1 - Introduction

RTPO Overview

The Ohio Mid-Eastern Governments Association (OMEGA) is organized as a ten-county Council of Governments pursuant to Section 167 of the Ohio Revised Code and is designated by the Appalachian Regional Commission as a Local Development District and by the US Department of Commerce, Economic Development Administration, as an Economic Development District. OMEGA's mission is to "provide a pathway to enhance community and economic growth in our region." OMEGA is organized as a collaborative body of member governments that serves as a facilitator between state and federal government agencies and local entities to provide opportunities in economic and community development through networking, education, planning, research, and allocation of resources.

Figure 1-1 – OMEGA RTPO Region

Moving Ahead for Progress in the 21st Century (MAP-21) was the federal transportation bill (signed into law in 2012) that first provided guidance to formally designate Regional

Transportation Planning Organizations (RTPOs) to assist the state Departments of Transportation (DOTs) in conducting the nonmetropolitan transportation planning process (23 USC 135). In July 2013, the Ohio Department of Transportation (ODOT) began designating RTPOs and funding them to provide planning services to the RTPO region's local government members. RTPO responsibilities include the review and coordination of transportation system project investments with regional community and economic development plans. RTPOs also conduct a broad range of transportation planning activities within their regions and are responsible for creating several key recurring planning documents (see 23 CFR 450.210(d)). These required planning documents include:

- A multimodal, long-range transportation plan (LRTP) for the region, updated every five years
- A biennial regional transportation improvement program (RTIP)
- An annual unified planning work program (UPWP)

On January 27, 2016, Governor John Kasich, pursuant to United States Code, Title 23, Section 135 (m), officially designated OMEGA as an Ohio Regional Transportation Planning Organization (RTPO). The OMEGA RTPO includes Carroll, Columbiana, Coshocton, Guernsey, Harrison, Holmes, Muskingum, and Tuscarawas Counties. Transportation planning activities for Jefferson and Belmont counties are handled by the Metropolitan Planning Organizations (MPOs) of Brooke-Hancock-Jefferson Metropolitan Planning Commission (BHJ) and the Bel-O-Mar Regional Council, respectively.

As an RTPO, OMEGA identifies local transportation needs, conducts planning, assists local governments, and supports the statewide transportation planning to provide a voice for the non-metropolitan region OMEGA represents. In June 2025, OMEGA will be completing a comprehensive Long-Range Regional Transportation Plan (LRTP) which will become effective on July 1, 2025. This plan collects goals, recommendations, and projects to meet the infrastructure and economic development needs of the region, while addressing all modes of transportation: roads, bridges, bicycle/pedestrian, air, rail, waterways, and ports. Following the development of this plan, OMEGA focused on providing technical assistance (e.g., grant writing, GIS mapping, traffic counts, and safety analyses) and working with communities on project planning to advance transportation and infrastructure projects beyond the conceptual phase.

In 2022, the Ohio Legislature created the RTPO Capital Allocation Program as a part of the state's Surface Transportation Block Grant allocation from the US Department of Transportation. This program provides an annual amount of funding to each RTPO based upon population and land area and allows for local control of awarding funding to transportation within an RTPO region. The program was renewed and doubled in the SFY 2024-2025 biennial budget. OMEGA received \$1.13 million per fiscal year and was able to award funding to 12 projects.

RTIP Overview

The RTIP is a comprehensive and financially constrained listing of regional transportation projects and services that are scheduled for some phase of implementation within the four-year Statewide Transportation Improvement Program (STIP) period. The projects identified within this program were selected through a continuous, comprehensive, and cooperative planning effort between OMEGA, the State of Ohio, and local entities, and are in alignment with the goals of the OMEGA 2025-2050 LRTP. The projects have funding commitments from a variety of federal, state, and local sources. The program of projects maintains a balance of local and regional needs and includes projects from multimodal forms of transportation, including highways, public transportation or transit, bicycles, and pedestrians.

The development of the RTIP is the responsibility of OMEGA and is developed on a biennial basis in conjunction with the Statewide Transportation Improvement Program (STIP). Public comments are addressed and coordinated within the RTIP. Once the RTIP is adopted by the OMEGA Executive Board, it is submitted for consideration to ODOT for inclusion by reference in the Ohio STIP. **Figure 1-2** provides a timeline of the OMEGA RTIP development process.

OMEGA is also including a list of priority projects that are currently unfunded and have been identified by stakeholders. Should funding become available, these projects can be reasonably expected to begin construction between 2026 and 2029.

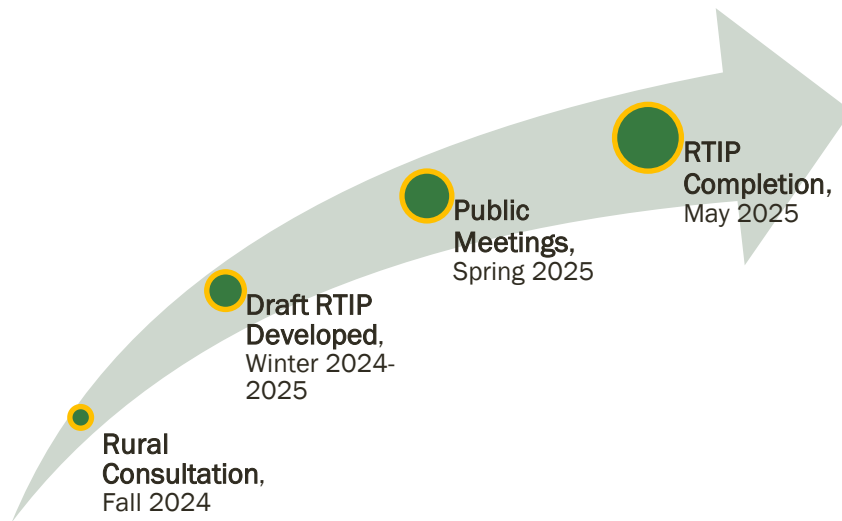

Figure 1-2 – RTIP Development Schedule

Consistency with the Long-Range Transportation Plan

OMEGA will be completing its long-range transportation plan in June 2025. The 2025-2050 plan update began alongside the RTIP development in Fall 2024. The long-range plans are federally required to cover a minimum 20-year time horizon and must analyze all transportation needs over that time period, including roadway, bridge, transit, and non-motorized modes of travel.

The goals, objectives, and/or strategies stated in the LRTP establish OMEGA's overall approach to the prioritization of transportation projects and investments. These goals and their descriptions are included below in **Table 1-1**.

	Goal	Description
1	Preservation	Preserve Regional Assets
2	Safety	Increase Safety of Regional Infrastructure
3	Development	Facilitate Economic & Community Development
4	Resiliency	Develop and Maintain Regional Resiliency
5	Quality of Life	Enhance Quality of Life for Visitors and Residents

Table 1-1 – LRTP Goals

Glossary of Terms and Acronyms

A glossary of terms and acronyms is available in **Appendix D**.

2 - Performance Based Planning & Programming

Introduction to Transportation Performance Management

FHWA and FTA have developed a series of performance measures that every state must monitor to determine how effectively their transportation investments are advancing the national performance goals. A list of the national goal areas and associated performance measures is shown below. Statewide transportation targets have been established for each of these performance metrics. The targets were established by a coordinated effort between ODOT, MPOs, and RTPOs.

As an RTPO, OMEGA was not required to adopt or set benchmarks for these performance measures, and instead chose to support statewide efforts. Therefore, in March 2023, the OMEGA Executive Board, upon the recommendation of the Transportation Advisory Committee, adopted a resolution supporting the statewide targets for Transportation Performance Management.

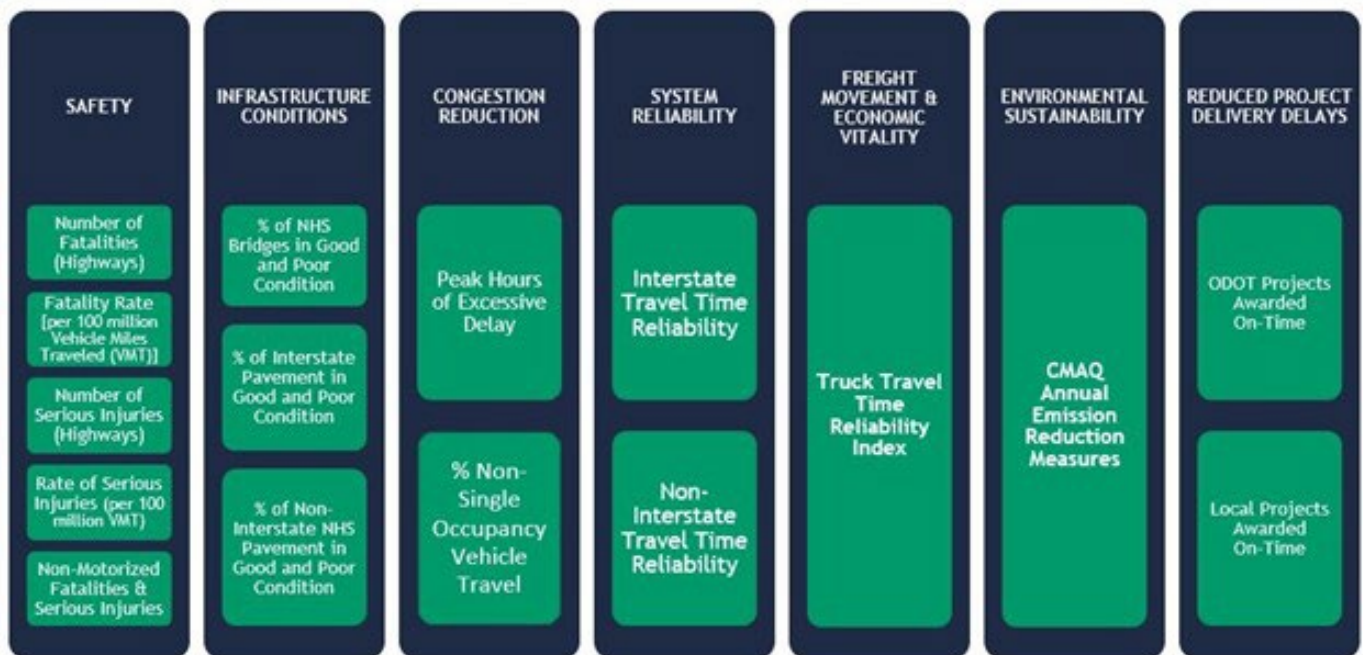

Figure 2-1 – National Transportation Goal Areas & Performance Measures Source: ODOT

Please refer to [ODOT's Transportation System Performance Report](#) for more information.

OMEGA's Federal Transportation Performance Measures

The following is a list of the federally required transportation measures applicable to the OMEGA region (see 23 CFR 490). OMEGA works with ODOT and other local transportation partners to ensure regional transportation projects are selected to effectively address transportation performance measures.

PM 1: Safety Performance Measures

Federal Rule 23 CFR 490.207 requires states to establish five safety performance measures and set targets for those measures to demonstrate fatal and serious injury reductions on all public roads. The figure below shows the safety performance measures, baselines, and targets. These statewide performance measures are evaluated on a 5-year rolling average. OMEGA, as an agency, has chosen to support the statewide target.

Performance Measure	2023 Performance	2023 Target	Target Met?	2025 Target
Fatalities	1,228	< 1,173	No	< 1,180
Fatality Rate	1.12	< 1.04	No	< 1.08
Serious Injuries	7,791	< 7,649	No	< 7,482
Serious Injury Rate	6.77	< 6.77	No	< 6.51
Non-Motorized Fatalities & Serious Injuries	842.4	< 824	No	< 809

Table 2-1 – Statewide Safety Targets

The table below shows the total projects and amount of money that is being invested to improve the safety of the OMEGA transportation system.

Total Safety Projects	Total Safety \$ (Millions)	Projects with HSIP \$	HSIP \$ (Millions)
49	\$43.8 M	11	\$7.0 M

Table 2-2 – Safety Projects in OMEGA Region

PM 2: Infrastructure Condition Measures

23 CFR 490.307 and 23 CFR 490.407 establish performance measures to evaluate the condition of Ohio's National Highway System (NHS) pavements and bridges. The table below shows these performance measures along with their baselines, 2-year targets, and 4-year targets.

A bridge is defined by the federal government as a structure including supports erected over a depression or an obstruction, such as water, highway, or railway, and having a track or passageway for carrying traffic or other moving loads, and having an opening measured along the center of the roadway of more than 20 feet between under copings of abutments or spring lines of arches, or extreme ends of openings for multiple boxes; it includes multiple pipes, where the clear distance between openings is less than half of the smaller contiguous opening (23 CFR 650.305).

Infrastructure Condition Measures and Targets					
Performance Measure	Baseline (2021)	2-Year Performance (2023)	2-Year Target (2023)	4-Year Target (2025)	2-Year Target Met?
Interstate Pavement Condition					
% Good	72.9%	75.4%	> 55%	> 55%	Yes
% Poor	0.1%	0.1%	< 1%	< 1%	Yes
Non-Interstate NHS Pavement Condition					
% Good	46.4%	50.4%	> 40%	> 40%	Yes
% Poor	1.9%	1.3%	< 2%	< 2%	Yes
NHS Bridge Conditions					
% Good	60.9%	60.8%	> 55%	> 55%	Yes
% Poor	2.0%	2.0%	< 3%	< 3%	Yes

Table 2-3 – ODOT Infrastructure Condition Measures

The tables below show the total projects and amount of money that is being invested to maintain and improve pavement and bridge conditions in the OMEGA region during the STIP period.

Road Type	Number of Projects	Lane Miles Improved ¹	Construction \$ (Millions) ²
Interstate	8	217	\$58.1 M
Non-Interstate NHS	9	103	\$78.8 M

¹ Sum of road segments on RTIP that have pavement treatments

² Projects that have construction contract funds assigned to specifically to improving pavement condition of interstate or Non-Interstate NHS segments.

Table 2-4 – RTIP Projects Improving Pavements

Number of Projects	Bridges Improved ¹	Construction \$ (Millions) ²
8	16	\$34.0 M

¹ Sum of bridges on RTIP that have bridge treatments.

² Projects that have construction contract funds assigned to specifically improve bridges on the NHS system.

Table 2-5 – RTIP Projects Improving NHS Bridges

PM 3: Travel Time Reliability

23 CFR 490.507 and 23 CFR 490.607 established the performance measures for the Level of Travel Time Reliability on Ohio's NHS system. The table below shows these performance measures along with their baselines, 2-year targets, and 4-year targets.

System Reliability Measures and Targets					
Performance Measure	Baseline (2021)	2-Year Performance (2023)	2-Year Target (2023)	4-Year Target (2025)	2-Year Target Met?
Travel Time Reliability (TTR) - Interstates	98.8%	97.1%	> 85.0%	> 85.0%	Yes
Travel Time Reliability (TTR) - Non-Interstates	96.4%	95.9%	> 80.0%	> 80.0%	Yes
Truck Travel Time Reliability (TTTR) Index	1.19	1.22	< 1.50	< 1.50	Yes

Table 2-6 – ODOT Travel Time Reliability Performance Measures

The table below shows the total projects and amount of money that is being invested to improve travel time reliability on the NHS system in the OMEGA region during the STIP period.

Road Type	Number of Projects ¹	Construction \$ (Millions) ²
Interstate	0	\$0.0 M
Non-Interstate NHS	0	\$0.0 M

¹ Projects that have one of the following primary project purposes (Bridge Expansion, Intersection Expansion, Interchange Expansion, New Roadway, Add Through Lane(s), Rail Grade Separation, Transport System Mgmt. and Ops) or Projects that have funding with one of the following enhancements (Auxiliary Lanes, New Traffic Control Devices, Rail Grade Separation, Signal Coordination, Turn Lanes, 2-Way Left Turn Lanes, Widened Bridges, Widened Intersections) or that have one of the following Federal improvement codes (New Construction, Reconstruction – Added Capacity, Bridge – New Construction, Bridge Replacement – Added Capacity, Rail/Highway Crossing, Traffic Management Engineering – HOV).

² Sum of construction costs for RTIP projects that meet criteria 1 above.

Table 2-7 – RTIP Projects Improving Travel Time Reliability

While congestion and air quality measures are not applicable to the OMEGA region, the table below highlights the investment into active and alternative transportation to provide a more complete picture of upcoming improvements to the regional transportation system.

Total Non-SOV Projects ¹	Total Non-SOV \$ (Millions)	Non-SOV Projects with CMAQ \$	Non-SOV CMAQ \$ (Millions)
12	\$14.1 M	N/A	N/A

¹ Projects that have a primary project purpose related to one of the following (Pedestrians, Bicycles, Rideshare) or that have one of the following Federal improvement codes (Facilities for Pedestrians & Bicycles).

Table 2-8 – RTIP Projects Improving Non-Single Occupancy Vehicle (SOV) Travel

3 - Air Quality Conformity

According to the US EPA's "Green Book", there are no counties within the OMEGA RTPPO with a designated status of "Non-Attainment" or "Maintenance" areas for one of the criteria pollutants. Therefore, an air quality conformity analysis is not required.

4 - Environmental Justice Analysis

Environmental Justice requires all federally funded agencies, including OMEGA, to identify and address disproportionately high and adverse human health or environmental effects of their actions on minority and low-income populations, to the greatest extent practicable and permitted by law. Agencies must also develop strategies to address any disproportionate and adverse impacts that are brought to light.

There are three fundamental environmental justice principles:

1. Avoid, minimize, or mitigate disproportionately high and adverse human health and environmental effects, including social and economic effects, on minority populations and low-income populations.
2. Ensure the full and fair participation of all potentially affected communities in the transportation decision-making process.
3. Prevent denial of, reduction in, or significant delay in the receipt of benefits by minority and low-income populations.

OMEGA utilizes a four-step process for the analysis in our Transportation Improvement Program. This process is applied to all transportation related projects in OMEGA's RTIP, including those on roads, bridges, pedestrian and bicycle infrastructure, and public transit.

1. Public Outreach & Engagement
2. Development of the Regional Demographic Profile
3. Consideration of Environmental Effects
4. Technical Analysis of Planned and Programmed Projects

For additional information, please refer to OMEGA's current [Title VI/Public Participation Plan](#), also found in **Appendices B & C**. OMEGA has a preliminary Environmental Justice policy contained within the Title VI/Public Participation Plan, but has plans to develop a full policy in the future.

Public Outreach & Inclusion

To ensure that the OMEGA region's transportation-disadvantaged populations have a voice in the planning process, OMEGA conducts the following outreach activities to engage the region's minority and low-income populations:

- County-specific public involvement meetings
- OMEGA's Transportation Advisory Committee Meetings
- Documents and meeting presentations can be made available in languages other than English upon request.

Environmental Justice Analysis

The following analysis demonstrates the anticipated impact of the projects programmed within the SFY 2026-2029 RTIP on the OMEGA region's minority and low-income populations.

County	Median Household Income	% Minority Population
Carroll	\$64,675	6.8%
Columbiana	\$58,474	9.8%
Coshocton	\$54,687	6.7%
Guernsey	\$55,756	7.5%
Harrison	\$53,851	7.7%
Holmes	\$74,774	4.2%
Muskingum	\$59,203	11.5%
Tuscarawas	\$64,494	8.8%

Table 4-1 – Median Household Income and % Minority Population by County

Based on data from the American Community Survey 5-Year Estimates 2019 - 2023 (ACS), OMEGA focused on two population groups: minority and low-income residents to complete the Environmental Justice assessment. The profile summarizes the data for both population groups by U.S. Census Tract. The U.S. Census Bureau defines a census tract as "a geographic region defined for the purpose of taking a census." Usually these coincide with the limits of cities, towns, and other administrative areas within a county. To be consistent with transportation planning activities, only the eight RTPPO counties within the OMEGA region were used to analyze minority populations and income levels. There are 113 census tracts in the eight-county RTPPO region as of the 2023 census from ACS.

Although minorities and persons in poverty live throughout the OMEGA region, many are concentrated in specific locations and neighborhoods in or near municipal areas. A person is counted as a member of a minority group if he or she claimed any of the following: Black, American Indian or Alaskan Native, Asian, Native Hawaiian or Other Pacific Islander, or Hispanic. Based on data from the 2019 - 2023 ACS, minorities comprise 8.6% of the population within OMEGA RTPPO census tracts. Therefore, any census tract with a percentage above 8.6% was considered to have a regionally significant concentration of minority populations, see **Figure 4-1**.

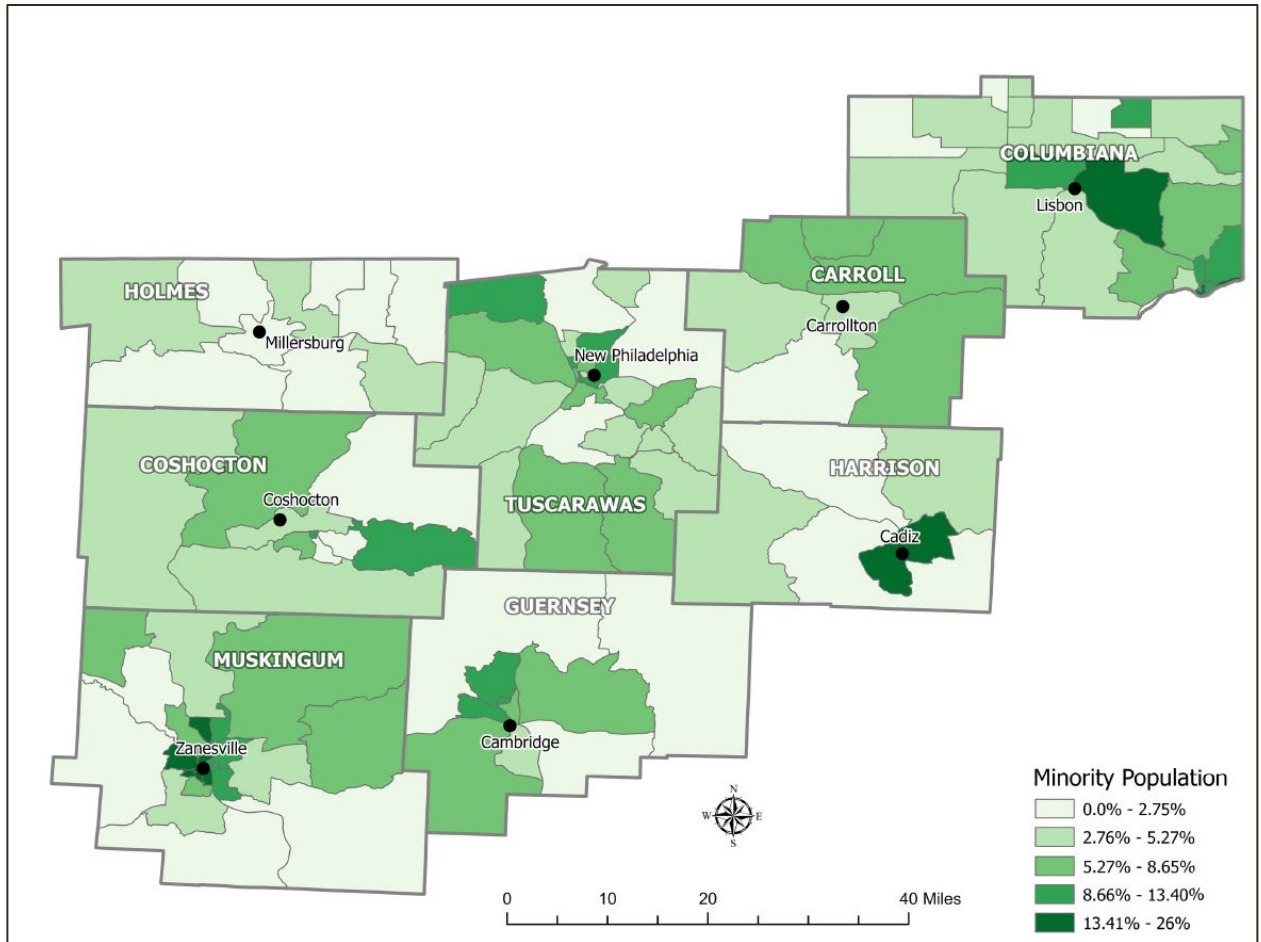

Figure 4-1

A similar approach was taken to establish regionally significant concentrations of populations with low income. Based on data used in the 2023 ACS, the average Median Household Income (MHI) within OMEGA RTPO census tracts was \$61,487. Therefore, any census tract with an MHI below \$61,487 was considered to have a regionally significant concentration of low-income residents, see **Figure 4-2**.

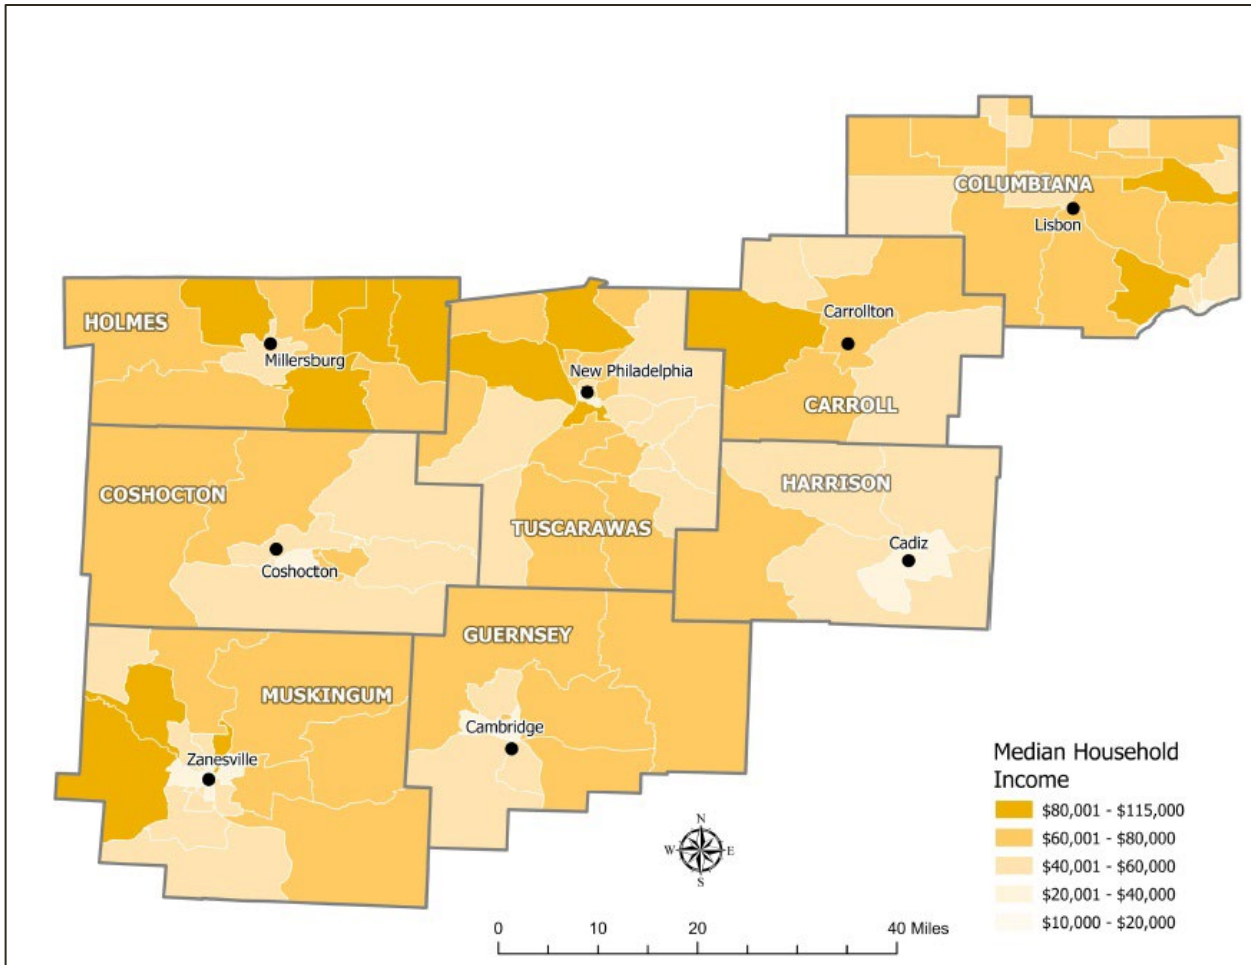

Figure 4-2

Finally, GIS analysis was used to determine which census tracts had either higher-than-average minority or higher-than-average low-income populations. These tracts were then identified as Environmental Justice populations within the OMEGA region. 50 tracts in the OMEGA RTPO region were considered to have either higher-than-average minority or higher-than-average low-income populations. This represents 44% of the 113 census tracts within the RTPO region, see **Figure 4-3**.

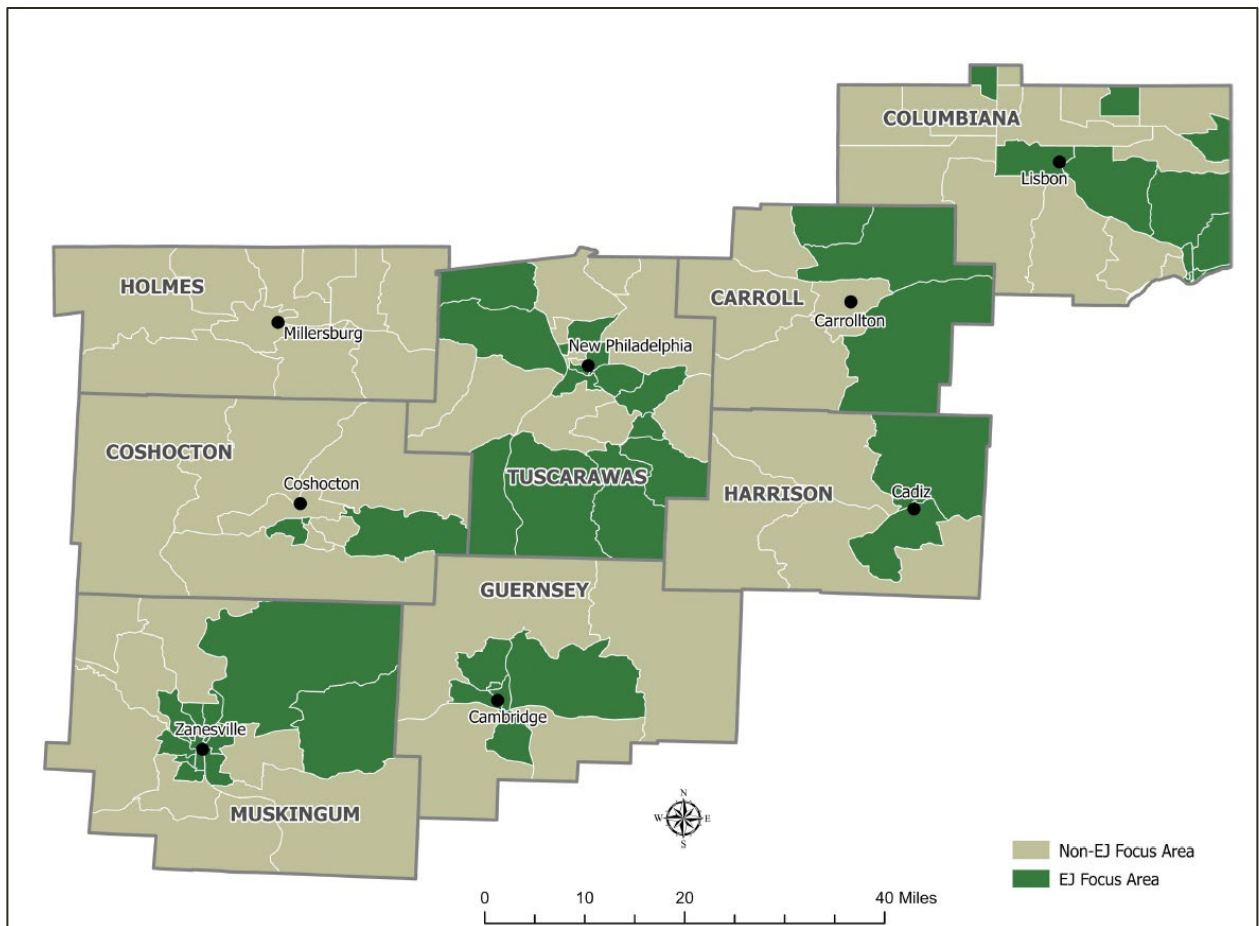

Figure 4-3

Environmental Effects

To comply with Executive Order 12898, a list of project control variables was established to qualitatively evaluate the environmental effects of projects that are in minority or low-income areas. The variables considered were:

- Safety
- Congestion
- Aesthetics
- Natural Environment
- Local Economy
- Residents
- Accessibility

Analysis of Environmental Effects on OMEGA Projects

During the project review process, a project's location was mapped to identify if the project would affect an Environmental Justice population. Projects not located within an Environmental Justice population were exempt from further analysis and marked as "N/A." Projects that were located within an Environmental Justice population area were then subject to further review by the control variables listed above.

Projects contained within Environmental Justice areas were not found to have adverse effects to the local populations, as these projects were not creating/expanding capacity and generally were found to be beneficial to the area due to increased safety, enhanced aesthetics, and/or connectivity for non-motorized users of the transportation system. As shown in **Figure 4-4**, projects were overlaid on an Environmental Justice map prior to analysis.

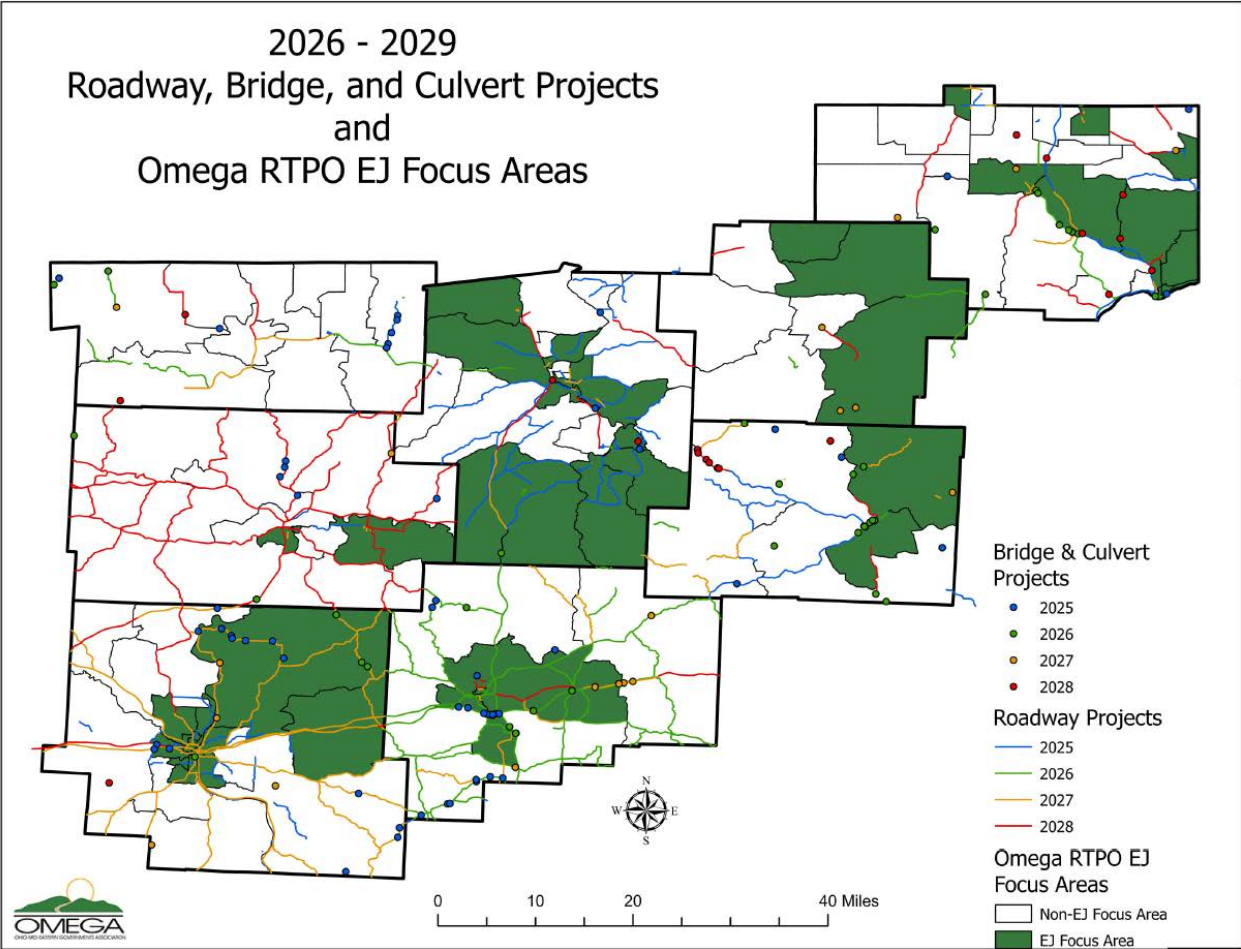

Figure 4-4

5 - Title VI & ADA Compliance

Title VI

OMEGA acknowledges the importance of ensuring that everyone has the opportunity to be involved in the region's transportation planning process, regardless of their background or abilities. Title VI of the Civil Rights Act of 1964 states that "No person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance". As a recipient of federal funding and as required by Title VI, OMEGA has adopted the following non-discrimination policy:

OMEGA does not tolerate discrimination in any of its programs, services, or activities, and will not discriminate against anyone on the basis of race, color, national origin, gender, age, disability, religion, income, sexual orientation, gender identity, or family status.

Any person who believes that he or she has been excluded from participation in or has been denied the benefits or services of any program administered by OMEGA, on the basis of race, color, national origin, gender, age, disability, or income status may file a complaint of discrimination under Title VI, other non-discrimination statutes, and executive orders. A complaint may be filed directly with OMEGA, the Ohio Department of Transportation, the Federal Highway Administration (FHWA) or the Federal Transit Administration (FTA). Please contact Dr. Vicki Maple, Executive Director of OMEGA to file a complaint or if you have any questions. You may also refer to the OMEGA Title VI Plan at www.omegadistrict.org for additional information and any related forms and procedures.

Throughout the SFY 2026 – 2029 planning process, OMEGA engaged in several outreach measures to ensure that the various Title VI communities had the opportunity to participate in the transportation planning process. These outreach measures included:

- Document translation service, upon request;
- ADA-accessible meeting locations for all meetings;
- Closed captioning on video-based public presentation;
- Printed copies of maps, presentations, or other documents upon request;
- Meetings published using social and traditional media and sent to local organizations within EJ areas.

OMEGA embraces diversity and inclusivity and provides an environment of non-discrimination. The SFY 2026 – 2029 RTIP planning process was conducted with these important considerations in mind and is compliant with all Title VI regulations and requirements.

ADA

The Americans with Disabilities Act (ADA) prohibits discrimination based on disability and requires all public agencies to provide safe, equal access to their programs, activities, and facilities. OMEGA values the input of all the region's residents into the transportation planning process, and took the following measures to ensure that everyone, regardless of their abilities, could access and engage in the SFY 2026 – 2029 RTIP planning process:

- Holding meetings at ADA-compliant facilities
- Availability of ADA compliant parking and transit facilities
- Available accommodations for the visually or hearing impaired.

OMEGA carefully considered the needs of all of our region’s residents throughout the SFY 2026 – 2029 RTIP planning process, meeting or exceeding all ADA requirements. A full copy of OMEGA’s Title VI Policy is available in **Appendix B**.

6 - Public Involvement

A key component of the RTIP development process is to facilitate a proactive public involvement review and comment process associated with the program. OMEGA coordinated the public involvement process with ODOT and followed the public involvement policies adopted by OMEGA. The public involvement schedule of activities was also concurrent with ODOT’s STIP public involvement schedule. OMEGA led Rural Consultation meetings in conjunction with ODOT Districts 5 and 11 in October 2024. Rural Consultation meetings were targeted at local elected officials and allowed for upcoming projects to be discussed with ODOT. One meeting was held in Muskingum County for Coshocton, Guernsey, and Muskingum Counties (District 5), a second meeting was held in Tuscarawas County for Carroll, Columbiana, Harrison, Holmes, and Tuscarawas Counties (District 11), and a third, combined meeting was held in Guernsey County for those who could not attend their District meetings. In and person and virtual options were available.

In accordance with OMEGA’s Public Participation Plan, the public comment period was open for 45 days following release of the plan. Responses to comments were issued within 15 days upon receipt. Significant comments received during public involvement necessitate written responses. OMEGA also hosted in-person meetings in each of the eight RTPO counties, as well as a hybrid make-up session, to finalize the list of projects in the RTIP for 2026-2029. The RTIP thoroughly documented the public involvement schedule, process, and outcomes. Copies of the public notices, meeting agendas, attendance lists, public comments and responses are documented in **Appendix F**.

Date	Time	Location	Organizations Involved	Counties
10/15/24	1:00 – 3:00 pm	Muskingum County Conference & Welcome Center 205 N 5 th St. Zanesville, Ohio 43701	OMEGA, ODOT, Local Jurisdictions	Coshocton, Guernsey, & Muskingum

Table 6-1 – Public Involvement Schedule

7 – Previous RTIP Accomplishments

This chapter will highlight the status of projects from the previous version (SFY 2024 – 2027) of the OMEGA RTIP. 131 projects had a phase completed during this period. Table 7-1 shows the counts by type of project.

Project Type	Number of Projects	Percent of Projects
Pedestrian/Bicycle	10	7.6%
Bridges & Culverts	41	31.3%
Other	13	9.9%
Safety	25	19.1%
Rail	1	0.8%
Roadway	41	31.3%

Completed Projects

The following table illustrates the projects completed during the SFY 2024 – 2027 RTIP cycle.

PID	Project	Location	Type of Work	Obligated FY

Carried Forward Projects

Projects listed below were funded through the RTPO Capital Allocation, with funding awarded from OMEGA's Fiscal Year 2025 capital allocation. Because of some delays in funding approvals, most projects will carry over into State Fiscal Year 2026.

PID	Project	Phase	Scheduled FY
123086	COS US 36 20.29 (Multi-Use Path Phase III)	OTH	2025
TBD	Kent State Tuscarawas Pedestrian Bridge		2025
TBD	Sandy Valley Trail Connection		2025
120494	Bridge Street Bridge Replacement	ENV, DD	2025
TBD	North 1 st Street Improvements		2025
TBD	Downtown Sidewalks		2025
TBD	TR 652 Widening and Bike Lanes		2025

8 - Projects

The following sections provide information on the lists of projects that have a phase to be implemented within the SFY 2026-2029 period. Outlined below are projects that are compiled by the State of Ohio's Department of Transportation. There is also a review of transit projects in the OMEGA region. For rural areas, transit projects are included in the Statewide Line-Item List and are not individually identified. OMEGA will amend the Regional Transportation Improvement Plan as needed to incorporate newly funded projects with phases between SFY 2026-2029.

Project Overview

Funding for projects comes from federal, state, and local sources. Transportation funding is authorized by the US Congress, the Ohio General Assembly, county commissioners, and municipal councils. For State Fiscal Years 2026-2029, a total of **\$494,854,168** is programmed to be spent on transportation projects throughout the OMEGA RTPO region. **Figure 8-1** shows the amount of funding forecast to be spent, per program and governmental level. Federal funds total 64.6% of all scheduled funding. The State of Ohio is contributing 28.4%, with local sources and labor constituting 4.4%. The RTPO Allocation, which began in State Fiscal Year 2022, contributed less than 0.5%.

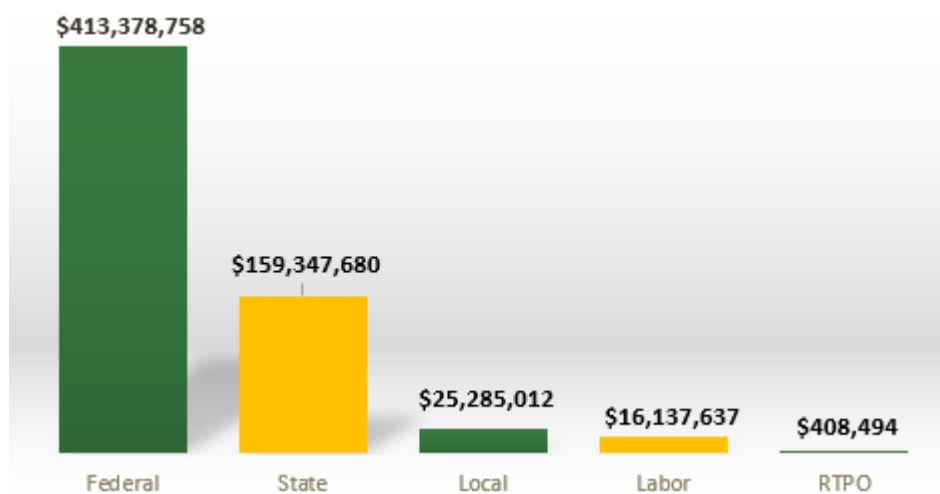

Figure 8-1

Figure 8-2 displays the percentage of programmed funding by county and **Figure 8-3** shows approximate funding totals each county will receive for projects programmed for State Fiscal Years 2026-2029. These range from \$15.5 million in Coshocton County to \$109.1 million in Harrison

County. Higher totals in Harrison and Guernsey counties are attributable to Interstate (or other freeway) and bridge projects. The totals shown do not include district-wide programmed projects within the county.

Figure 8-2

County	Funding Total
Carroll	\$16 Million
Columbiana	\$50 Million
Coshocton	\$35 Million
Guernsey	\$85 Million
Harrison	\$109 Million
Holmes	\$40 Million
Muskingum	\$81 Million
Tuscarawas	\$67 Million
Districtwide Projects (D5 + D11)	\$68 Million

Figure 8-3

All these projects also align closely with the goals and objectives of OMEGA's Regional Transportation Plan. OMEGA's highest priority is the preservation and maintenance of existing transportation systems. As illustrated in **Figure 8-4**, approximately 74% of the funding for transportation projects over the next four years is for preservation and maintenance.

Figure 8-4 – Funding by OMEGA Priority

8.1 – Individual Project Lists

This section provides the project list of the individual highway projects scheduled for some phase of implementation during the SFY 2026 – 2029 RTIP period. Ordinarily the OMEGA RTPO region does not have any by the two project IDs included are for the major rehabilitation and expansion of US Route 22 in Harrison County. These projects have been planned and selected in accordance with the ODOT project selection process of the associated program. All of the projects detailed in this section are consistent with the OMEGA long-range transportation plan.

8.2 –Grouped Project Lists

Projects not considered to be of appropriate scale for individual identification in a given program year may be grouped by category or program. These projects are grouped and identified in the STIP and TIPs as Grouped Projects. The projects utilizing Grouped Projects are non-controversial in nature, have an air-quality status of exempt, and have a negligible environmental impact. Additionally, these projects are not regionally significant, non-capacity adding, and consistent with state, regional, and/or local long-range transportation plans. **Appendix E1** includes the Grouped Projects List which provides a definition of each Grouped Project and the Project Report which identifies the currently programmed projects utilizing Grouped Project funding in the STIP period. The Grouped Project Report is a fluid document and is for informational purposes only. Title 23 Chapter 1 Subchapter E Part 450 Subpart B §450.218 (j) may be referenced for the provision of grouped projects in the STIP/RTIP as named by ODOT. Maps showing the locations of these projects are on the pages which follow. For more information about these projects, please see **Appendix E1** and search for a specific project using the County and the Project Identification Number (PID) shown on these maps. SFY 2025 Projects were included as carryover projects.

112951 - D11-GR-FY2026

PID: 112951	Project Name: D11-GR-FY2026	Primary Work Category: Guardrail / Roadside Maintenance	Sponsoring Agency: DISTRICT 11-Planning	Air Quality Status: Exempt
ODOT Dist(s): 11	Locale: D11	MPO(s) / RTPO(s): OMEGA	Performance Measures: Safety	STIP Type: Individual

Termini:
various routes and locations

Total Project
Estimate:
\$4,592,500

Description:
Guardrail reconstruction and repair.

Roadway, Bridge, and Culvert Projects 2026 - 2029

2026 - 2029 Construction Projects CARROLL County

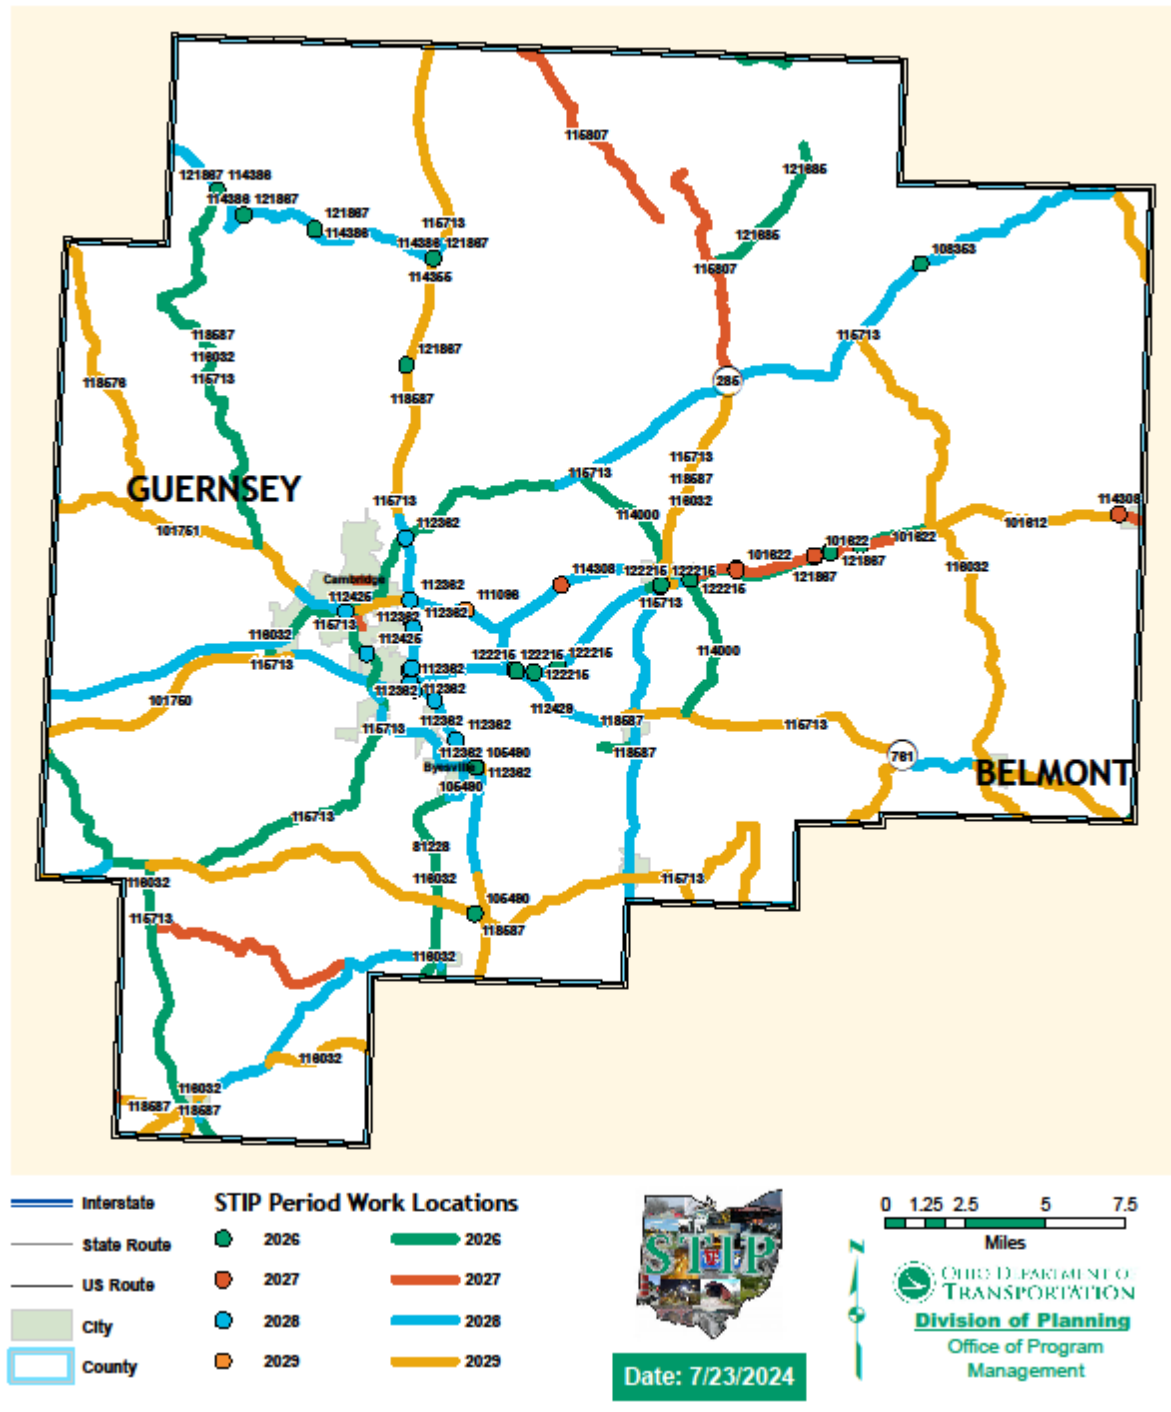

2026 - 2029 Construction Projects COLUMBIANA County

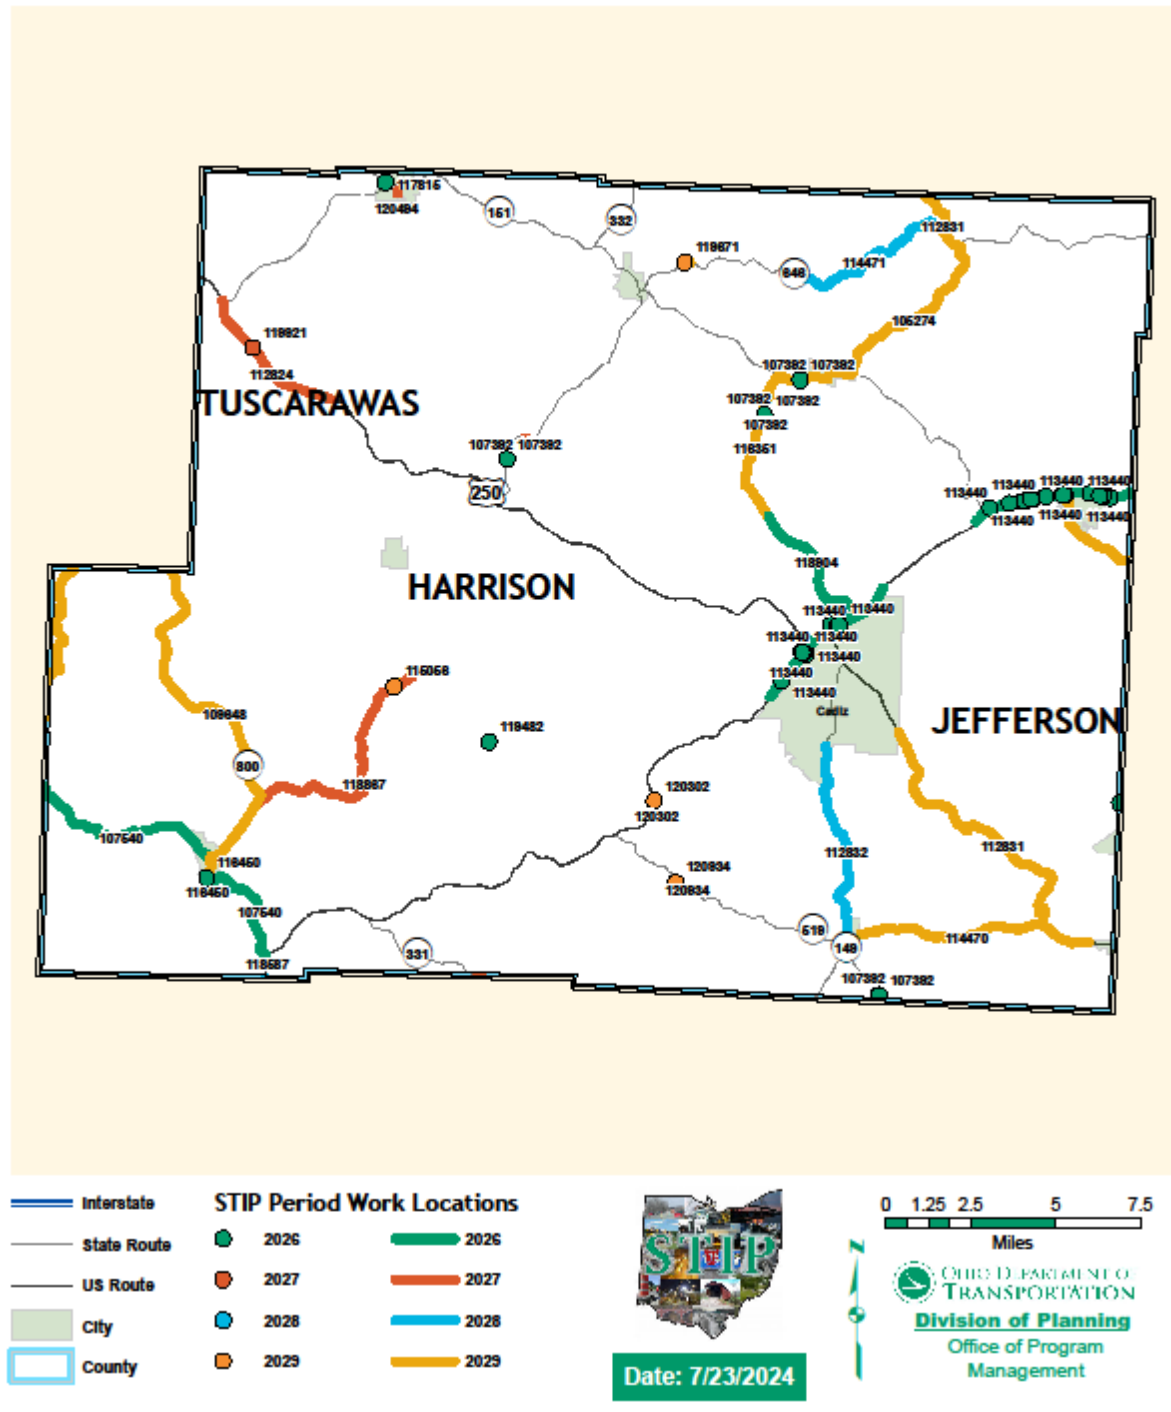

[illegible]

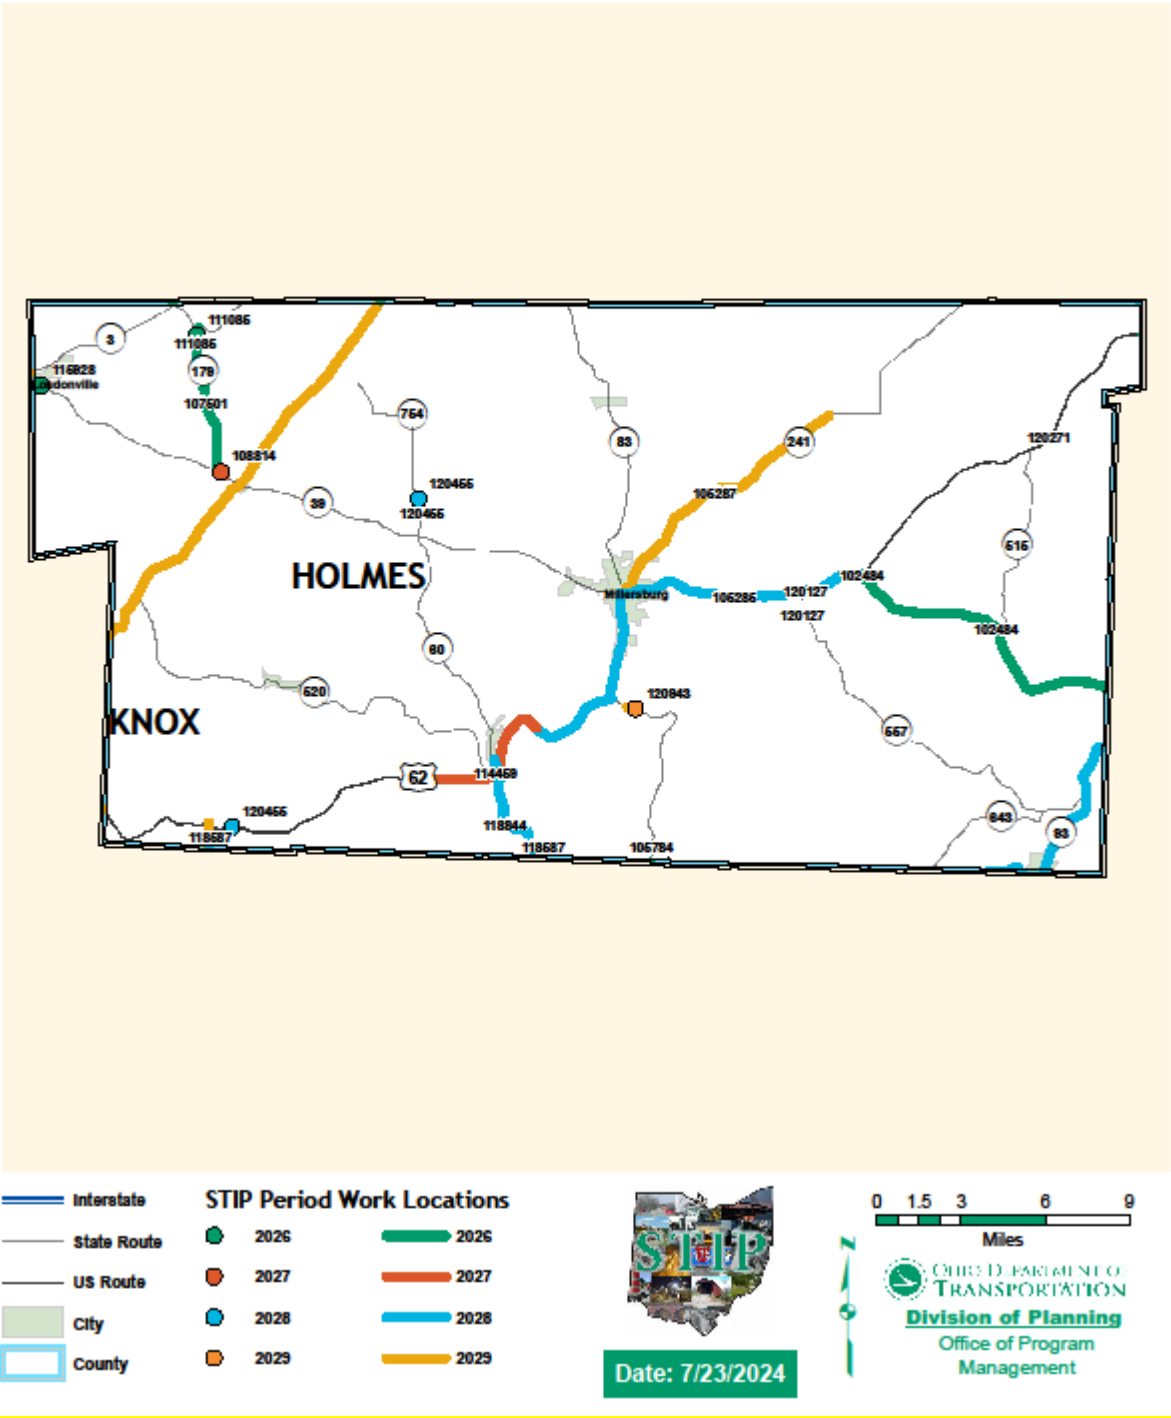

2026 - 2029 Construction Projects GUERNSEY County

2026 - 2029 Construction Projects HARRISON County

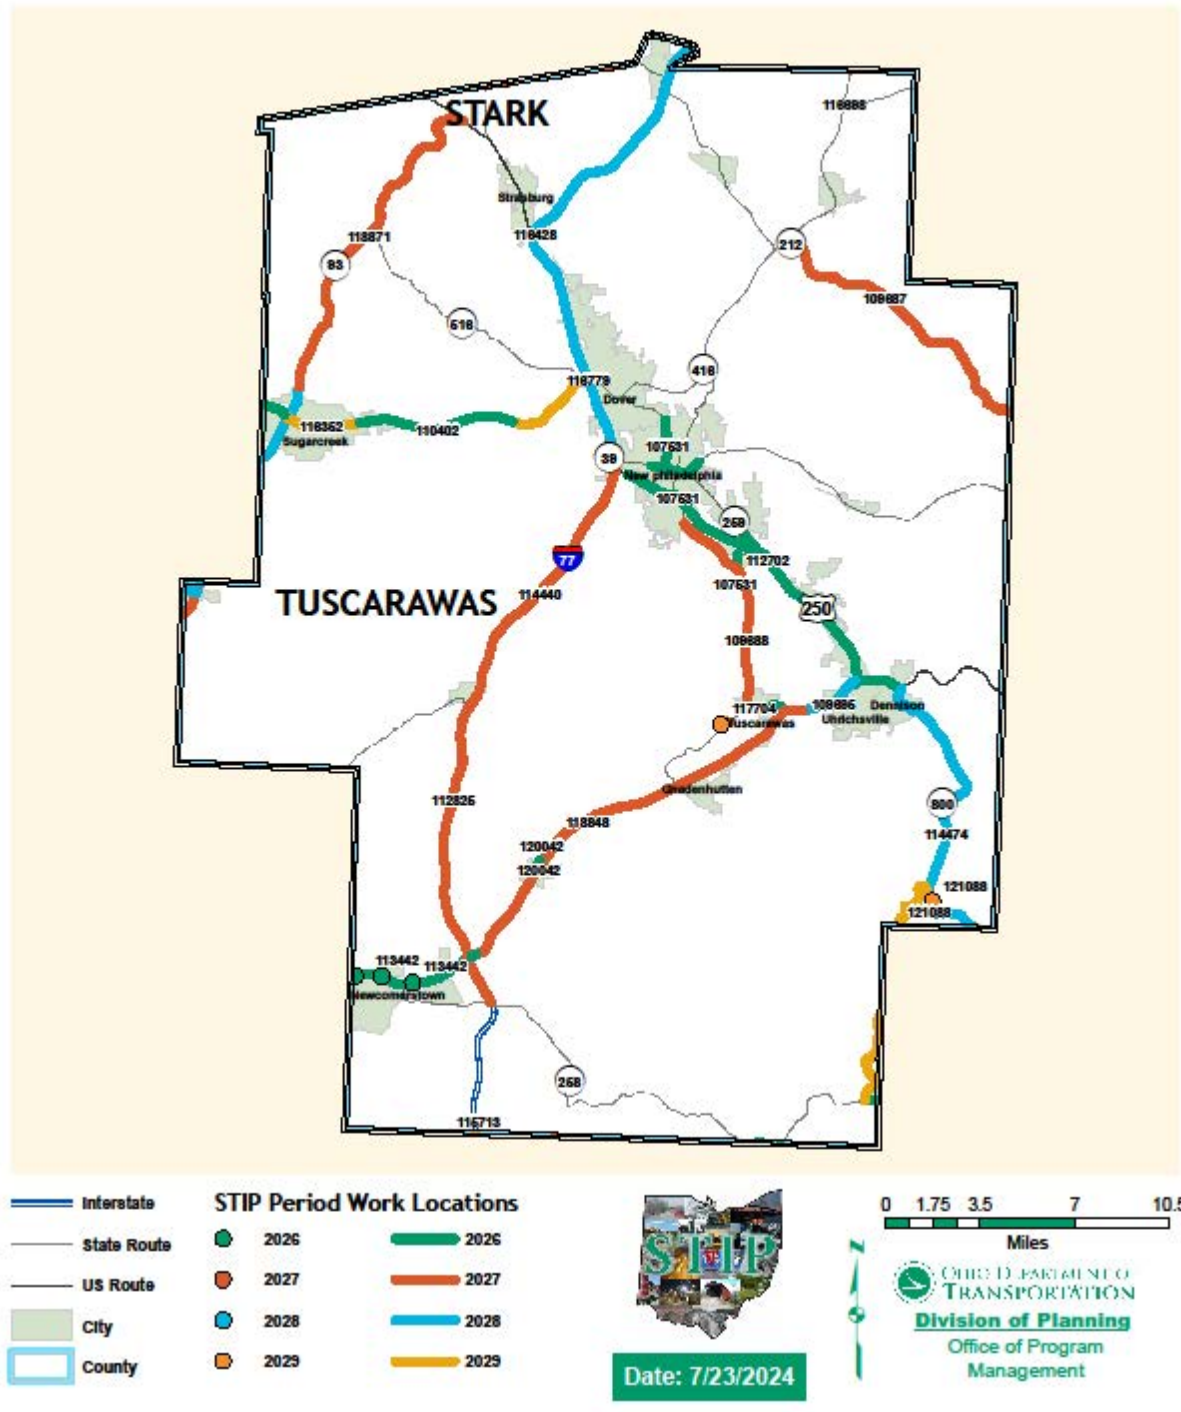

2026 - 2029 Construction Projects HOLMES County

2026 - 2029 Construction Projects MUSKINGUM County

2026 - 2029 Construction Projects TUSCARAWAS County

Several projects on the Grouped Project list were either explicitly recommended in OMEGA's Regional Transportation Plan, funded through the RTP Capital Allocation, or funding applications were completed and aligned with the regional goals set by the plan. These projects include:

COUNTY	PID	DESCRIPTION
Columbiana	117785	Shared Use Path connecting Downtown East Liverpool to the Ohio River Riverfront along various routes
Coshocton	121856	Sidewalk and curb ramps along 2nd Street (CR 271)
Coshocton	119747	Sidewalks along W Union St, S Oak Street, 5th Street, 6th Street, 7th Street, and Plainfield Road in the Village of West Lafayette
Guernsey	122161	SRTS - along the south side of Clairmont Ave from 10th St. to Clark St near Cambridge Primary School
Guernsey	121855	Replacement of sidewalks, curbs, curb ramps, and related work along South 11th Street in the City of Cambridge
Harrison	120494	Bridge Street bridge replacement in the Village of Bowerston
Muskingum	121870	Pedestrian facilities along Old River Rd/Front Street (CR 6) in the Village of Philo
Tuscarawas	120042	Construction of sidewalk along E. Main St (US 36), School St, Arch St, and St Clairsville St in the Village of Port Washington
Tuscarawas	120044	Reconstruction of sidewalk along Wooster Ave (US 250) and 1st and 2nd St (NW) in the Village of Strasburg

Table 8-2 – OMEGA-Assisted Projects

8.3 – Rural Transit Overview

The ODOT's Office of Transit administers the funding for many programs that use a variety of funding sources: federal, state, and local. The FTA is the major source of federal funding to pay for rural and small urban transit system's operating and capital expenses. ODOT Office of Transit receives an annual apportionment of federal assistance for capital and operating expenses and sets aside funds from these apportionments for planning expenses. ODOT then allocates the remaining funds based on a transit system's budget history and the use of a performance measure formula to distribute to sub-recipients.

The Enhanced Mobility for Seniors and Individuals with Disabilities (5310) is a specialized transportation program available as authorized by FTA, 49 USC Section 5310. This program is intended to enhance mobility for seniors and persons with disabilities by providing FTA funds for programs in small urbanized and rural areas. These programs serve the special needs of transit-dependent populations beyond traditional public transportation services and Americans with Disabilities Act (ADA) complementary paratransit services. Funds are available each Federal Fiscal Year and are distributed through a competitive application process. The program provides 80% of the cost of capital projects; the remaining 20% must be provided by local funding, which may be derived from other federal (non-U.S. DOT) transportation sources or the Federal Lands Highway Program. This program also allows for operations and capitalized maintenance for 5310-acquired vehicles that can be used for up to 50% of the total cost. For eligibility criteria and application information may be found on the ODOT Office of Transit webpage:

<http://www.dot.state.oh.us/Divisions/Planning/Transit/Pages/Specialized.aspx>.

The Rural Transit Program (5311) is authorized by the Federal Transit Administration, 49 USC Section 5311. The program consists of Federal and State funds which are used to assist with operating and capital expenses in the provision of general public transportation services in rural areas. Section 5311 funds can be used for up to 50% of the net project cost of operating expenses and up to 80% of the cost of capital projects. State General Revenue funds, through the Ohio Public Transportation Grant Program, are also available to provide up to 30% local match of eligible operating costs and up to 10% of the local share costs of capital projects. The application and the proposal process for the 5311 program can be found on the ODOT Office of Transit webpage:

<http://www.dot.state.oh.us/Divisions/Planning/Transit/Pages/Rural.aspx>.

The Bus & Bus Facilities (5339) Program is a federal discretionary grant to improve the State of Good Repair of transit agencies using grant money to purchase and maintain bus and facility infrastructure. For additional information on the 5339 program, please contact David Keller in the ODOT Office of Transit at David.Keller@dot.ohio.gov or (614) 387-2392.

The 5310, 5311, and 5339 programs are included in the TIP and Ohio's STIP by the Grouped Project List, which can be found in **Appendix E2**. As these programs are annual distributions, only estimated statewide yearly program costs are provided¹.

Federal budgets are apportionment amounts assuming no inflation.

Note: The funding information is for S/TIP planning purposes only and is not intended to be the official record of carry forward, budgets, and fiscal balances.

Figure 8-5 – Transit Funding by Funding Account

¹ ODOT Office of Transit

Figure 8-6 – Transit Funding by Cost Share

8.4 – Illustrative Projects

The illustrative projects portion of the RTIP includes all projects that are not currently programmed for funding through any local, state, or federal funding source OR projects with funding sources not managed by ODOT (e.g. Safe Streets and Roads for All (SS4A), CDBG Critical Infrastructure, Ohio Public Works Commission, Ohio Department of Natural Resources). While some of the following projects are not scheduled for implementation during the SFY 2026 – 2029 RTIP cycle, they could be amended into the RTIP should additional funding become available.

The projects are listed alphabetically within each RTP county by the project lead. The list also includes funding applications that were submitted but not awarded at the time of publication. Projects are categorized in the same way that OMEGA accepts applications for the RTP Capital Allocation, namely Road, Bridge, Safety, and Alternative Transportation (bicycle, pedestrian, buggy, transit).

COUNTY	PROJECT LEAD	PROJECT NAME	PROJECT TYPE
Carroll	Brown Township	Sandy Valley Trail Connection*	Alternative Transportation
Carroll	Leesville	Rockets Trail*	Alternative Transportation
Carroll	Muskingum Watershed Conservancy District	Cemetery Bay to East Marina Trail*	Alternative Transportation
Columbiana	Columbiana County Engineer	Calcutta Smith Ferry Road (CR-430) – Phase VI	Road
Columbiana	East Palestine	Safety Action Plan†	Safety
Columbiana	Lisbon	Willow Grove Park Bridge*	Alternative Transportation
Columbiana	Salem	Bicycle & Pedestrian Sidewalk Initiative†	Safety

Columbiana	Salem	Historic Downtown Sidewalks – Phase II*	Alternative Transportation
Coshocton	Coshocton County Engineer	CR 621 Multi-Use Path – Phase III	Alternative Transportation
Guernsey	Byesville	Main Street & 2nd Street Sidewalk and Lighting Safety Improvement*	Alternative Transportation
Guernsey	Cambridge	Great Guernsey Trail Extension & Turner Trailhead*†	Alternative Transportation
Guernsey	Cambridge	N 5 th Street Culvert†	Bridge
Guernsey	Cambridge	Southgate Parkway Multimodal Improvements – Phases I† & II*	Alternative Transportation
Guernsey	Old Washington	Park to School Trail*	Alternative Transportation
Guernsey	Pleasant City	Elm Street Repaving	Road
Guernsey	Pleasant City	High Street Repaving	Road
Guernsey	Pleasant City	Main Street Repaving	Road
Harrison	Bowerston	Gordon Street Culvert†	Road
Harrison	Bowerston	Main Street Culvert Replacement	Road
Harrison	Cadiz	Active Transportation Planning Assistance	Alternative Transportation
Harrison	Jewett & Scio	Conotton Creek Trail Towns†	Alternative Transportation
Harrison	Scio	College Street & Eastport Road Resurfacing†	Road
Holmes	Holmesville	Bikeways & Streetscape	Alternative Transportation
Holmes	Killbuck	Streetscape and Trail Connection†	Alternative Transportation
Holmes	Killbuck	S Main Street Widening and Sidewalks*	Alternative Transportation
Muskingum	Fazeysburg	Clay Street Bike Path	Alternative Transportation
Muskingum	Fazeysburg	Fire Department Alley Paving†	Safety
Muskingum	Muskingum County Engineer	SR 146 Expansion	Road
Muskingum	Muskingum County Engineer	CR 35 (Dillon Falls Road) Improvements	Road
Muskingum	Muskingum Valley Park District	Muskingum Recreational Trail Extension	Alternative Transportation
Muskingum	Zanesville	Downtown Streetscape†	Alternative Transportation
Tuscarawas	Mineral City	Mineral City Park Trail†	Alternative Transportation
Tuscarawas	New Philadelphia	Bluebell Drive Sidewalks	Safety
Tuscarawas	New Philadelphia	Roswell Trail	Alternative Transportation
Tuscarawas	New Philadelphia	Waterworks Trail	Alternative Transportation
Tuscarawas	New Philadelphia	South Side Trail Project	Alternative Transportation

Tuscarawas	Strasburg	Wooster Avenue Pedestrian Enhancement Project – Phase II*	Alternative Transportation
Tuscarawas	Tusc Parks, Dover, New Philadelphia	Ohio & Erie Towpath Trail*	Alternative Transportation

* - pending Transportation Alternatives (TAP) or Special Pedestrian & Bicycle application

† - funding not administered through ODOT (FHWA, ODNR, OPWC, ODOD, etc.)

9 – Fiscal Constraint Analysis

For a project to be included in the RTIP and STIP per federal regulations, reasonable fiscal constraint must be maintained. Fiscal constraint is maintained by keeping estimated transportation improvements within reasonably anticipated budgets. As OMEGA has limited sub-allocated funding with the RTPO Capital Allocation funding, the ODOT STIP addresses fiscal constraint for the majority of the OMEGA program. The RTPO Allocation projections are estimated based on a continuation of prior authorized amounts.

Table 9-1

All projects identified in the maps within **Chapter 8** and detailed in **Appendix E1 & E2** are fiscally constrained as shown in **Table 9-1**.

10 –Approval Resolution

RESOLUTION NO. 2025-000

ADOPTING THE SFY 2026–SFY 2029 REGIONAL TRANSPORTATION IMPROVEMENT PROGRAM

WHEREAS, the Ohio Mid-Eastern Governments Association (OMEGA) is designated as the Regional Transportation Planning Organization (RTPO) by the Governor for Carroll, Columbiana, Coshocton, Guernsey, Harrison, Holmes, Muskingum, and Tuscarawas Counties; and

WHEREAS, the OMEGA Executive Board serves as the policy and decision-making body through which local governments conduct the OMEGA RTPO transportation planning process; and

WHEREAS, federal and state directives provide for RTPOs to develop a Regional Transportation Improvement Program (RTIP), in cooperation with state and local officials; regional and local transit operators; port officials; grant recipients under sections of Title 49, U.S.C., and other affected transportation and regional planning and implementing agencies; and

WHEREAS the OMEGA RTPO SFY 2026 - 2029 RTIP records the transportation improvement projects, their scopes of work, funding sources, and funding amount that will be implemented in the OMEGA RTPO region over the next four years; and

WHEREAS the projects recorded in the OMEGA RTPO SFY 2026 - 2029 RTIP are consistent with the OMEGA RTPO Regional Transportation Plan; and

WHEREAS the OMEGA RTPO SFY 2026-2029 RTIP is fiscally constrained; and

WHEREAS the Transportation Advisory Committee recommended that the Executive Board approve the SFY 2026-2029 RTIP; and

WHEREAS the OMEGA SFY 2026 - 2029 RTIP was developed and reviewed consistent with OMEGA's Public Participation Policy and has been reviewed and accepted by the Transportation Advisory Committee and has been coordinated with regional and local transit operators and local community officials; and

NOW THEREFORE BE IT RESOLVED BY THE EXECUTIVE BOARD OF OMEGA:

Section 1: The Executive Board adopts the OMEGA SFY 2026 – 2029 RTIP.

Section 2: The Executive Board affirms that the public had adequate opportunity to comment on the OMEGA SFY 2026 - 2029 RTIP.

Section 3: The Executive Board approves submission of the OMEGA 2026 – 2029 RTIP to the Ohio Department of Transportation, for inclusion in the Ohio 2026 – 2029 Statewide Transportation Improvement Program.

Section 4: The Rural Consultation Procedures will be followed to address all changes to the OMEGA SFY 2026 -2029 RTIP.

Section 5: If applicable, any final comments regarding the plan that are received from ODOT, board members, and/or general public will be addressed upon their receipt by OMEGA.

Section 6: If any of these comments result in substantive changes to the OMEGA SFY 2026 - 2029 RTIP, then such changes will be brought forth to the Executive Board for approval.

EXHIBIT E: RESOLUTION OF APPROVAL

1.0 OVERVIEW

The Ohio Mid-Eastern Governments Association (OMEGA) is organized as a Council of Governments pursuant to Section 167 of the Ohio Revised Code and is designated by the Appalachian Regional Commission as a Local Development District and by the US Department of Commerce, Economic Development Administration, as an Economic Development District. OMEGA is a collaborative body of member governments that serves as a facilitator between state and federal government agencies and local entities to provide opportunities in economic and community development through networking, education, planning, research, and allocation of resources. OMEGA's mission is to provide a pathway to enhance community and economic growth in the region and has been incorporated for over fifty years.

The OMEGA district includes ten counties in eastern Appalachian Ohio: Belmont, Carroll, Columbiana, Coshocton, Guernsey, Harrison, Holmes, Muskingum, and Tuscarawas Counties. On January 27, 2016, Governor John Kasich, pursuant to United States Code, Title 23, Section 135 (m), officially designated OMEGA as an Ohio Regional Transportation Planning Organization (RTPO). Belmont and Jefferson Counties are not included in the OMEGA RTPO as transportation planning activities are covered by metropolitan planning organizations, Belomar Regional Council and the Brooke-Hancock-Jefferson Metropolitan Planning Commission, respectively. The other eight counties are included in the RTPO.

In addition to the ten counties previously listed, twelve cities are also direct members of OMEGA. In accordance with our bylaws, each member appoints people to the Executive Board and membership. The specific number of appointments is based upon population. A complete list of Executive Board Members and Members is included in **Exhibit A**.

OMEGA has eleven staff members. An organizational chart is also provided in **Exhibit A**.

OMEGA has also established the following transportation subcommittees:

- Transportation Advisory Committee (TAC)

Membership in these subcommittees is provided by position as defined in either OMEGA's bylaws or as approved by the Executive Board. The CAB has been inactive since the completion of the first long-range regional transportation plan in 2015 and will be re-established during the first quarter of the state fiscal year 2025. As part of the OMEGA's Regional Coordinated Transportation Pilot Program, OMEGA has also formed the Regional Coordinated Council (RCC) which includes representatives from the transportation service providers and human service agencies throughout the ten-county region. Participation in these committees or groups is voluntary. All meetings of these groups as well as the OMEGA Executive Board and Membership meetings are open to the public. Current membership of these committees is also provided in **Exhibit A**.

2.0 PURPOSE

The Ohio Department of Transportation (ODOT) requires all recipients of federal planning funds to adopt a Title VI program plan. The purpose of this plan is to demonstrate that OMEGA has the policies and procedures in place to demonstrate compliance with federal non-discrimination regulations. OMEGA receives funding from the Federal Highway Administration and Federal Transit Administration through ODOT for transportation planning. OMEGA has prepared this Title VI plan to ensure compliance with Title VI of the Civil Rights Act of 1964 and additional authorities and citations.

OMEGA does not tolerate discrimination in any of its programs, services, or activities, and will not discriminate against anyone on the basis of race, color, national origin, gender, age, disability, religion, income, sexual orientation, gender identity, or family status.

Title VI of the Civil Rights Act of 1964 prohibits discrimination on the basis of race, color, or national origin in programs and activities receiving Federal financial assistance. Specifically, Title VI provides that "no person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance" (42 U.S.C. Section 2000d).

The Civil Rights Restoration Act of 1987 clarified the intent of Title VI to include all programs and activities of Federal-aid recipients, sub-recipients, and contractors whether those programs and activities are federally funded or not.

During the Obama Administration, the Federal Transit Administration (“FTA”) placed renewed emphasis on Title VI issues, including providing meaningful access to persons with Limited English Proficiency (“LEP”).

Additional authorities and citations include:

- Title VI of the Civil Rights Act of 1964 (42 USC 2000d et seq)
- Section 162 (a) of the Federal Aid Highway Act of 1973
- Age Discrimination Act of 1975
- Section 504 of the Rehabilitation Act of 1973
- Americans with Disabilities Act of 1990
- Civil Rights Restoration Act of 1987
- 23 CFR Part 200
- USDOT Order 1050.2
- Executive Order 12898 – Federal actions to Address Environmental Justice in Minority Populations and Low-income Populations (1994)
- Executive Order 13166 – Improving Access to Services for People with Limited English Proficiency (2000)
- U.S. DOT regulation, 49 CFR part 21, “Nondiscrimination in Federally-Assisted Programs of the Department of Transportation— Effectuation of Title VI of the Civil Rights Act of 1964” (June 18, 1970, unless otherwise noted);

Of particular interest is Executive Order 12898 which was intended to ensure that minority and low-income individuals receive equitable benefit from federally funded programs that they do not suffer disproportionately from any environmental burdens caused by those programs, and that they have the opportunity for meaningful input into the process.

To ensure that OMEGA complies with these regulations, the Title VI plan includes the following:

- Demographic Profile of Planning Area
- Environmental Justice Areas
- Limited English Proficiency
- Public Involvement Process
- Title VI Complaint Procedures

3.0 ASSURANCES

OMEGA acknowledges that it is a sub-recipient of federal funds through ODOT. As such, OMEGA understands it must comply with the Title VI of the Civil Rights Act of 1964 (Title VI) and related statutes, Title 49 of the Code of Federal Regulations (CFR) Part 21 and 23 CFR Part 200, to ensure that no person on the ground of race, color, or national origin, is excluded from participation in, denied the benefits of, or otherwise subjected to discrimination under any of its programs, services or activities. Please see **Exhibit D**.

4.0 DEMOGRAPHICS

According to the 2017-2021 American Community Survey, the estimated population of the OMEGA region is 575,217 which is approximately 1% lower than the 2018 census population estimates of the region. Approximately 94% of the OMEGA region is white, 2.3% black, 2.9% two or more races, and 1% for all other races combined. **Table 1** and **Figure 1** shows the distribution of the minority population in the OMEGA region.

			Minority							
County	Total	White	Black	Native American	Asian	Hawaiian & Pacific Islander	Other	Two or More	Total	%
Belmont	67,077	62,162	2,089	59	394	50	364	1,959	4,915	7.3%
Carroll	26,866	25,820	218	0	0	0	64	764	1,046	3.9%
Columbiana	102,331	96,219	2,198	109	429	9	632	2,735	6,112	6.0%
Coshocton	36,621	35,176	422	55	136	0	63	769	1,445	3.9%
Guernsey	38,542	36,356	810	40	132	0	358	846	2,186	5.7%
Harrison	14,623	13,847	461	4	0	0	38	273	776	5.3%
Holmes	44,166	43,389	73	56	156	0	29	463	777	1.8%
Jefferson	65,620	59,441	3,588	17	397	0	334	1,843	6,179	9.4%
Muskingum	86,346	78,860	2,567	79	363	0	662	3,815	7,486	8.7%
Tuscarawas	93,025	89,283	883	100	331	0	288	3,150	4,752	5.1%
Total	575,217	540,553	13,309	519	2,338	59	2,832	16,617	35,674	6.2%

Table 1 – Population per County

Source: ACS 2017-2021 Estimates

Figure 1: Minority Population

Source: ACS 2017-2021 Estimates

Approximately 18% of the population is aged 65 or older and this age cohort is projected to be one of the fastest growing in the region. As part of the Regional Coordinated Transportation Plan, OMEGA has worked closely with transportation service providers, human service agencies, and the senior community to develop strategies to improve transportation and mobility services in the region. The distribution of the population aged 65 or older is shown in **Figure 2**.

OMEGA Region Population 65 and Older 2017 - 2021

Population 65 and Older by Block

OMEGA Region Median Household Income 2017 - 2021

Corinna Fleeman
11/28/2023

Median Household Income By Census Tract

Figure 3: Median Household Income

Source: ACS 2017-2021 Estimates

The average median household income for the OMEGA region based upon 2017-2021 ACS data is \$53,997 which is 87.2% of the state of Ohio's MHI (\$61,938) and only 78.2% of the nation's MHI (\$69,021). Holmes County has the highest MHI in the region at \$69,454 and Guernsey County has the lowest MHI in the region at \$48,434, as shown in **Table 2**. The median household income varies throughout the region, as seen in **Figure 3** (*prior page*).

County	MHI
Belmont	\$54,191
Carroll	\$55,954
Columbiana	\$51,664
Coshocton	\$49,297
Guernsey	\$48,434
Harrison	\$51,993
Holmes	\$69,454
Jefferson	\$49,211
Muskingum	\$52,224
Tuscarawas	\$57,545
Average	\$53,997

Table 2 – Median Household Income, by County

Source: ACS 2017-2021 Estimates

5.0 ENVIRONMENTAL JUSTICE

Based on data from the American Community Survey (ACS) 5-Year Estimates 2017-2021, OMEGA focused on two population groups: minority and low-income residents to complete the Environmental Justice assessment. The profile summarizes the data for both population groups by U.S. Census Tract.

Although minorities and persons in poverty live throughout the OMEGA region, many are concentrated in specific locations and neighborhoods in or near municipal areas. A person is counted as a member of a minority group if they claimed any of the following: Black, American Indian or Alaskan Native, Asian, Native Hawaiian or Other Pacific Islander, or Hispanic. Based on data from the 2017-2021 ACS, minorities comprise 6.2% of the population within the OMEGA region. Therefore, any census tract with a percentage above 6.2% was considered to have a regionally significant concentration of minority populations, see **Figure 1**.

A similar approach was taken to establish regionally significant concentrations of populations with low income. Based on the 2017-2021 ACS data, the average MHI within OMEGA region is \$53,997. Therefore, any census tract with a median household income below \$53,997 was considered to have a regionally significant concentration of low-income residents, see **Figure 3**.

Finally, GIS analysis was used to determine which census tracts had either higher-than-average minority or higher-than-average low-income populations. These tracts were then identified as Environmental Justice focus areas within the OMEGA region as shown in **Figure 4**.

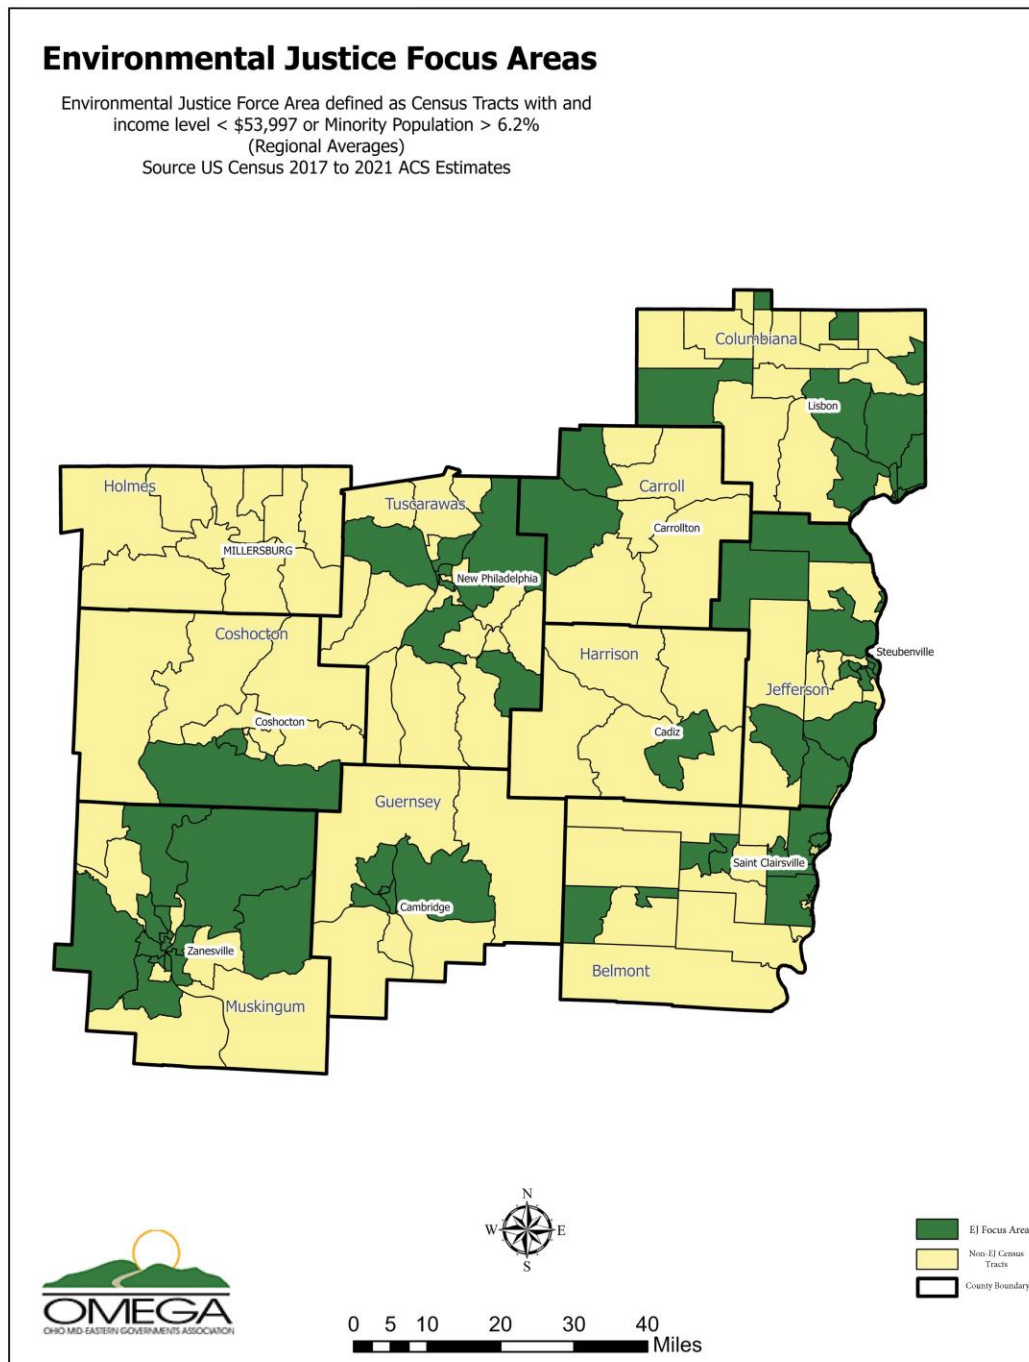

Figure 4: Environmental Justice Focus Areas

Source: ACS 2017-2021 Estimates

6.0 LIMITED ENGLISH PROFICIENCY

OMEGA takes reasonable steps to ensure that persons of Limited English Proficiency (LEP) have meaningful access to OMEGA's transportation programs, services, and information. To comply with federal LEP requirements, OMEGA uses the Federal Highway Administration's (FHWA's) four factor analysis to determine what steps should be taken to provide meaningful access to LEP populations. These four factors are:

1. The number or proportion of LEP person eligible to be served, or likely to be encountered by the program.
2. The frequency with which LEP individuals encounter the program, activity, or service.
3. The nature and importance of the program, activity, or service provided by the program to people's lives.
4. The resources available to the agency and the cost of the alternatives.

Limited English Proficiency data from the American Community Survey 2017-2021 for the OMEGA region is summarized in **Table 3**. As shown in **Table 3**, 2.3% of the OMEGA region speaks English less than very well. Except for Coshocton, Holmes, and Tuscarawas Counties, the percent of persons who speak English "Less Than Very Well" is less than 1% and less than 700 persons in each of the other seven counties in the OMEGA region.

As shown in **Figure 5**, the highest concentrations of persons who speak English "Less Than Very Well" are in eastern Holmes County, northeastern Coshocton County, and northwestern Tuscarawas County. In these three counties, 10,552 people (6.5% of the tri-county population age 5 or older) speak English "Less Than Very Well". The predominant language designated by the census for this tri-county area is "Other Indo-European". Since a high concentration of Amish reside in this tri-county region, this may be indicative of the language known as Pennsylvania Dutch. As indicated by the Regional Planning Director of Holmes County that name may be deceptive as it is slang from the German word, Deutsch, which means German and is colloquially known as Pennsylvania Dutch. OMEGA will work closely with the leaders in the local Amish community to make sure that appropriate translations are provided of written transportation documents and will work with the community to provide a translator during public outreach events if needed.

County	Pop. ≥ 5 Years	Speak English Less than Very Well		Language other than English			
		Number	Percent	Spanish	Other Indo-European	Asian & Pacific Island	Other
Belmont	64,181	475	0.7%	311	426	172	13
Carroll	25,865	141	0.5%	171	1,064	28	3
Columbiana	97,248	145	0.1%	1,269	761	173	433
Coshocton	34,230	1,101	3.2%	246	2,518	127	19
Guernsey	36,730	132	0.4%	382	1,109	70	53
Harrison	14,356	182	1.3%	14	545	19	57

Table 3: Limited English Proficiency

Source: ACS 2017-2021 Estimates

As shown in **Table 3**, Spanish is the third most spoken language in the OMEGA region, with the highest percent of Spanish speaking individuals in Tuscarawas County. OMEGA will make reasonable accommodation to ensure appropriate translation services will be provided when needed.

Transportation planning documents, meeting notices, and other information related to the services provided by OMEGA are available on OMEGA's website, www.omegadistrict.org. Our website includes a Google-based translation plugin so that a person with limited English proficiency will be able to translate these webpages and documents. OMEGA will also provide a translator at public meetings when requested.

OMEGA Region Limited English Proficiency Population 2017 - 2021

Population 5 years and older that speaks English less than very well by Census Tract

7.0 AMERICANS WITH DISABILITIES ACT (ADA)

OMEGA provides access to our facility, programs, and services in compliance with the Americans with Disability Act. OMEGA rents office space from the Guernsey County Commissioners which is accessible. All board meetings and other public meetings are conducted at locations that are also accessible. As documented in OMEGA's public participation plan, accessibility is one of the items that is checked and verified prior to selecting a venue for a public meeting. Upon request, OMEGA will also make reasonable accommodation for the hearing impaired by providing sign language assistance, or specially printed materials for the visually impaired.

Approximately 15.5% of the population in the OMEGA district is disabled. **Figure 6** (*following page*) shows the distribution of the disabled persons throughout the region. As part of the Regional Coordinated Transportation Plan, OMEGA has worked closely with transportation service providers, human service agencies, and the disabled community to develop strategies to improve transportation and mobility services in the region.

8.0 PUBLIC PARTICIPATION

In 2013, OMEGA developed a Public Participation Plan to ensure public involvement in the transportation planning process especially as related to the transportation planning services provided by OMEGA, the long-range transportation plan, the Regional Transportation Improvement Plan, coordination with state-wide transportation planning activities, and any other special transportation studies that may be conducted by OMEGA. OMEGA has subsequently updated the Public Participation Plan in 2019 and again in 2023 (see **Exhibit B**). The Public Participation Plan has been developed to comply with the federal regulations 23 USC 450.210 and 450.316.

9.0 TITLE VI COMPLAINT PROCEDURES

To date, OMEGA has not received any Title VI complaints. To address complaints, OMEGA has adopted the following procedure.

- A. Any person who believes that he or she has been excluded from participation in or has been denied the benefits or services of any of our programs or activities based on race, color, national origin, sex, age, disability, or income status may file a complaint of discrimination under Title VI, other nondiscrimination statutes, and executive orders. A complaint must be filed no later than 180 days after the date of the last instance of alleged discrimination.
- B. Upon receipt of the complaint, OMEGA will first determine if the complaint is within OMEGA's jurisdiction, acceptability of the complaint, and need for additional information. OMEGA will also acknowledge receipt of the complaint by notifying the complainant by e-mail or letter.
- C. If the complaint is determined to be within OMEGA's jurisdiction, then OMEGA will log the complaint and assign or designate a staff person to investigate the merit of the complaint.
- D. The OMEGA investigator will prepare an investigative report for the OMEGA Executive Director's review.
- E. The investigative report and its findings shall be sent to OMEGA's legal counsel for review.
- F. The OMEGA investigator will review any comments or recommendations from OMEGA's legal counsel. The investigator will discuss the report and recommendations with the Executive Director. The report will be modified as needed.
- G. The OMEGA investigative report and a copy of the complaint will be forwarded to the appropriate oversight agency (for example, the Ohio Department of Transportation Division of Equal Opportunity (DoEO) and FHWA and/or FTA), providing the federally funded assistance.
- H. FHWA is responsible for making the final determination in coordination with DoEO regarding Title VI complaints.
- I. Once complaint determination becomes final, the parties will be properly notified of the resolution of the complaint, including recommendations to remedy any discriminatory practice – if such practice is identified, and any appeal rights.

- J. Additionally, a complaint may be filed directly with the Ohio Department of Transportation online at <http://www.dot.state.oh.us/Divisions/ODI/EqualOpportunity/Pages/TitleVI.aspx> or by using the following contact information: Ohio Department of Transportation, Office of Equal Opportunity, 1980 West Broad Street, Mail Stop 3270, Columbus, Ohio 43223; 614.466.3264; Toll-Free: 1.877.845.5058; Ohio Relay Service: 1.800.750.0750.
- K. Further, a complaint may be filed directly with the Federal Highway Administration online at <https://www.fhwa.dot.gov/civilrights/file/titlevi.cfm> or by using the following contact information: Federal Highway Administration, Office of Civil Rights, 1200 New Jersey Avenue, SE, 8th Floor E81-105, Washington, D.C. 20590; 202.366.0693; FHWA.TitleVIcomplaints@dot.gov.

For more information regarding the OMEGA Title VI complaint process, please contact:

Dr. Vicki King-Maple
OMEGA Executive Director
326 Highland Avenue, Suite B
Cambridge, OH 43725
(740) 439-4471, ext. 204
vmaple@omegadistrict.org

A copy of this procedure and complaint form are available on OMEGA's website, www.omegadistrict.org. A copy of the complaint form is also available in **Exhibit C**.

Currently Dr. King-Maple is the Title VI Coordinator for OMEGA; however, that may change as additional staff receive training.

1 - INTRODUCTION

The Ohio Mid-Eastern Governments Association (OMEGA) is organized as a Council of Governments pursuant to Section 167 of the Ohio Revised Code and is designated by the Appalachian Regional Commission (ARC) as a Local Development District and by the US Department of Commerce, Economic Development Administration (EDA), as an Economic Development District. OMEGA is a collaborative body of member governments that serves as a facilitator between state and federal government agencies and local entities to provide opportunities in economic and community development through networking, education, planning, research, and allocation of resources. OMEGA's mission is to provide a pathway to enhance community and economic growth in the region.

On January 27, 2016, Governor John Kasich, pursuant to United States Code, Title 23, Section 135 (m), officially designated OMEGA as an Ohio Regional Transportation Planning Organization (RTPO), through the Ohio Department of Transportation (ODOT). The OMEGA RTPO includes Carroll, Columbiana, Coshocton, Guernsey, Harrison, Holmes, Muskingum, and Tuscarawas counties.

For consistency and transparency throughout the organization, OMEGA staff will adhere to the Public Participation Plan for all public outreach activities, regardless of funding source.

OMEGA's Public Participation Plan includes:

- **Goals and Objectives**
- **Strategies and Tools**
- **Program Evaluation**

This plan is designed to educate the public on the process and issues involved in transportation planning, community and economic development planning, and grant writing/administration. This plan will also outline the associated activities and mandated federal public participation requirements prior to approval of any project receiving federal funding, in whole or in part.

The Public Participation Plan will recognize participants interested in or affected by the activities linked to plans and programs. This is achieved through direct mailings to interested parties, as well as utilizing indirect contact with the public through universal methods such as advertisements and notices in newspapers, press releases and other mass media associated activities, and to the maximum extent possible, in electronic format.

The Public Participation Plan outlines the methods that will be used by OMEGA to solicit Public Participation and to inform and educate the public regarding the purpose and development and implementation of planning documents and grant applications. Information disseminated must be clear, concise, and represent a solid foundation that allows for the public to provide their input on recommendations that will result from the planning process conducted by OMEGA.

To enhance this effort, OMEGA proposes to expand various visualization techniques to be more “user friendly” for those participants not traditionally involved in developing/reviewing the transportation planning process, enabling complex concepts to be easily understood.

A key component of this Public Participation Plan is the identification and engagement of stakeholders. Stakeholders are individuals and/or groups who have a direct interest, involvement, or are generally affected by projects, programs, or plans. Identifying “interested parties” outside of the formal organizational structure of OMEGA is necessary to obtain adequate public input. Stakeholders commonly include but are not limited to:

- Elected Officials
- People who live in project area
- Businesses in project area
- Civic and community associations
- Environmental or special interest groups
- State and local agencies responsible for land use management, natural resources, conservation, economic development, community planning, and historic preservation groups as appropriate

2 - GOALS AND OBJECTIVES

OMEGA is committed to developing a proactive public involvement process which provides complete information, timely public notice, full public access to key decisions, and supports early and continuing involvement of the public in developing of planning documents and grant applications.

Specific goals and objectives include:

- Provide maximum opportunity for public involvement in consultation with all interested parties who participate in the planning process.
- Consult with representatives from state and local agencies, and public officials responsible for land use management, natural resources, environmental protection, conservation, and historic preservation.
- Guide and facilitate meaningful discussion throughout the planning process, as well as confirm that stakeholders, interest groups, and the general public may comment on the development of all planning documents.
- Provide a fully engaged public forum between those decision-making entities from state and local agencies, public officials, and citizens concerning transportation or community development planning issues and the participation process.
- Provide reasonable opportunities for public input and for interested parties to comment on the content of all planning documents.
- Bring a diverse cross-section of the public into the public policy decision making process.

- Maintain meaningful public participation from the early stages of the planning process.
- Utilize combinations of public participation and visualization techniques to meet the needs of the general public.
- Reach out to traditionally underserved communities, including low income, the elderly, persons with disabilities, and minority populations to ensure environmental justice issues are addressed.
- Educate public on transportation and community development needs and planning.
- Comply with Title VI requirements.

In order to achieve the goals and objectives outlined above, several core components are included in the participation process including:

- Confirm that stakeholders, interest groups, and the general public have the opportunity to comment on community and economic development and transportation plans and programs.
- Involve key stakeholders early and throughout the planning process.
- Personalize public participation meetings and activities to obtain productive input.
- Expand visualization techniques to present transportation and community and economic development plans and programs.
- When practical, publish transportation plans and programs in electronic format, such as on the agency web site.
- Develop relationships with local media.
- Review meeting locations prior to event for compliance with Title VI and provide reasonable accommodations to meet these requirements.

3 - STRATEGIES AND TOOLS

Effective public participation is a key component to the success of OMEGA's transportation, economic, and community development planning process. Various techniques are needed to engage the public in the decision-making process. As appropriate, new techniques will be incorporated as they become available and are shown to be effective.

To meet the goals and objectives listed in Section 2, OMEGA will implement the following:

- Form a Citizens Advisory Board
- Maintain OMEGA's website with transportation, economic, and community development planning elements
- Expand media interactions
- Develop public outreach program
- Develop formal public review program
- Conduct regular transportation outreach meetings

These tools will be adjusted as needed, based upon effectiveness of public engagement.

3.1 Citizens Advisory Board

OMEGA's Executive Board which also serves as the Policy Advisory Board has formally adopted a resolution to establish a Citizens Advisory Board (see Appendix A). The purpose of the Citizens Advisory Board is to provide assurance that the general public is represented in the development of the Regional Transportation Plan and is aware of the activities of the RTPO. The Citizens Advisory Board will consider methods and techniques of maximizing and insuring citizen representation and participation in the planning, deliberations, and activities of the RTPO. Membership in the Citizens Advisory Board is open to all private citizens in the RTPO.

This Board will meet semi-annually with the initial meeting of the reconvened board to be held during the first quarter of state fiscal year 2025. Based upon the wide geographic coverage of the OMEGA's region, in-person meetings will be held in Tuscarawas County which is centrally located for the region. All meetings will be open to the public and will be formally announced in the local newspapers which serve the planning area. Pertinent information related to the development of the transportation plan and community and economic development plans will be provided at these meetings. OMEGA will encourage involvement through promotion of opportunities for the general public to become active in the process.

3.2 Website

OMEGA will maintain the existing website, www.omegadistrict.org, to include transportation and community and economic development components. These components will include meeting notices, meeting minutes, maps, data, recommended projects, etc. In addition, the general public will be able to post comments and discuss transportation planning issues. OMEGA will respond to questions and concerns. OMEGA will maintain email listservs that will include members of the Executive Board, Transportation Advisory Committee, Citizens Advisory Board, Membership, and other members of the public who request to join.

3.3 Media

OMEGA will actively engage the news media throughout the development of major planning activities, such as the Long-Range Transportation Plan. News releases announcing the date, time, and location for meetings of the Citizens Advisory Board, the Transportation Advisory Committee, and the Executive Board will be provided no fewer than three days prior to the meeting with reminders. All these meetings will be open to the public. Media releases will also be provided as major components of the planning process are completed.

3.4 Public Outreach

OMEGA will proactively engage the general public through a combination of all or a combination of the following:

- Community Events/Town Hall Meetings
- Press Releases
- Electronic communications
- Direct Mailings
- Public opinion surveys
- Consideration of Public Comments

3.5 Community Events

OMEGA will provide the general public with the opportunity to review, comment, and provide feedback on all planning documents, reports, and activities by setting up displays at public events, such as county fairs, festivals, and other local events. OMEGA will also set up displays and provide information on the planning process at public locations such as libraries, malls, and other places that are open to the general public.

3.6 Press Releases

OMEGA will distribute press releases to the local newspapers, radio stations, and television stations that cover the planning area. The purpose of these news releases will be to keep the public informed of the transportation planning progress including major milestones, solicitation of public comment, meeting notices, and other pertinent updates.

3.7 Direct Mailings

Where appropriate, OMEGA will also send direct mailings to impacted organizations and individuals who may not have access to computers or other media outlets. Such direct mailings may be limited to those identified by other organizations, such as transportation service providers or other agencies. These direct mailings will also be limited to key milestones of planning document development.

3.8 Public Opinion Surveys

OMEGA may develop and distribute public opinion surveys to solicit more project specific information via the organization website, social media, and during community events.

3.9 Formal Public Review

OMEGA will make all planning documents available for public review. Electronic copies of the draft and final versions will be placed on the organization website. OMEGA will send out press releases to all local newspapers and media outlets. Printed copies may be requested for those unable to access an electronic copy. Printed copies will also be available at the OMEGA office. Upon request, OMEGA will provide alternative data formats for individuals who are visually impaired or who are not proficient in English.

3.10 Meetings

In addition to the semi-annual Citizens Advisory Board meetings, the Transportation Advisory Committee meets quarterly, and the Executive Board meets at least seven times each year. Email notifications are sent to committee members and a press release to the local media is issued at least ten days prior to the meeting. These meetings are also open to the public.

Additional public outreach meetings may be scheduled during the development of planning documents and grant applications. These meetings will be advertised at least 72 hours prior to the meeting in all applicable newspapers/media outlets. All meeting locations will be ADA-compliant to ensure all members of the public may access the meeting.

3.11 Consideration of Public Comments

Public comments from the various sources will be organized and analyzed, where appropriate, so that the suggestions may be considered by OMEGA staff and decision makers. Summaries will be prepared and disseminated to the Citizens Advisory Board, the Transportation Advisory Committee, and the Executive Board as appropriate. OMEGA will respond to comments received and to those who participated in order to demonstrate the results of their involvement. This will be done via direct mailings or e-mail.

4 - PROGRAM EVALUATION

At the end of each fiscal year, OMEGA will review the Public Participation Plan to assess the effectiveness of the program and to adjust the strategies and tools as needed to more fully engage the public in this process.

COMPLAINT FORM

TITLE VI COMPLAINT FORM

Title VI Complaint Procedure:

- A. Any individual, group of individuals, or entity that believes they have been subjected to discrimination prohibited by Title VI nondiscrimination provisions may file a written complaint with the **Ohio Mid-Eastern Governments Association (OMEGA)** Executive Director. A formal complaint must be filed within 180 calendar days of the alleged occurrence. However, the complainant has the right to also file a complaint with state division of Equal Opportunity and with the appropriate federal agency.
- B. Upon receipt of the complaint, **OMEGA** will determine **OMEGA** jurisdiction, acceptability of the complaint, and need for additional information. **OMEGA** will also acknowledge receipt of the complaint by notifying the complainant.
- C. If the complaint is determined to be within **OMEGA** jurisdiction, then **OMEGA** will log the complaint and assign or designate a staff person to investigate the merit of the complaint.
- D. **OMEGA** investigator will prepare an investigative report for **OMEGA** Executive Director's review.
- E. The investigative report and its findings shall be sent to **OMEGA** legal counsel for review.
- F. **OMEGA** investigator will review any comments or recommendations from **OMEGA's** legal counsel. The investigator will discuss the report and recommendations with the Executive Director. The report will be modified as needed.
- G. **OMEGA** investigative report and a copy of the complaint will be forwarded to the appropriate oversight agency (for example, the Ohio Department of Transportation Division of Equal Opportunity (DoEO) and FHWA), providing the federally funded assistance.
- H. FHWA is responsible for making the final determination in coordination with DoEO regarding Title VI complaints.
- I. Once complaint determination becomes final, the parties will be properly notified of the resolution of the complaint, including recommendations to remedy any discriminatory practice – if such practice is identified, and any appeal rights.

For more information regarding the **OMEGA** Title VI complaint process, please contact:

EXHIBIT D

TITLE VI AND NON-DISCRIMINATION ASSURANCES

The United States Department of Transportation (USDOT)

Standard Title VI/Non-Discrimination Assurances

DOT Order No. 1050.2A

The Ohio Mid-Eastern Governments Association (herein referred to as the "Recipient"), **HEREBY AGREES THAT**, as a condition to receiving any Federal financial assistance from the U.S. Department of Transportation (DOT), through Federal Highway Administration and Federal Transit Administration, is subject to and will comply with the following:

Statutory/Regulatory Authorities

- Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d *et seq.*, 78 stat. 252), (prohibits discrimination on the basis of race, color, national origin);
- 49 C.F.R. Part 21 (entitled *Non-discrimination In Federally-Assisted Programs Of The Department Of Transportation—Effectuation Of Title VI Of The Civil Rights Act Of 1964*);
- 28 C.F.R. section 50.3 (U.S. Department of Justice Guidelines for Enforcement of Title VI of the Civil Rights Act of 1964);

Modal Operating Administration may include additional Statutory/Regulatory Authorities here.

The preceding statutory and regulatory cites hereinafter are referred to as the "Acts" and "Regulations," respectively.

General Assurances

In accordance with the Acts, the Regulations, and other pertinent directives, circulars, policy, memoranda, and/or guidance, the Recipient hereby gives assurance that it will promptly take any measures necessary to ensure that:

"No person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity," for which the Recipient receives Federal financial assistance from DOT, including the Federal Highway Administration and Federal Transit Administration.

The Civil Rights Restoration Act of 1987 clarified the original intent of Congress, with respect to Title VI and other Non-discrimination requirements (The Age Discrimination Act of 1975, and Section 504 of the Rehabilitation Act of 1973), by restoring the broad, institutional-wide scope and coverage of these non-discrimination statutes and requirements to include all programs and activities of the Recipient, so long as any portion of the program is Federally assisted.

Modal Operating Administration may include additional General Assurances in this section, or reference an addendum here.

Specific Assurances

More specifically, and without limiting the above general Assurance, the Recipient agrees with and gives the following Assurances with respect to its Federally assisted Highway Planning and Construction and Enhanced Mobility of Seniors and Individuals with Disabilities:

1. The Recipient agrees that each "activity," "facility," or "program," as defined in §§ 21.23 (b) and 21.23 (e) of 49 C.F.R. § 21 will be (with regard to an "activity") facilitated, or will be (with regard to a

“facility”) operated, or will be (with regard to a “program”) conducted in compliance with all requirements imposed by, or pursuant to the Acts and the Regulations.

2. The Recipient will insert the following notification in all solicitations for bids, Requests For Proposals for work, or material subject to the Acts and the Regulations made in connection with all (Highway Planning and Construction and Enhanced Mobility of Seniors and Individuals with Disabilities and, in adapted form, in all proposals for negotiated agreements regardless of funding source

“The Ohio Mid-Eastern Governments Association, in accordance with the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252, 42 U.S.C. §§ 2000d to 2000d-4) and the Regulations, hereby notifies all bidders that it will affirmatively ensure that any contract entered into pursuant to this advertisement, disadvantaged business enterprises will be afforded full and fair opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, or national origin in consideration for an award.”

3. The Recipient will insert the clauses of Appendix A and E of this Assurance in every contract or agreement subject to the Acts and the Regulations.
4. The Recipient will insert the clauses of Appendix B of this Assurance, as a covenant running with the land, in any deed from the United States effecting or recording a transfer of real property, structures, use, or improvements thereon or interest therein to a Recipient.
5. That where the Recipient receives Federal financial assistance to construct a facility, or part of a facility, the Assurance will extend to the entire facility and facilities operated in connection therewith.
6. That where the Recipient receives Federal financial assistance in the form, or for the acquisition of real property or an interest in real property, the Assurance will extend to rights to space on, over, or under such property.
7. That the Recipient will include the clauses set forth in Appendix C and Appendix D of this Assurance, as a covenant running with the land, in any future deeds, leases, licenses, permits, or similar instruments entered into by the Recipient with other parties:
 - a. for the subsequent transfer of real property acquired or improved under the applicable activity, project, or program; and
 - b. for the construction or use of, or access to, space on, over, or under real property acquired or improved under the applicable activity, project, or program.
8. That this Assurance obligates the Recipient for the period during which Federal financial assistance is extended to the program, except where the Federal financial assistance is to provide, or is in the form of, personal property, or real property, or interest therein, or structures or improvements thereon, in which case the Assurance obligates the Recipient, or any transferee for the longer of the following periods:
 - a. the period during which the property is used for a purpose for which the Federal financial assistance is extended, or for another purpose involving the provision of similar services or benefits; or
 - b. the period during which the Recipient retains ownership or possession of the property.
9. The Recipient will provide for such methods of administration for the program as are found by the Secretary of Transportation or the official to whom he/she delegates specific authority to give reasonable guarantee that it, other recipients, sub-recipients, sub-grantees, contractors, subcontractors, consultants, transferees, successors in interest, and other participants of Federal financial assistance

under such program will comply with all requirements imposed or pursuant to the Acts, the Regulations, and this Assurance.

10. The Recipient agrees that the United States has a right to seek judicial enforcement with regard to any matter arising under the Acts, the Regulations, and this Assurance.

Modal Operating Administration may include additional Specific Assurances in this section.

By signing this ASSURANCE, *Ohio Mid-Eastern Governments Association* also agrees to comply (and require any sub-recipients, sub-grantees, contractors, successors, transferees, and/or assignees to comply) with all applicable provisions governing the *Ohio Mid-Eastern Governments Association* access to records, accounts, documents, information, facilities, and staff. You also recognize that you must comply with any program or compliance reviews, and/or complaint investigations conducted by the *Ohio Mid-Eastern Governments Association*. You must keep records, reports, and submit the material for review upon request to *Ohio Mid-Eastern Governments Association*, or its designee in a timely, complete, and accurate way. Additionally, you must comply with all other reporting, data collection, and evaluation requirements, as prescribed by law or detailed in program guidance.

Ohio Mid-Eastern Governments Association gives this ASSURANCE in consideration of and for obtaining any Federal grants, loans, contracts, agreements, property, and/or discounts, or other Federal-aid and Federal financial assistance extended after the date hereof to the recipients by the U.S. Department of Transportation under the Highway Planning and Construction and Enhanced Mobility of Seniors and Individuals with Disabilities. This ASSURANCE is binding on *Ohio*, other recipients, sub-recipients, sub-grantees, contractors, subcontractors and their subcontractors', transferees, successors in interest, and any other participants in the Highway Planning and Construction and Enhanced Mobility of Seniors and Individuals with Disabilities. The person(s) signing below is authorized to sign this ASSURANCE on behalf of the Recipient.

APPENDIX A

During the performance of this contract, the contractor, for itself, its assignees, and successors in interest (hereinafter referred to as the "contractor") agrees as follows:

1. **Compliance with Regulations:** The contractor (hereinafter includes consultants) will comply with the Acts and the Regulations relative to Non-discrimination in Federally-assisted programs of the U.S. Department of Transportation, *Federal Highway Administration and Federal Transit Administration*, as they may be amended from time to time, which are herein incorporated by reference and made a part of this contract.
2. **Non-discrimination:** The contractor, with regard to the work performed by it during the contract, will not discriminate on the grounds of race, color, or national origin in the selection and retention of subcontractors, including procurements of materials and leases of equipment. The contractor will not participate directly or indirectly in the discrimination prohibited by the Acts and the Regulations, including employment practices when the contract covers any activity, project, or program set forth in Appendix B of 49 CFR Part 21.
3. **Solicitations for Subcontracts, Including Procurements of Materials and Equipment:** In all solicitations, either by competitive bidding, or negotiation made by the contractor for work to be performed under a subcontract, including procurements of materials, or leases of equipment, each potential subcontractor or supplier will be notified by the contractor of the contractor's obligations under this contract and the Acts and the Regulations relative to Non-discrimination on the grounds of race, color, or national origin.
4. **Information and Reports:** The contractor will provide all information and reports required by the Acts, the Regulations, and directives issued pursuant thereto and will permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the Recipient or the *Title of Modal Operating Administration* to be pertinent to ascertain compliance with such Acts, Regulations, and instructions. Where any information required of a contractor is in the exclusive possession of another who fails or refuses to furnish the information, the contractor will so certify to the Recipient or the *(Title of Modal Operating Administration)*, as appropriate, and will set forth what efforts it has made to obtain the information.
5. **Sanctions for Noncompliance:** In the event of a contractor's noncompliance with the Non-discrimination provisions of this contract, the Recipient will impose such contract sanctions as it or the *(Title of Modal Operating Administration)* may determine to be appropriate, including, but not limited to:
 - a. withholding payments to the contractor under the contract until the contractor complies; and/or
 - b. cancelling, terminating, or suspending a contract, in whole or in part.
6. **Incorporation of Provisions:** The contractor will include the provisions of paragraphs one through six in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Acts, the Regulations and directives issued pursuant thereto. The contractor will take action with respect to any subcontract or procurement as the Recipient or the *(Title of Modal Operating Administration)* may direct as a means of enforcing such provisions including sanctions for noncompliance. Provided, that if the contractor becomes involved in, or is threatened with litigation by a subcontractor, or supplier because of such direction, the contractor may request the Recipient to enter into any litigation to protect the interests of the Recipient. In addition, the contractor may request the United States to enter into the litigation to protect the interests of the United States.

APPENDIX B NOT APPLICABLE

CLAUSES FOR DEEDS TRANSFERRING UNITED STATES PROPERTY

The following clauses will be included in deeds effecting or recording the transfer of real property, structures, or improvements thereon, or granting interest therein from the United States pursuant to the provisions of Assurance 4:

NOW, THEREFORE, the U.S. Department of Transportation as authorized by law and upon the condition that the (Title of Recipient) will accept title to the lands and maintain the project constructed thereon in accordance with (Name of Appropriate Legislative Authority), the Regulations for the Administration of (Name of Appropriate Program), and the policies and procedures prescribed by the (Federal Highway Administration and Federal Transit Administration) of the U.S. Department of Transportation in accordance and in compliance with all requirements imposed by Title 49, Code of Federal Regulations, U.S. Department of Transportation, Subtitle A, Office of the Secretary, Part 21, Non-discrimination in Federally-assisted programs of the U.S. Department of Transportation pertaining to and effectuating the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252; 42 U.S.C. § 2000d to 2000d-4), does hereby remise, release, quitclaim and convey unto the (Title of Recipient) all the right, title and interest of the U.S. Department of Transportation in and to said lands described in Exhibit A attached hereto and made a part hereof.

(HABENDUM CLAUSE)

TO HAVE AND TO HOLD said lands and interests therein unto (Title of Recipient) and its successors forever, subject, however, to the covenants, conditions, restrictions and reservations herein contained as follows, which will remain in effect for the period during which the real property or structures are used for a purpose for which Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits and will be binding on the (Title of Recipient), its successors and assigns.

The (Title of Recipient), in consideration of the conveyance of said lands and interests in lands, does hereby covenant and agree as a covenant running with the land for itself, its successors and assigns, that (1) no person will on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination with regard to any facility located wholly or in part on, over, or under such lands hereby conveyed [,] [and]* (2) that the (Title of Recipient) will use the lands and interests in lands and interests in lands so conveyed, in compliance with all requirements imposed by or pursuant to Title 49, Code of Federal Regulations, U.S. Department of Transportation, Subtitle A, Office of the Secretary, Part 21, Non-discrimination in Federally-assisted programs of the U.S. Department of Transportation, Effectuation of Title VI of the Civil Rights Act of 1964, and as said Regulations and Acts may be amended[, and (3) that in the event of breach of any of the above-mentioned non-discrimination conditions, the Department will have a right to enter or re-enter said lands and facilities on said land, and that above described land and facilities will thereon revert to and vest in and become the absolute property of the U.S. Department of Transportation and its assigns as such interest existed prior to this instruction].*

(*Reverter clause and related language to be used only when it is determined that such a clause is necessary in order to make clear the purpose of Title VI.)

APPENDIX C **NOT APPLICABLE**

CLAUSES FOR TRANSFER OF REAL PROPERTY ACQUIRED OR IMPROVED UNDER THE ACTIVITY, FACILITY, OR PROGRAM

The following clauses will be included in deeds, licenses, leases, permits, or similar instruments entered into by the (Title of Recipient) pursuant to the provisions of Assurance 7(a):

- A. The (grantee, lessee, permittee, etc. as appropriate) for himself/herself, his/her heirs, personal representatives, successors in interest, and assigns, as a part of the consideration hereof, does hereby covenant and agree [in the case of deeds and leases add "as a covenant running with the land"] that:
 - 1. In the event facilities are constructed, maintained, or otherwise operated on the property described in this (deed, license, lease, permit, etc.) for a purpose for which a U.S. Department of Transportation activity, facility, or program is extended or for another purpose involving the provision of similar services or benefits, the (grantee, licensee, lessee, permittee, etc.) will maintain and operate such facilities and services in compliance with all requirements imposed by the Acts and Regulations (as may be amended) such that no person on the grounds of race, color, or national origin, will be excluded from participation in, denied the benefits of, or be otherwise subjected to discrimination in the use of said facilities.
- B. With respect to licenses, leases, permits, etc., in the event of breach of any of the above Non-discrimination covenants, (Title of Recipient) will have the right to terminate the (lease, license, permit, etc.) and to enter, re-enter, and repossess said lands and facilities thereon, and hold the same as if the (lease, license, permit, etc.) had never been made or issued.*
- C. With respect to a deed, in the event of breach of any of the above Non-discrimination covenants, the (Title of Recipient) will have the right to enter or re-enter the lands and facilities thereon, and the above described lands and facilities will there upon revert to and vest in and become the absolute property of the (Title of Recipient) and its assigns.*

(*Reverter clause and related language to be used only when it is determined that such a clause is necessary to make clear the purpose of Title VI.)

APPENDIX D **NOT APPLICABLE**

CLAUSES FOR CONSTRUCTION/USE/ACCESS TO REAL PROPERTY ACQUIRED UNDER THE ACTIVITY, FACILITY OR PROGRAM:

The following clauses will be included in deeds, licenses, permits, or similar instruments/agreements entered into by (Title of Recipient) pursuant to the provisions of Assurance 7(b):

- A. The (grantee, licensee, permittee, etc., as appropriate) for himself/herself, his/her heirs, personal representatives, successors in interest, and assigns, as a part of the consideration hereof, does hereby covenant and agree (in the case of deeds and leases add, "as a covenant running with the land") that (1) no person on the ground of race, color, or national origin, will be excluded from participation in, denied the benefits of, or be otherwise subjected to discrimination in the use of said facilities, (2) that in the construction of any improvements on, over, or under such land, and the furnishing of services thereon, no person on the ground of race, color, or national origin, will be excluded from participation in, denied the benefits of, or otherwise be subjected to discrimination, (3) that the (grantee, licensee, lessee, permittee, etc.) will use the premises in compliance with all other requirements imposed by or pursuant to the Acts and Regulations, as amended, set forth in this Assurance.
- B. With respect to (licenses, leases, permits, etc.), in the event of breach of any of the above Non-discrimination covenants, (Title of Recipient) will have the right to terminate the (license, permit, etc., as appropriate) and to enter or re-enter and repossess said land and the facilities thereon, and hold the same as if said (license, permit, etc., as appropriate) had never been made or issued.*
- C. With respect to deeds, in the event of breach of any of the above Non-discrimination covenants, (Title of Recipient) will there upon revert to and vest in and become the absolute property of (Title of Recipient) and its assigns.*

(*Reverter clause and related language to be used only when it is determined that such a clause is necessary to make clear the purpose of Title VI.)

APPENDIX E

During the performance of this contract, the contractor, for itself, its assignees, and successors in interest (hereinafter referred to as the "contractor") agrees to comply with the following non-discrimination statutes and authorities; including but not limited to:

Pertinent Non-Discrimination Authorities:

- Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d *et seq.*, 78 stat. 252), (prohibits discrimination on the basis of race, color, national origin); and 49 CFR Part 21.
- The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, (42 U.S.C. § 4601), (prohibits unfair treatment of persons displaced or whose property has been acquired because of Federal or Federal-aid programs and projects);
- Federal-Aid Highway Act of 1973, (23 U.S.C. § 324 *et seq.*), (prohibits discrimination on the basis of sex);
- Section 504 of the Rehabilitation Act of 1973, (29 U.S.C. § 794 *et seq.*), as amended, (prohibits discrimination on the basis of disability); and 49 CFR Part 27;
- The Age Discrimination Act of 1975, as amended, (42 U.S.C. § 6101 *et seq.*), (prohibits discrimination on the basis of age);
- Airport and Airway Improvement Act of 1982, (49 USC § 471, Section 47123), as amended, (prohibits discrimination based on race, creed, color, national origin, or sex);
- The Civil Rights Restoration Act of 1987, (PL 100-209), (Broadened the scope, coverage and applicability of Title VI of the Civil Rights Act of 1964, The Age Discrimination Act of 1975 and Section 504 of the Rehabilitation Act of 1973, by expanding the definition of the terms "programs or activities" to include all of the programs or activities of the Federal-aid recipients, sub-recipients and contractors, whether such programs or activities are Federally funded or not);
- Titles II and III of the Americans with Disabilities Act, which prohibit discrimination on the basis of disability in the operation of public entities, public and private transportation systems, places of public accommodation, and certain testing entities (42 U.S.C. §§ 12131 – 12189) as implemented by Department of Transportation regulations at 49 C.F.R. parts 37 and 38;
- The Federal Aviation Administration's Non-discrimination statute (49 U.S.C. § 47123) (prohibits discrimination on the basis of race, color, national origin, and sex);
- Executive Order 12898, Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations, which ensures discrimination against minority populations by discouraging programs, policies, and activities with disproportionately high and adverse human health or environmental effects on minority and low-income populations;
- Executive Order 13166, Improving Access to Services for Persons with Limited English Proficiency, and resulting agency guidance, national origin discrimination includes discrimination because of limited English proficiency (LEP). To ensure compliance with Title VI, you must take reasonable steps to ensure that LEP persons have meaningful access to your programs (70 Fed. Reg. at 74087 to 74100);
- Title IX of the Education Amendments of 1972, as amended, which prohibits you from discriminating because of sex in education programs or activities (20 U.S.C. 1681 *et seq.*).

EXHIBIT E

RESOLUTION

APPENDIX D – Glossary of Definitions, Abbreviations, & Funding Types

DEFINITIONS, ABBREVIATIONS, & FUNDING TYPES

The following definitions and abbreviations are used throughout the project listings to describe various characteristics of the project, including location, type, funding, phase, etc.

ABBREVIATIONS

Abbreviation	Description
Map No.	Number identifying project on map.
PID No.	The Project Identification Number assigned to a project by ODOT.
Co-Rte-Section	The official project title assigned by ODOT consisting of a three-letter county
Length Location and Termini	Contains the name of the city, township, or village in which the project begins. Termini are described in terms of prominent intersecting streets or county lines.
Type of Work	A brief description of the type of work to be performed.
FY	State Fiscal Year (FY 2018 begins on July 1, 2017).
Total Cost (000's)	Total cost of all project phases in current dollars and rounded off to the nearest thousands.
Project Sponsor	Contains the name of the city, township, or village in which the project begins. Termini are described in terms of prominent intersecting streets or county lines. Total cost of all project phases in current dollars and rounded off to the nearest thousands. The unit of government or agency that initiated the project, implementation responsibility and assigned local share.
Phase	P – Preliminary Engineering R – Right-of-Way Purchase C – Construction

FUNDING TYPES

ARC	Appalachian Regional Commission		NPS	National Park System
BR	Bridge Replacement/Rehabilitation		ODNR	Ohio Department of Natural Resources
CDBG	Community Development Block Grant		ODOD	Ohio Department of Development
CMAQ	Congestion Mitigation/Air Quality		OPWC	Ohio Public Works Commission
DISC	Discretionary Funding/High Priority		OTC	Ohio Turnpike Commission
GOA	Governor's Office of Appalachia		SIB	State Infrastructure Bank
HSIP	Highway Safety Improvement Program		SRTS	Safe Routes to School
IM	Interstate Maintenance		STP	Surface Transportation Block Grant Program
LOCAL	Local Funding		STATE	State/ODOT Funding
NHPP	National Highway Performance Program		STBG	Surface Transportation Block Grant
NHS	National Highway System		TAP	Transportation Alternatives Program

NP-151 - S Main Street Widening and Sidewalks

PID: NP-151	Project Name: S Main Street Widening and Sidewalks	Primary Work Category: Pedestrian Facilities	Sponsoring Agency: Killbuck, Village of	Air Quality Status: Exempt
ODOT Dist(s): 11	Locale: HOL	MPO(s) / RTPO(s): OMEGA	Performance Measures:	STIP Type: Group
Termini: E Front Street, Killbuck Village Limits (South)				Total Project Estimate: \$1,067,000

Description:

This project consists of widening Main Street (SR 60) from E. Front Street to the southern Village Corporation Limits to install a bike lane, which will be a continuation of the bike path that will be installed in the Village’s Streetscape and Trail Connections project and to allow more room for large vehicles to safely drive thru and make turns, replacement and installation of sidewalks, curb replacement, and the replacement of existing storm sewer catch basins. The street will be widened from 24’ to 32’ consisting of 2225 square yards of new pavement. The sidewalks will have 14,260 square feet put in along with new curb ramps throughout. There will be 3,700 linear feet of Type 6 curbs implemented along the widening. Along the curb there will be 14 catch basins replaced and moved to the new curb line.

NP-152 - Holmesville Streetscape & Trail Connections

PID: NP-152	Project Name: Holmesville Streetscape & Trail Connections	Primary Work Category: Bike Facility	Sponsoring Agency: Holmesville, Village of	Air Quality Status: Exempt
ODOT Dist(s): 11	Locale: HOL	MPO(s) / RTPO(s): OMEGA	Performance Measures:	STIP Type: Group
Termini: Northern village limits; Holmes County Trail - southern trailhead				Total Project Estimate: \$3,390,000

Description:

The Streetscape and Trail Connections project entails completing the missing link of the Holmes County Trail and bringing it through a revitalized downtown streetscape with gateway features, improved intersection safety, on-street parking, unified dark sky street lighting, and pedestrian amenities (searing, street trees, bike racks, charging stations, and crash receptacles). The new trail connection from the Holmes County Trail to downtown and the community park transforms Holmesville into a destination along the way for trail bikers, joggers, and the Amish population using horse and buggy mode of transportation.

APPENDIX F –
Rural Consultation & Public Involvement
Documentation

From: [Ohio Mid-Eastern Governments Association](#)
To: [Ben Turin](#)
Subject: Join OMEGA for the Rural Consultant Meetings: Contribute to the OMEGA Long Range Transportation & Community Development Plan; Learn about ODOT's Regional Transportation Improvement Plan
Date: Tuesday, September 3, 2024 3:34:16 PM

**Join OMEGA for the Rural Consultant Meetings:
Contribute to the OMEGA Long Range Transportation & Community
Development Plan;
Learn about ODOT's Regional Transportation Improvement Plan**

You are invited to join the Ohio Mid-Eastern Governments Association (OMEGA) for the upcoming Rural Consultation Meetings. The purpose is to learn about the Regional Transportation Improvement Plan (RTIP) and the OMEGA Long Range Transportation & Community Development Plan (LRTP). Plus, communities are welcomed to provide input for the RTIP's highlighted projects which ODOT has programed for fiscal years 2026-2029. The LRTP will outline OMEGA's plan for the region's future from 2025 to 2050 with project plans submitted by communities throughout the region.

Meetings will be held in a hybrid format as follows:

- **ODOT District 11 Communities (Carroll, Columbiana, Harrison, Holmes, and Tuscarawas Counties):** October 17, 2024, from 1:00 to 3:00 PM at the ODOT District 11 Office, located at 2201 Reiser Avenue SE, New Philadelphia, OH 44663. To attend in person, please register [here](#). To participate virtually, please use [this link](#).
- **ODOT District 5 Communities (Coshocton, Guernsey, and Muskingum Counties):** October 15, 2024, from 1:00 to 3:00 PM at the Muskingum County Conference & Welcome Center, located at 205 N 5th St, Zanesville, OH 43701. To attend in person, please register [here](#). To participate virtually, please register using [this link](#).

Additionally, there will be a makeup session for those who cannot attend their District Meetings. This meeting will take place on **October 23, 2024**, from **9:00 to 11:00 AM** at the **OMEGA Office**, located at 326 Highland Ave., Suite B, Cambridge, OH 43725. To attend in person, please register [here](#).

Your contributions are valuable, and we look forward to your participation and attention. Please contact Kennedy Webb, OMEGA's Public Information Officer, kwebb@omegadistrict.org or 740-502-7834, for scheduling details or questions about the

OMEGA and Local Leaders Map Out Upcoming and Ongoing Projects

October 15, 2024 by Shylin Costello

ZANESVILLE, OH – OMEGA made a pit stop in Zanesville on October 15th, giving local leaders a chance to map out future transportation projects.

The Ohio Mid-Eastern Governments Association held a Rural Consultation meeting to discuss upcoming and ongoing Ohio Department of Transportation projects. The meeting focused on the Regional Transportation Improvement Plan (RTIP) and OMEGA's Long-Range Transportation and Community Development Plan (LRTP). The event provided an opportunity for ODOT District 5 communities to offer input on RTIP's projects scheduled for the years 2026 through 2029. The LRTP will act as a blueprint for the region's future.

"We are going to be approaching 2026 on July 1st. That would be the short-range plan. The long-range plan, also known as the Long-Range Transportation and Development Plan, is a look at the next 25 years instead. This is basically our wish list of what we would like to see done in the region in the next 25 years. It's a big extensive list, it's got a lot of things that probably won't happen, but it's our hope for the future," OMEGA Transportation and Community Development Planner Josh Sliker said.

Attendees discussed several key projects planned for Interstate 70, Interstate 77, and US Route 22, along with plans to reconstruct aging bridges across the region.

"These are going to be pavement projects. Resurfacing of the pavement. We're also going to be discussing several bridges that are going to be reconstructed over the next couple years. We have a boat load of bridges in our region. Over 700 bridges. A vast majority of those are 70 plus years old," Sliker said.

For further details or more information, visit the OMEGA website.
