bike paths, according to ODOT.

**Caught in the middle:** West Holmes residents want quick end to fire fight with Loudonville

The first began on March 15. New sidewalks will be installed along state Route 241 at a cost of \$326,648. Traffic will be maintained through the estimated completion date of Aug. 31.

Four miles of resurfacing on the Holmes County Trail will begin on April 1 starting just north of Depot in Millersburg to County Road 189 in Holmesville. It will likely end on June 9 and cost \$473,716. No traffic slowdowns are expected.

State Route 39, state Route 754 in Holmes County and state Route 93 in Tuscarawas County will have culverts replaced at an estimated \$1.9 million. This work began March 15. Roads will be closed through Aug. 31.

A bridge on Township Road 123 will be replaced and realigned over Doughty Creek starting April 3. The \$1.2 million project will restrict lanes and is estimated to end by Oct. 31.

Resurfacing will begin on May 1 for U.S. Route 62 west of Killbuck from Township Road 76 to Township Road 24. Lane restrictions will be maintained through Sept. 30 for the \$1.4 million project.

Four miles of bike paths will be built on the Holmes County Trail from County Road 25 in Glenmont to state Route 520. A bridge on the route will be rehabilitated. The \$3.7 million project will start May 1 and is estimated to finish by Nov. 30.

New sidewalks will be built along South Washington Street in Millersburg from South Monroe Street to Glen Drive. Starting May 1, the roughly \$294,000 project will conclude by Aug. 31 with limited impact to traffic.

A culvert will be improved on U.S. Route 62 east of Millersburg starting May 29. The nearly \$120,000 project will end by late Sept.

Mohican Valley Trail Phase 1 will start Aug. 1, with the construction of a shared use path from the end of the covered bridge near County Road 23 at the Ashland-Holmes County line. The project is \$1.6 million and is estimated to finish by Oct 31.

## **Ashland County ODOT construction projects for 2023**

Five state construction projects are scheduled in Ashland County.

**Settlement:** Juul e-cigarette settlement money coming to Wayne, Ashland and Holmes school districts

The first will begin in April and is likely to end in October. It is a U.S. Route 42 slide repair just east of Township Road 101 and is estimated to cost \$874,933.

Ashland and Richland county roads will be chip sealed to keep the roadways from becoming brittle.

The county will see state Route 89 from State Route 95 to the village of Jeromesville's southern corporation limits and from the northern corporation limits of Jeromesville to Congress Street sealed.

State Route 439 between Charles Mill Lake Eagle Point Campground to Main Street and state Route 511 from U.S. Route 30 to U.S. Route 42 will also be sealed.

State Route 430 in Richland County will be sealed between Reed Road and the campground. Traffic will be maintained at all times during this \$1.5 million project, which will run from July to September.

## **ODOT road work slated for Wayne County this year**

**Playlab:** Design nears completion for Dalton STEAM Playlab exhibits, fall opening eyed

New road projects are coming to Wayne County while the multi-year state Route 83 major rehabilitation is slated to end in October. The \$30.6 million project will see the right lane in both directions closed starting Monday, March 20 to remove crossover lighting, according to ODOT. The next day, the left lane in both directions will be closed to work on the crossover area of the media wall. This is the start of long-term lane closures along state Route 83 this year.

State Route 94 will be resurfaced from Fox Lake Road to just north of Main Street. The \$2.3 million project will begin in May and end in October.

Starting in May, U.S. Route 250 from West Lebanon Road to Canton Street will be closed for culvert repair. the estimated cost is \$462,000.

# MORNING JOURNAL

## **OMEGA: \$58.8M in proposed projects for county discussed**

LISBON — A draft Regional Transportation Improvement Plan for 2024-2027 includes \$58.8 million worth of proposed projects in Columbiana County, including the East Liverpool Riverfront Trail and the downtown Leetonia streetscape.

The Ohio Mid-Eastern Governments Association hosted a public meeting Tuesday at the Columbiana County Port Authority office to discuss the four-year regional transportation plan, which covers projects in Columbiana, Carroll, Cochocton, Guernsey, Harrison, Holmes,

Beaver Local Schools PRESENTS COLLEGE BRACKET CHALLENGE PLAY FOR YOUR CHANCE TO WIN GREAT LOCAL & NATIONAL PRIZES! PLAY NOW >

A copy of the draft plan can be seen at <https://omegadistrict.org/programs/transportation/rtip/>. OMEGA is currently seeking public input and comments on the plan. Written comments must be sent by April 30 to OMEGA at 326 Highland Ave., Suite B, Cambridge, Ohio 43725.

Kevin Buettner, Transportation Director of OMEGA, gave a brief presentation about the agency and then an overview of the RTIP, including an interactive map showing the various projects. This map can be accessed on the OMEGA website. He said the majority are Ohio Department of Transportation District 11 projects, but some are through the county and a few are specific to communities.

In talking about the many projects, Buettner said *“we want to make sure what we do is maintained. We want to increase safety where we can.”*

He explained that a lot of the work is about tweaking what’s already there, such as resurfacing a road or repairing a bridge and some of the projects may be done in phases over time during the period the plan covers, which is from fiscal year 2024, which actually starts July 1, through fiscal year 2027, ending June 30, 2027.

The plan must be submitted to ODOT, but Buettner made it clear that these projects are happening. Funding is coming from a mix of different

The banner features the Beaver Local Schools logo on the left, which includes the text 'Beaver Local Schools' and 'PRESENTS:'. To the right of the logo is the 'COLLEGE BRACKET CHALLENGE' logo, which includes a basketball icon. The main text of the banner reads 'PLAY FOR YOUR CHANCE TO WIN GREAT LOCAL & NATIONAL PRIZES!' in large, bold, white letters. On the far right, there is a yellow button with the text 'PLAY NOW >' in black.

The East Liverpool Riverfront Project carries a total project cost of \$1,317,815 for a shared use path connecting downtown East Liverpool to the Ohio River riverfront.

The Leetonia streetscape project, with a total project cost of \$1,653,331, covers the area along Main Street, Chestnut Street and Walnut Street and includes pedestrian safety improvements, ADA compliant features, lighting, curb bump outs, new crosswalks and the addition of a dedicated bike lane.

Other projects include minor roadway rehabs, such as paving and pavement repairs, major roadway rehabs, bridge preservation, bridge replacement, lighting, culvert preservation, sidewalks, guardrail improvements and slope repairs.

The breakdown of costs includes \$24.4 million for minor roadway rehabs, \$16.9 million for major roadway rehabs, \$11.8 million for bridge preservation, more than \$2 million for pedestrian projects, such as the Leetonia streetscape and sidewalks in Columbiana, more than \$1 million for the East Liverpool Riverfront Project, \$300,000 each for guardrails throughout the county and the parking lot at the Highlandtown Wildlife facility, \$741,789 for lighting (for safety) along state Route 170 in Calcutta, \$580,300 for slope repair on state Route 644 northwest of state Route 518, \$323,257 for culvert preservation and \$176,000 for bridge/culvert replacements for a total of \$58.8 million.

Bridge preservation projects will include replacing bridges on state Route 170 north of state Route 14, U.S. Route 30 east of state Route 170, Market Street in Lisbon, Pritchard Avenue in Lisbon, Hunston Road over Leslie Run, repairs on the bridge on state Route 45 south of state Route 344, replacing the deck on the bridge on U.S. Route 30 east of the U.S. Route 30 and state Route 170 interchange and installing vandal protection fence on the Jackson Street bridge in East Liverpool over U.S. Route 30.

**Beaver Local Schools** PRESENTS **COLLEGE BRACKET CHALLENGE** **PLAY FOR YOUR CHANCE TO WIN GREAT LOCAL & NATIONAL PRIZES!** [PLAY NOW >](#)

Hanoverton to Lisbon, state Route 39 from East Liverpool to the Pennsylvania state line, U.S. Route 30 from state Route 11 to CR 451, state Route 7 north of state Route 45 to East Liverpool, portions of U.S. Route 62 near Salem, Dresden Avenue from Grant Street to Sixth Street in East Liverpool, state Route 344 from Leetonia to Salem, state Route 46 from state Route 170 to East Palestine, state Route 154 from Rogers to the Pennsylvania state line, state Route 164/644 from Lisbon to Summitville, state Route 39 from state Route 164 to state Route 7, and state Routes 9, 14 and 173 inside Salem. There's also some chip and seal and culvert replacements.

## Public Meeting – Columbiana County

3/21/23

Kevin Buettner, Transportation Director for OMEGA reviewed the services offered by OMEGA and OMEGA's roles as an RTPPO. He also reviewed the RTIP/STIP 2024-2027 requirements, schedule, federal, state, and local investment, and projects programmed by ODOT for Columbiana County.

Mr. Buettner also reviewed the Environmental Justice Map for the OMEGA region to make sure that environmental justice populations are not adversely impacted by projects located within low income and/or minority populations. He also referenced the availability of maps and project information on OMEGA's website. <https://omegadistrict.org/programs/transportation/rtip/>

Attendees asked questions about the types of projects there were scheduled and inquired about how they may be able to get additional information. Mr. Buettner explained that OMEGA staff or ODOT D11 staff would be able to take a deeper look into any project by locating the Project ID Number or PID.

## Public Meeting – Guernsey County

3/22/23

Kevin Buettner, Transportation Director for OMEGA reviewed the services offered by OMEGA and OMEGA's roles as an RTPPO. He also reviewed the RTIP/STIP 2024-2027 requirements, schedule, federal, state, and local investment, and projects programmed by ODOT for Columbiana County.

Mr. Buettner also reviewed the Environmental Justice Map for the OMEGA region to make sure that environmental justice populations are not adversely impacted by projects located within low income and/or minority populations. He also referenced the availability of maps and project information on OMEGA's website. <https://omegadistrict.org/programs/transportation/rtip/> .

Question: Is there a bridge replacement project near City reservoir?

Answer: No, bridges on I-77 primarily sealing as part of I-77 resurfacing.

ODOT District-wide projects were excluded from maps, but included in county totals. Guernsey County Engineer will be doing shoulder widening on several county roads. I-70 and I-77 will be resurfaced.

Bridge over Wills Creek, SR 658 by SR 541 intersection will be closed during replacement.  
Bridge over Crab Creek 108353 FY26: unknown whether or not bridge will be closed.  
Edgeworth Ave project will be postponed.

## Public Meeting – Carroll County

3/28/23

Kevin Buettner, Transportation Director for OMEGA reviewed the services offered by OMEGA and OMEGA's roles as an RTP. He also reviewed the RTP/STIP 2024-2027 requirements, schedule, federal, state, and local investment, and projects programmed by ODOT for Columbiana County.

Mr. Buettner also reviewed the Environmental Justice Map for the OMEGA region to make sure that environmental justice populations are not adversely impacted by projects located within low income and/or minority populations. He also referenced the availability of maps and project information on OMEGA's website. <https://omegadistrict.org/programs/transportation/rtp/>.

Two member of the public asked how they could access data for projects within their community. Two township trustees from Brown Township asked about how projects get funded and placed on the RTP. Mr. Buettner discussed potential funding strategies and discussed potential future projects after the presentation was complete.

## Public Meeting – Harrison County

3/29/23

Kevin Buettner, Transportation Director for OMEGA reviewed the services offered by OMEGA and OMEGA's roles as an RTP. He also reviewed the RTP/STIP 2024-2027 requirements, schedule, federal, state, and local investment, and projects programmed by ODOT for Columbiana County.

Mr. Buettner also reviewed the Environmental Justice Map for the OMEGA region to make sure that environmental justice populations are not adversely impacted by projects located within low income and/or minority populations. He also referenced the availability of maps and project information on OMEGA's website. <https://omegadistrict.org/programs/transportation/rtp/>.

Commissioner Coffland asked about a project on US 22, widening from the current two lanes to a four-lane facility. Currently, there is not a project within the RTP addressing this project, though there is a PID associated with previous studies. ODOT District 11 staff told the Commissioner that there is a TRAC application being developed and if funded, it would be in a future RTP.

## Public Meeting – Holmes County

3/30/23

Kevin Buettner, Transportation Director for OMEGA reviewed the services offered by OMEGA and OMEGA's roles as an RTPPO. He also reviewed the RTIP/STIP 2024-2027 requirements, schedule, federal, state, and local investment, and projects programmed by ODOT for Columbiana County.

Mr. Buettner also reviewed the Environmental Justice Map for the OMEGA region to make sure that environmental justice populations are not adversely impacted by projects located within low income and/or minority populations. He also referenced the availability of maps and project information on OMEGA's website. <https://omegadistrict.org/programs/transportation/rtip/> .

Commissioner Hall asked about a project on SR 515 north of Walnut Creek. Project schedule showed the beginning of the project in summer, which is peak tourist season for the area. The route is often used as a shortcut between US 62 to the north and SR 39 to the south. ODOT District 11 staff talked about the schedule and how there may be room to adjust the timeline, as the project was still approximately 3 years from starting construction.

Commissioner Hall expressed reservations about a planned roundabout at the intersection of SR 557 and SR 39. This intersection of two 2-lane highways backs up traffic as northbound motorists turning left (WB) onto SR 39 or westbound motorists turning left (SB) onto SR 557 back up traffic due to traffic volumes, especially during peak tourist seasons. Other members of the public concurred. There were additional concerns about Amish buggy traffic through the roundabout. ODOT D11 staff took note of the concerns and would pass them to the project manager to continue the conversation at a later date.

## Public Meeting – Coshocton County

4/4/23

There were no attendees at this meeting.

## Public Meeting – Muskingum County

4/5/23

There were no attendees at this meeting.

## Public Meeting – Tuscarawas County

4/6/23

Kevin Buettner, Transportation Director for OMEGA reviewed the services offered by OMEGA and OMEGA's roles as an RTPPO. He also reviewed the RTIP/STIP 2024-2027 requirements, schedule, federal, state, and local investment, and projects programmed by ODOT for Columbiana County.

Mr. Buettner also reviewed the Environmental Justice Map for the OMEGA region to make sure that environmental justice populations are not adversely impacted by projects located within low income and/or minority populations. He also referenced the availability of maps and project information on OMEGA's website. <https://omegadistrict.org/programs/transportation/rtip/> .

No questions were presented.
